

### Welcome to Semester 1 (Terms 1 and 2), 2010

#### Message from the Dean

The Faculty of Business and Enterprise (FBE) offers:

- Commerce and business education of national and international standing
- Undergraduate programs structured by Swinburne's Professional

Learning Model to ensure that undergraduates are equipped with skill sets which are matched to contemporary industry needs

- A unique portfolio of innovative, relevant and practical graduate programs that are designed to fulfil the professional career needs of students
- Research that is focused and makes a major contribution to our understanding of the business world and to professional practice within it.

In recent years, the Australian government has been undertaking annual discipline-based assessments of teaching and learning quality in all Australian universities. We have ranked very well indeed in those assessments. In fact, we are one of only two business schools in Victoria to achieve Band A ranking for three years in a row.

That we figure so well in these external assessments is not surprising. The Faculty of Business and Enterprise is one of the smallest business faculties in Australia. This means students get to know their teaching staff, and teaching staff get to teach in a warm and intimate atmosphere that many other universities are unable to provide.

I hope you have a great semester with us!

*Prof Mike Donnelly  
Dean, Faculty of Business and Enterprise*
