

AMSI

AUSTRALIAN MATHEMATICAL
SCIENCES INSTITUTE

Professor Geoff Prince
Director

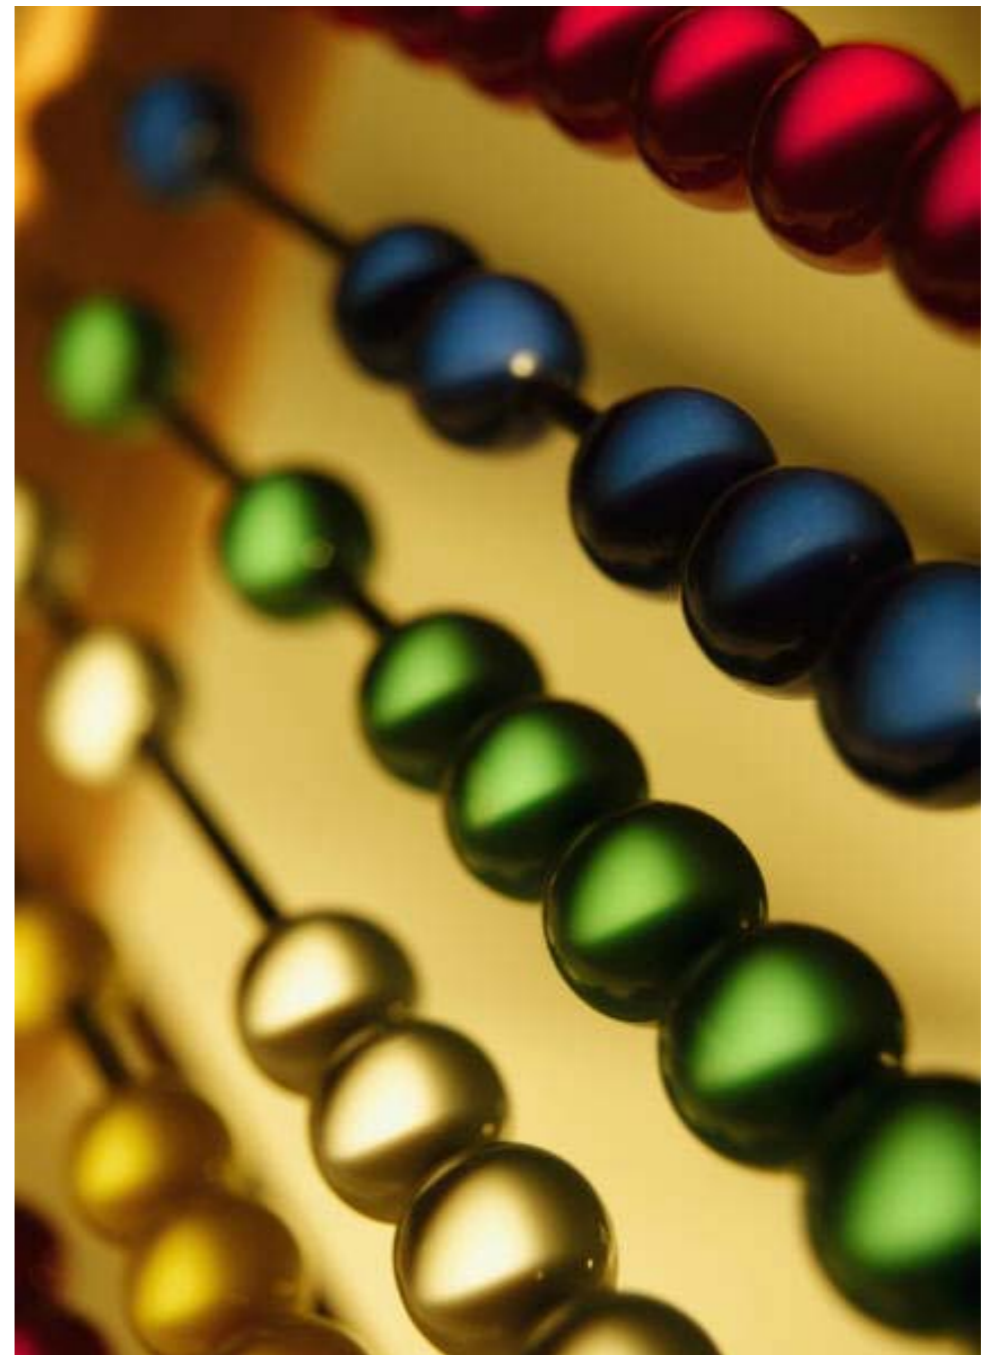

Introduction

[History](#)

[About Membership](#)

- [Members](#)

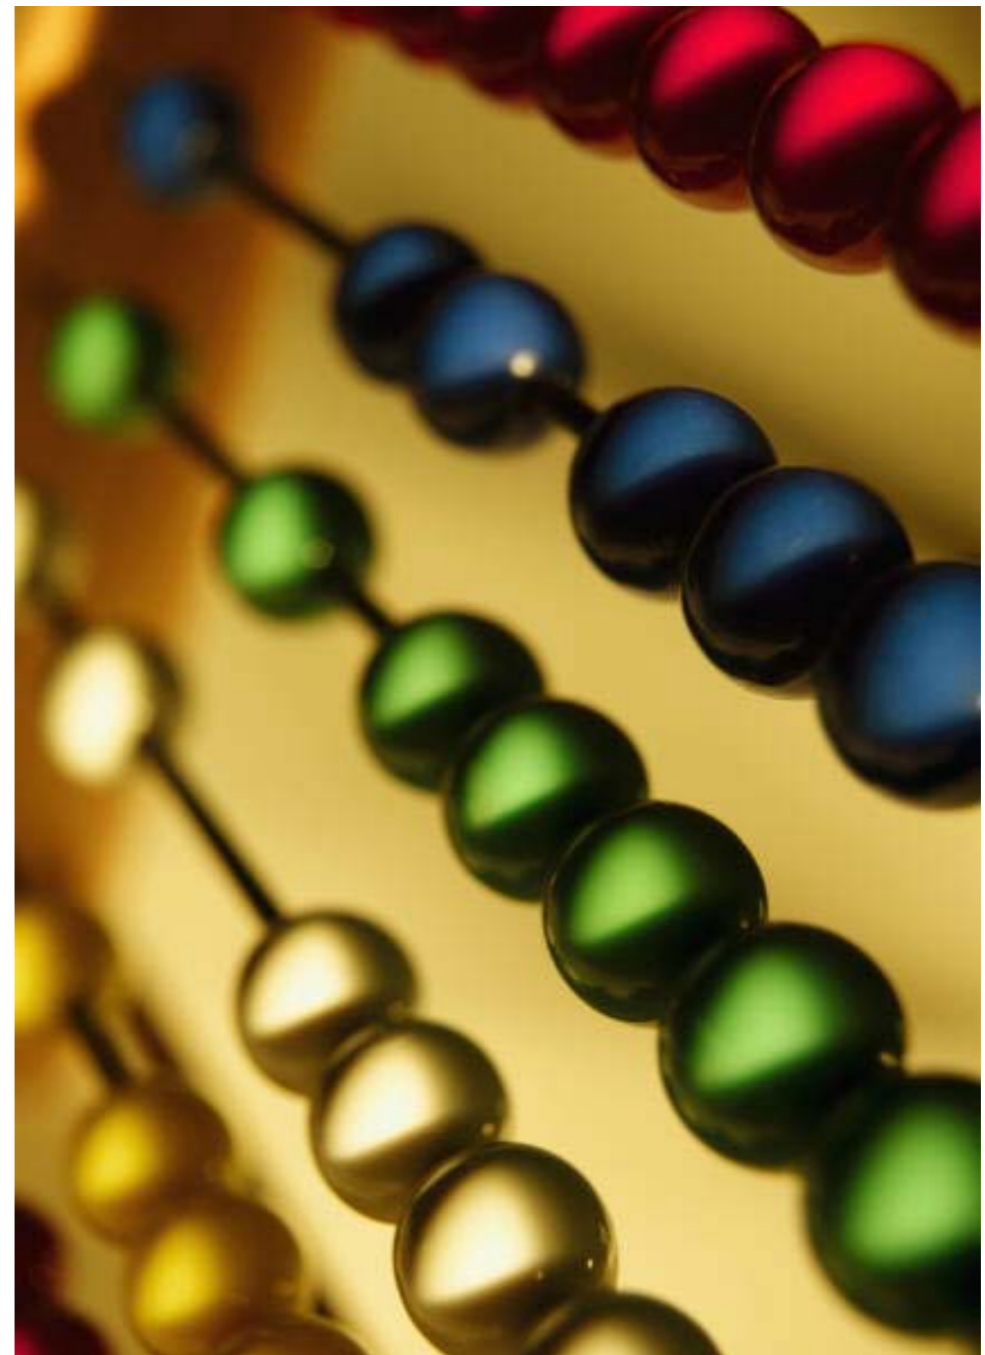

[Governance](#)

Introduction

Three Programs:

- Scientific
- Education
- Industry

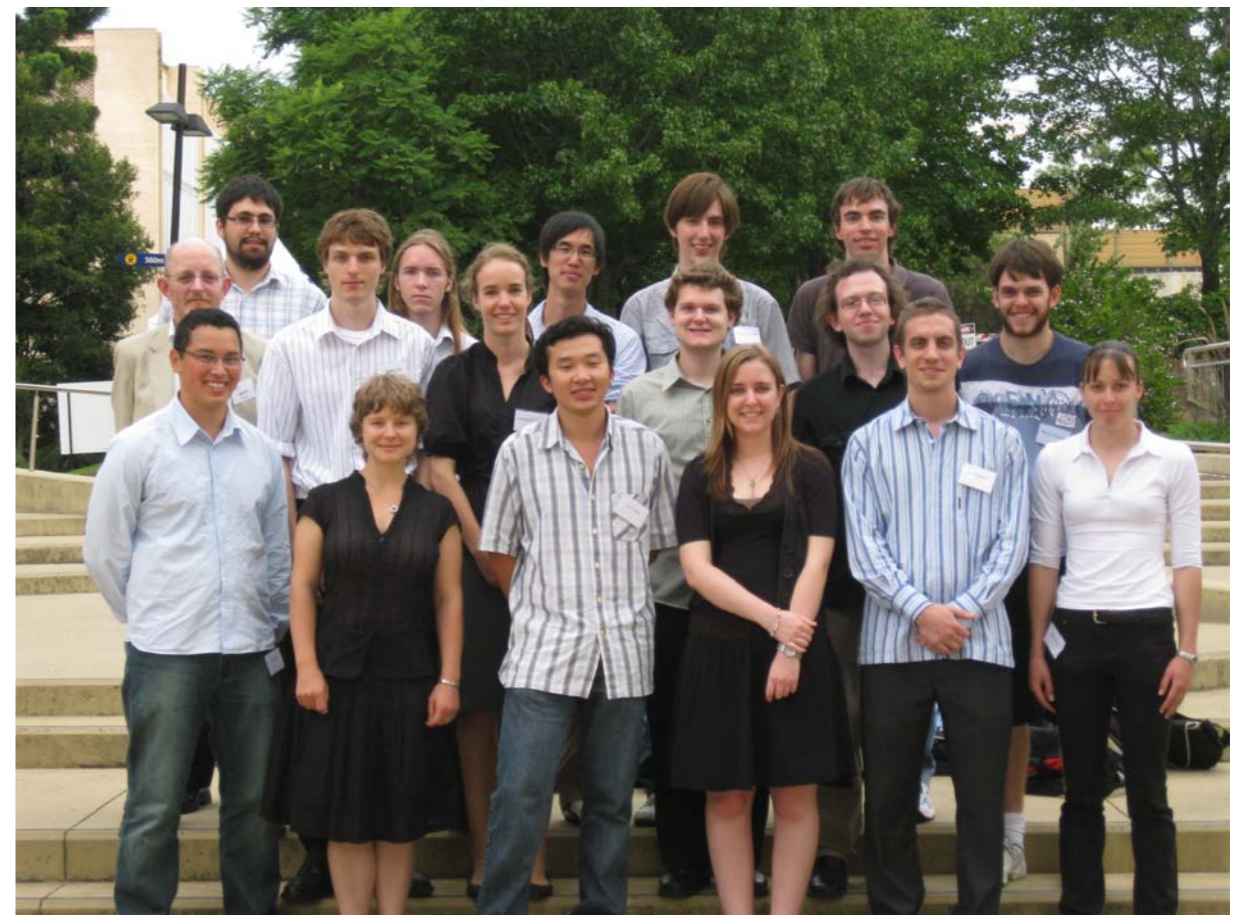

Scientific Programs

- [Workshops](#)
- [Forthcoming Events](#)
- Hot Topics
- [SAC Membership](#)

Higher Education

- Summer School
- Vacation Scholarships
- Graduate School
- **BioInfoSummer**

Industry Internships

Benefits

- Links industry with high-end expertise
- Access to the latest techniques and developments to drive innovation
- Training a new generation of knowledge workers with industry/commercial experience

Payments

- Mentor: \$5,000 (3-5 month internship)
- Intern: \$2,500 per month

Enterprise Connect

Business Plan

Highlights

- The Scientific Program is financed entirely form Core Executive funds
- The Higher Education program had been financed from Project funds, however is increasingly included in the Core Executive budget
- Profits from sales of textbooks and teacher resource materials adds to the Core Executive funds
- A new publishing agreement with Cambridge University Press will enable AMSI Schools Project staff to concentrate on other aspects of the program
- The Industry Internships program will grow with DIISR funding over the next three years

Conclusion
