Resource Implications for Equipment Requests

Please complete the form below and submit with you request.

If you are unsure with any of the questions please contact the Technical Operations Manager

Staff Member		Extension	Date
---------------------	--	------------------	-------------

Equipment Requested	
----------------------------	--

Space Requirements <i>If large approx Sq Metres</i> <i>If small - bench requirements</i>		Location (Building) <i>Room # - Bench #</i>	
-------------------------------------------------------------------------------------------------------	--	-------------------------------------------------------	--

Extra Consumable Requirements <i>Any extra consumables i.e. special gases, filters etc</i>	
------------------------------------------------------------------------------------------------------	--

Electrical Requirements <i>240 V / 415 V – 10amp or 15amp?</i> <i>20amp or 32 amp, 3 phase?</i>	
--------------------------------------------------------------------------------------------------------------	--

Plumbing Requirements <i>Water supply in/out. Need to be near a sink or drain?</i>	
----------------------------------------------------------------------------------------------	--

IT Requirements <i>PC / Software required?.</i> <i>Data point required?</i>	
------------------------------------------------------------------------------------------	--

Environment Requirements <i>Does the equipment require any environment changes i.e. soundproofing, air-conditioning, fume extraction or ventilation?</i>	
--------------------------------------------------------------------------------------------------------------------------------------------------------------------	--

Peripheral Requirements <i>Does the equipment require any further items i.e. stronger bench or extra storage needs</i>	
----------------------------------------------------------------------------------------------------------------------------------	--

Training / Safety Requirements <i>Does the equipment require any training, instruction or safety measures which may incur further costs?</i>	
--------------------------------------------------------------------------------------------------------------------------------------------------------	--

Annual Test Requirements <i>Does the equipment require any annual tests or audits to be carried out?</i> <i>(Do not include Testing & Tagging)</i>	
---------------------------------------------------------------------------------------------------------------------------------------------------------------------	--
