

The International
Association for the
Exchange of Students for
Technical Experience

Discipline areas of traineeships

ENGINEERING TECHNOLOGY	SCIENCES	AGRICULTURE
AERONAUTICAL ENGINEERING	BIOCHEMISTRY	AGRICULTURE
AUTOMOTIVE ENGINEERING	BIOLOGY	
BIOMEDICAL ENGINEERING	CHEMISTRY	
BIOTECHNOLOGY	ENVIRONMENTAL SCIENCE	
CHEMICAL ENGINEERING	GEOLOGY	APPLIED ARTS
CIVIL ENGINEERING	MATERIAL SCIENCE	ARCHITECTURE
COMPUTER SCIENCE	MATHEMATICS	
ELECTRICAL ENGINEERING	MICROBIOLOGY	
ELECTRONICS	PHARMACEUTICAL STUDIES	
ENVIRONMENTAL ENGINEERING	PHYSICS	
FOOD TECHNOLOGY	VETERINARY SCIENCE	
INDUSTRIAL ENGINEERING		
MECHANICAL ENGINEERING		
MECHATRONICS		
METALLURGY		
MINING		
NAVAL ENGINEERING		
PETROLEUM ENGINEERING		
POWER ENGINEERING		
PROCESS ENGINEERING		
TELECOMMUNICATIONS		
TEXTILE TECHNOLOGY		
WOOD & PAPER TECHNOLOGY		

Please note:

The highlighted fields are the most common discipline areas IAESTE Australia has been able to receive traineeship offers in each year. There are far fewer traineeships on offer worldwide in the fields we have not highlighted, meaning that it is more difficult for us to obtain these offers. Some fields, however, eg. aerospace engineering, would qualify for offers in similar fields, eg. mechanical engineering.
