

Congratulations Jess!

Two of the three judges placed Applicant 7 [Jess Huynh] at the top of their recommended list to attend the Grace Hopper Celebration of Women in Computing Conference in Keystone Colorado in October.

All judges acknowledged that it was a very difficult decision because all the applications had merit. All applications were "blind" reviewed to ensure the process was as unbiased as possible.

A big thank-you is given to all applicants. Congratulations Jess.

Grace Hopper Celebration of WOMEN in COMPUTING

We Build a Better World

Keystone Resort, Colorado
October 1-4, 2008

The Grace Hopper Celebration of Women in Computing is a series of conferences designed to bring the research and career interests of women in computing to the forefront. Presenters are leaders in their respective fields, representing industrial, academic and government communities. Leading researchers present their current work, while special sessions focus on the role of women in today's technology fields, including computer science, information technology, research and engineering.

Past Grace Hopper Celebrations have resulted in collaborative proposals, networking, mentoring, and increased visibility for the contributions of women in computing.
