

A close-up photograph of a scientist wearing safety goggles and a white lab coat. The scientist is pouring a vibrant red liquid from a glass beaker into a test tube. A white funnel is placed over the mouth of the test tube to catch the liquid. The background is slightly blurred, focusing attention on the hands and the laboratory glassware.

# Swinburne Annual Appeal

---

Knowing you are part of our past and  
understanding you are part of our future

Celebrating 25 years  
as a university

# Your support prepares Swinburne for new challenges

Your support of our priority funding initiatives will allow us to continue to build on our strong foundations of success.

***We want to shape the future, today.***

When you support Swinburne's Annual Appeal, you are empowering students to make their mark on the world.

Your gift could lead to an important scientific discovery, solve a critical social problem or create a future leader ...

**The possibilities are endless.**

# Over 100 years ago Swinburne began with a simple premise: to provide technical education to a sector of society otherwise denied further education.

For over a century Swinburne has committed to innovative education, strong industry engagement and social inclusion.

The vibrant, multicultural and student-focused university you know today boasts over 50,000 students from all walks of life. In 1909, however, the first class enrolled merely 80 young men.

Today, 109 years on, and celebrating 25 since we gained university status – we continue to focus on emerging technologies, industry engagement and flexible learning options. We ensure we adapt and evolve with the times. We deliver relevant education for our students today, and tomorrow.

<b>1908</b>	<b>Eastern Suburbs Technical College founded</b>
1909	Classes began at Eastern Suburbs Technical College
1913	Renamed Swinburne Technical College
1916	Commenced offering vocational education to women
