WELCOME MESSAGE FROM THE DIRECTOR

Dear students and colleagues,

Thank you for your interests in Beijing Institute of Technology. As one of the top science and technology universities in the nation, we offer a high-level education for degree and language study.

With top-tier faculty and programs, friendly staff, and a pleasant living environment, I know that you will not be disappointed in choosing BIT as your university of choice. With many strong and prestigious science and technology programs to choose from, you will receive quality education and have great future job prospects.

Since BIT is located in the capital of China, you will be in the heart of the nation, surrounded by a city that has integrated modern conveniences together with the rich treasures of a culture with more than 5,000 years of history. Your choice of BIT will be rewarded with a wonderful university experience. We look forward to welcoming you here in Beijing!

Sincerely,

Wang Yong (Ms.)
Director

Undergraduate Program in English

Computer Science and Technology
Main Courses: Essential courses, Discrete mathematics, Data structures and algorithms, Object-oriented programming, computation theory and algorithms, Numerical analysis, Database principles and design, Principles of computer organization, Assembly language programming, Operating systems, Compiler principles and design, Fundamentals of software engineering, Computer architecture, Practice of operating system principles, Computer networks, Interface technique of microcomputer, Software engineering comprehensive practice, Practice of networking technology.

Electrical Science and Technology

Mechanical Engineering
Main Courses: Computer courses, Engineering mechanics, Fundamentals of mechanical design course in group, Fundamentals of engineering materials, Electrical and electronic technology, Testing technology, Microcomputer principle and interface technology, CNC technology, Fluid mechanics, Control engineering, Mechanical manufacturing engineering, CAD/CAM principle, Mechanical manufacturing equipment design, etc.

Electronic Engineering
Main Courses: Fundamental of electric circuits, Electronics, Computer programming language, Principles of microcomputer and interface, Electrical engineering technique, Electrical measurement technology, Power electronics, Electrical machinery and drives, Fundamentals of control theory, Control system of electrical machinery, Motion control system, Energy and power conversion technique, Intelligent building, Factory electricity supply, Electrical engineering network and communication technology.

Economics and International Business

Electrical Engineering
Main Courses: Fundamental of electric circuits, Electronics, Computer programming language, Principles of microcomputer and interface, Electrical engineering technique, Electrical measurement technology, Power electronics, Electrical machinery and drives, Fundamentals of control theory, Control system of electrical machinery, Motion control system, Energy and power conversion technique, Intelligent building, Factory electricity supply, Electrical engineering network and communication technology.

Chinese Language Programs

Long-term Chinese Programs
- 8 levels
- 16 weeks each semester and 20-24 hours per week
- Semesters start in March or September each year
- Focus on improving the communication skills;
- Small group study
- Free HSK training
- Various Chinese culture experience
- Field trips: Great Wall, Forbidden City, Summer Palace, etc.

Short-term Programs (Engineering & Culture)
- 2~8 weeks offered during summer and winter vacations (min 10 person)
- 15~20 teaching hours per week
- Culture experience: Calligraphy, Ink painting, Kung-Fu, etc
- Tours: Forbidden City, Great Wall, Summer Palace, Temple of Heaven, etc. (1 or 2 times a week)
- Chinese Language partner
- Certificate for courses completed
- All the arrangement can be adjusted flexibly.

Pre-University Programs
- Reach the level of degree courses admission through 1 or 2 semester of Chinese learning.
- Free HSK training.
- The priority to receive Beijing government scholarship
- Enter the degree course without application

VIP Programs
- Programs available on weekdays and weekends
- Excellent and experienced teachers
- Small-classes (1 person to 6 person max.)
- Levels: primary, intermediate, advanced Chinese
- Special programs: Business or Science Chinese class, HSK Learning materials included
- Application: Open all year round

What Scholarship do we have?

1. Chinese Government Scholarship (CSC)

What does the scholarship cover?
Tuition, Accommodation, Comprehensive Medical Insurance

Stipend: Undergraduate students: CNY 2,500 per month;
   Master’s students / general scholars: CNY 3,000 per month;
   Doctoral students / senior scholars: CNY 3,500 per month

Who can apply?
① Applicants are non-Chinese citizens and in good health;
② Applicants are not registered students in Chinese universities at the time of application;
③ Applicants are not applying for non-degree programs.
④ Applicants who have graduated from Chinese universities for more than one year;
⑤ Applicants for Master programs should be under the age of 35 and hold a bachelor’s degree;
⑥ Applicants for PhD programs should be under the age of 40 and hold a master’s degree

How to Apply?
① Register at CSC online system http://laihua.csc.edu.cn, BIT’s Agency No. is 10007.
② Please log onto the website of http://apply.isc.bit.edu.cn/ and register with the username “CSCserial number” (For example: CSC123456; Serial number is the six-digit number in the left corner of the CSC online system application form). Registration with other usernames will not be accepted.
③ Upload all required documents
   Application deadline: April 15th / every year
