Choosing to study in another country is a big decision. Swinburne offers preparation for further study in Australia and the opportunity for you to gain entry into your desired bachelor course as quickly as possible.

Pathways to university
Swinburne makes it easy for you to progress to further study. Our pathway programs are designed to prepare you for success at university. We provide a supportive and friendly environment that includes individual attention from teachers. We also offer additional support services to ensure you have a smooth progression to your chosen undergraduate program at Swinburne.

Modern and safe campuses
At Swinburne, we provide a friendly and supportive place to learn. We have small classes and modern facilities, and students receive individual attention and academic support from teachers. We also host regular study skills workshops, language development classes and social activities.

Culturally diverse
As Swinburne offers programs to both international and domestic students, you will have great opportunities for cross-cultural exchange, allowing you to build strong friendships and networks that will benefit you as global citizens.

World-ranked university
Our rankings – top 100 universities in the world under 50 years old by the 2016-17 QS World University Rankings and 2016 Times Higher Education Rankings – prove the success of our focus on and investment in high-quality teaching and research. It is why we are leaders in science, technology, innovation, business and design.

Our students study with us for a number of reasons, but our aim is to prepare you for long-term success in your study and future careers.

We look forward to welcoming you and to assisting you with obtaining your goals for the future.

STUDYING
at Swinburne

About Melbourne
Smart, captivating, multicultural, unique, fun, trend-setting, individual and welcoming, Melbourne is the capital city of Victoria and home to four million people.

In 2016 Melbourne was again named the world’s most liveable city by The Economist Intelligence Unit’s Global Liveability Survey and is known as Australia’s cultural, culinary and sporting capital.

Hawthorn campus
Student population: 22,000
Distance from Melbourne city centre: 10 km (10 minutes by train)

Hawthorn is the main campus for international students. The campus is set directly behind Glenferrie Road. This vibrant shopping hub includes laneways and arcades where you can get great coffee and find a quiet place to read.

There is a diverse choice of restaurants and cafés plus dozens of shops and boutiques, and a bookshop. Two supermarkets and a number of international grocers mean you’ll never have to go far for the essentials.

You can also take a break from study to visit the Central Gardens, go to the gym at the newly renovated Hawthorn Aquatic and Leisure Centre, or visit Hawthorn’s newest movie theatre, Lido Cinemas.

Multimillion-dollar facilities
Major refurbishments and new infrastructure are a feature at our Hawthorn campus. The development of new buildings, renovation of existing buildings and landscaping enhance the study environment and education experience we offer our students.

Studying a pathway program
All of our pathway programs are taught on campus in Hawthorn and our students have access to all of the university’s services, clubs and facilities. As Swinburne offers programs to both local and international students, you will have many opportunities for cross-cultural exchange, allowing you to build strong friendships and global networks.

GRADUATION

YOU'RE READY TO START YOUR CAREER
Melbourne is known for its restaurant scene, meandering laneways, exciting cafés and boutique shopping.

In the city centre you can explore grand, tree-lined streets and discover hidden laneways while experiencing first-class shopping, dining, theatre and entertainment options. A wide range of festivals are held throughout the year in the CBD, and you’ll also find a number of cultural and arts venues such as the National Gallery of Victoria and the Australian Centre for the Moving Image.

Melbourne’s inner-urban suburbs are also popular destinations: St Kilda offers beaches, clubs, bars and restaurants; Carlton has an Italian feel with coffee shops, pizzerias, bookshops and an arthouse cinema; Prahran is filled with trendy fashion boutiques; and Fitzroy has a bohemian vibe with unique shopping and dining options.

Living costs

Living costs will depend on the accommodation you choose and the lifestyle you lead and, as such, all costs in this section are indicative only.

Students who are living and studying in Melbourne will require approximately A$23,000 to A$30,000 per year for ongoing living costs (not including tuition fees or airfares). Add to this a budget of approximately A$2,300 to A$5,000 for the initial costs of establishing yourself in Melbourne and approximately A$1,000 to A$2,000 if you need to purchase a computer.

Visit www.swinburne.edu.au/international/living-expenses

The Australian Government requires prospective student visa applicants and any family members accompanying them to have access to minimum funds to meet the living costs requirements. Visit www.border.gov.au/Trav/Stud for more information.

Accommodation

There is a range of housing options available. Visit www.swinburne.edu.au/accommodation

On-campus accommodation
Swinburne International
Staff at Swinburne International are responsible for the admission, orientation and support of all international students. They are your first point of contact when you arrive at Swinburne and provide ongoing support with your application, health insurance, accommodation, visas, course information and referrals to other services both on and off campus.

International Student Life
International student advisers provide advice and support to help international students adjust to life and study in Australia. They provide a comprehensive advisory and referral service to the many specialist services on and off campus covering both academic and pastoral care.

Visit www.swinburne.edu.au/student/international to find out more about the services available.

After-hours information hotline
Swinburne’s after-hours hotline provides information to international students with medical, safety, environmental, mental health, accommodation, transport and other enquiries.

The service is available between 5pm and 9am on weekdays and is open 24 hours on weekends. The number is 1800 022 168.

For enquiries during business hours (9am to 5pm), contact Swinburne International.

Support for sponsored students
Swinburne International assists scholarship recipients and sponsoring agencies (such as governments, employers or other organisations) with administrative, reporting and financial arrangements, as well as a range of support services and programs.

Academic life
Our Hawthorn campus offers:
- wi-fi access
- 24-hour computer lab
- state-of-the-art library.

Modes of study
You will have the opportunity to participate in a variety of types of study depending on your chosen course. These may include lectures, workshops, tutorials, laboratory and studio sessions, group work, cross-discipline projects, case studies, practical sessions, discussion groups, online learning and research projects.

Assessment methods
At Swinburne, assessment takes various forms. You could be assessed through a combination of assignments, reports, examinations, class presentations, practicals, class participation and group projects.

Language and study skills services
Swinburne's language and academic skills advisers can help you to improve your English and study skills so you can achieve better results. You can attend free workshops, join a conversation group or make an individual appointment with an adviser.

Students under 18
If you are under 18 years of age, your parents must nominate a guardian who lives in Australia before you can be considered for a student visa. Your guardian must be over 21 years old, related to you and of good character.

If you do not have an appropriate guardian with whom you may live in Australia, you will need to engage a Swinburne-approved care provider. This arrangement will include accommodation restrictions and places may be limited depending on the availability of suitable accommodation options.

Note: Some courses are not available to students who are under 18 years of age.

Campus life
Swinburne offers a range of services to international students, including:
- prayer room
- counselling services
- health clinic, including appointments with registered nurses and doctors
- disability support services
- financial services
- legal advice.

Clubs and societies
There is a variety of Swinburne clubs and societies in which to get involved. Covering every social, religious, sporting, regional, political and cultural interest you can think of, there’s bound to be something for you.

Events and activities
A full calendar of events and cultural activities – including trips to popular tourist destinations around Australia, free on-campus activities and social events – allows you to enjoy a balance between study and life, make new friends and experience the sights of Australia.

Sport and recreation
Gym facilities are available at the newly renovated Hawthorn Aquatic and Leisure Centre, a short walk from the Hawthorn campus. There are also several sporting clubs you can join.

Airport transfer
Prior to your departure, you can arrange to be picked up from the airport and transported to your accommodation in Melbourne.

www.swinburne.edu.au/international/arrival/arriving-in-melbourne
Student Leadership and Volunteer Program

The Student Leadership and Volunteer Program provides you with opportunities to contribute to the Swinburne community through leadership and volunteering roles. Volunteers develop practical experience and have opportunities to undertake training and obtain certifications in a number of fields. Opportunities may include mentoring, events and activities hosted by the university or its faculties, or participation in academic panels and hearings.

Careers and employment services

The Centre for Career Development has experienced careers counsellors who provide a range of free career services for current students and recent graduates. The centre also offers a range of additional services to assist students with employment, including:
- résumé-checking
- interview practice sessions
- on-campus employment fairs
- job workshops.

Visit www.swinburne.edu.au/study/life/careers-employment

SwinEmploy

SwinEmploy is an online job database that advertises professional, part-time and casual jobs. Once registered, students receive regular emails about jobs relevant to their study areas.
Swinburne offers a range of pathways to university to give you a great start to studying in Australia and help prepare you for success in further study.

Swinburne pathway programs include:

**Foundation Year**
- Arts and Social Sciences
- Business
- Design
- Science/Engineering

**UniLink diplomas**
- Arts and Communication
- Business
- Design
- Engineering
- Health Science
- Information Technology
- Science

**Vocational diplomas and certificates**
- Accounting
- Education
- Science

Culturally diverse
Swinburne welcomes students from nearly 100 countries, so you'll have the opportunity to make friends from all over the world.

Individual attention
Swinburne's pathway programs average between 18 and 20 students per class. This offers you more individual attention from teachers who can help you succeed in your studies. Our teachers are specially trained and have experience teaching international students.

Credit transfer
If you are commencing a pathways program you may be eligible to receive credit to enter the course with advanced standing, depending on your previous studies.

Smooth transition to university
Our pathways are clearly defined. You will also have opportunities to engage with your destination faculty for the duration of your studies.

Guaranteed entry to university
Our pathway programs provide guaranteed entry to more than 50 bachelor degrees at Swinburne University of Technology (subject to successful completion of all units of study and achievement of the required results). They are also nationally recognised and can give you access to other Australian universities.

Duration to suit different academic background
Foundation Year and UniLink diplomas offer you the ability to complete one, two or three teaching periods, depending on the credit exemptions you receive, your previous academic results and level of English.

Renowned provider
Swinburne has been delivering pathway programs for many years and is well regarded in the industry as a quality and trustworthy provider.

Registered and accredited programs
Swinburne’s Foundation Year meets the requirements for Foundation Programs that have been registered on CRICOS for delivery in Australia to overseas students.

Swinburne’s UniLink diplomas are accredited as an award-level higher education diploma and provide a direct academic pathway to second-year university.

Our vocational diplomas and certificates have been assessed and accredited by the Australian Skills Quality Authority.

Global reach
Swinburne established an exclusive partnership with Nawaloka College of Higher Studies, Sri Lanka in 2014. The partnership provides students with the opportunity to study a Swinburne Foundation Year or UniLink program in Colombo, Sri Lanka, before commencing a Swinburne degree at our Hawthorn campus in Melbourne or at our Kuching campus in Sarawak, Malaysia.
When you study at Swinburne, you will receive study and welfare support to help you adjust to the Australian system. We will help you become an independent learner and support you in managing your own timetable.

English LANGUAGE COURSES

English Language Intensive Courses for Overseas Students (ELICOS) give you the opportunity to learn from qualified teachers, interact in English in a multicultural environment and prepare for entry to other Swinburne programs.

Courses range from elementary to advanced levels. A new intake commences every five weeks, so you can start when it suits you.

Course duration is between 5 and 50 weeks. The length of your course will depend on your current level of English and whether you want to continue with further study.

All English language courses are delivered at the Hawthorn campus.

General English
Elementary, Pre-intermediate and Intermediate
These courses will help you to improve your everyday English and will provide the foundations you need to progress to English for Academic Purposes. They cover reading, writing, listening and speaking, punctuation and grammar.

Classes include:
- listening and oral communication skills
- grammar and vocabulary development
- supervised independent learning
- excursions and social activities.

English for Academic Purposes
Intermediate, Upper-intermediate and Advanced
These courses will prepare you for direct entry to Swinburne. They focus on the language, critical thinking and academic skills required in your further studies. Advanced-level classes focus on the language skills specific to your study area, including business, design, engineering and information technology.

You will develop skills in:
- academic writing
- academic reading, listening and note-taking
- communication and interaction in the academic environment
- oral presentations and seminar discussions
- research and library techniques.

English Placement Test
You will need to take an English Placement Test before starting your ELICOS program. The test enables Swinburne to assess your English language skills and place you at the appropriate level.

Direct entry to Swinburne
Students who successfully complete English for Academic Purposes to the required level can progress directly to their Swinburne course. Entry is subject to achieving the required results and all other conditions. English language requirements and other prerequisites for individual courses can vary.

Visit www.swinburne.edu.au/study/options/find for specific course prerequisites.

English language course structure

Approximate commencement levels
Advanced: IELTS 6.0
Upper-intermediate: IELTS 5.5
Intermediate: IELTS 4.5
Pre-intermediate: IELTS 3.5
Elementary: IELTS 3.0 and below

For equivalent IELTS scores (e.g. TOEFL) visit www.swinburne.edu.au/international/apply/entry-requirements
Swinburne Foundation Year is a pre-university program for international students. It is designed to help you make a smooth transition into university by developing your study and learning skills. At Swinburne you can be confident of receiving the highest quality teaching in a nurturing and student-focused environment.

Upon successfully completing Swinburne Foundation Year, you are guaranteed a place in your preferred degree at Swinburne as long as you meet the bachelor degree entry requirements and prerequisites.

If you don’t wish to transfer directly into a bachelor program, you can keep studying in a supportive environment through one of our UniLink diploma programs, before entering the second year of a Swinburne bachelor degree. Swinburne Foundation Year is available in:

• Arts and Social Sciences
• Business
• Design
• Science/Engineering.

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program. The four streams will offer you a wide range of pathways to bachelor degrees and UniLink diplomas.

*Only available in Business and Science/Engineering streams.

Swinburne Foundation Year progression requirement

• Students completing Foundation Year must achieve a 65% average overall and a 70% average in Academic and Communication Skills A and B for entry to a bachelor degree.

• Students completing Foundation Year must achieve 80% average overall and 80% average in Academic and Communication Skills A and B for entry to a bachelor degree (professional).

• On successful completion of all units of study in Foundation Year, students may progress to the UniLink Diploma program.

If you have completed Year 12 or equivalent subjects, you may be able to enter the 8-month Foundation Year program with up to 5 units’ credit, which may shorten the duration of the program to 4 months.

DID YOU KNOW?

Swinburne Foundation Year structure

| Foundation Year (8 months) | Teaching Period 1 5 units | Teaching Period 2 4 units | Teaching Period 3 3 units |
| Foundation Year (12 months) | Teaching Period 1 4 units | Teaching Period 2 3 units | Teaching Period 3 3 units |

* Refer to Swinburne Foundation Year progression requirement.
UniLink diplomas are accredited, award-level higher education qualifications that provide an alternative pathway to the second year of a range of bachelor degrees offered at Swinburne University of Technology.

The course content is similar to the first year of a bachelor degree but the classroom environment is different. Classes are smaller and you will have more individual attention from your teachers to help you adjust to university. Your class will include local and international students, providing an enriching study experience.

By successfully completing all units of study of a UniLink diploma, you are guaranteed a place in the second year of your preferred Swinburne bachelor degree.

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program.

UniLink diplomas are available in:
- Arts and Communication
- Business
- Design
- Engineering
- Health Science
- Information Technology
- Science

^Only available in Business, Engineering and Information Technology streams

**UniLink Diploma structure**

- Students completing UniLink Diploma must pass all units of study for entry into a bachelor degree.
- Progression to professional degrees may be subject to additional criteria or academic performance.

**Did you know?**

- If you have completed a recognised Year 12 plus at least part of a recognised tertiary qualification, you may be able to enter the 8-month UniLink program with up to 5 units’ credit, which may shorten the duration of the program to 4 months.
- If you excel in the first teaching period of the 8-month program and achieve the required results, you will be given the opportunity to fast-track into the second semester of the first year of your chosen bachelor degree.

*SStudents must achieve a 75% average in Teaching Period 1 of UniLink (8 months) for entry. Students exiting after one teaching period will not receive the UniLink diploma qualification. *Students must pass all units for entry.
Vocational education

Graduates of an advanced diploma or diploma can progress to a Swinburne undergraduate degree, subject to academic performance requirements. You'll receive credit for your studies, allowing you to advance to later stages of your chosen degree.

Diplomas and certificates focus on learning for work and aim to build the skills and technical expertise that make you employable. They offer independent learning with an emphasis on workplace and practical skills.

Accounting

Diploma of Accounting FNS60215
Certificate IV in Accounting FNS40615

Learn about intermediary accounting principles and applications. Gain practical accounting skills for work in financial services and other industries requiring accounting support.

Education

Diploma of Early Childhood Education and Care CHC50113
Certificate III in Early Childhood Education and Care CHC30113

Designed for those who are interested in working in the children's services sector or who are already working in the field and are responsible for planning, implementing and managing programs in early childhood services. In most Australian states, this is the highest qualification required at director or service manager level for children's service centre-based care.

Science

Diploma of Laboratory Technology MSL50116

Gain a scientific education with a strong emphasis on the development of sound practical skills for the biotechnology sector or forensic science and pathology testing industry.

<td>Feb, June, Oct</td>
<td>Hawthorn, Australia</td>
<td>A$19,564–A$21,750 (total for 2017)</td>
</tr>
</tbody>
</table>

Develop fundamental communication, information technology (IT) and mathematics skills, and get an introduction to a range of areas from the fields of business, design, science and engineering through the selection of electives.

**Core units**
- Academic and communication skills A
- Academic and communication skills B
- Information technology
- Innovation and change
- Introductory mathematics
- Academic literacies 1

**Elective units**
- Choose four:
  - Accounting
  - Chemistry
  - Context and culture
  - Design studies
  - Drawing and illustration
  - Economics
  - Graphic design
  - Law
  - Marketing
  - Physics
  - Science engineering mathematics A
  - Science engineering mathematics B

| Diploma of Arts and Communication (UniLink)         | 8 or 12 months | Feb, Jun, Oct | Hawthorn, Australia | A$22,264–A$25,048 (total for 2017) |

Become prepared for further study leading to roles in the arts, media and communication industries, including information research and analysis, and oral and written communication.

**Core units**
- Communication from a global perspective
- Introduction to critical thinking and research methodology
- Marketing Principles
- Managing in the 21st Century
- Psychology fundamentals
- Sociology in context
- Academic literacies 2

**Elective units**
- Choose one:
  - Statistics 101
  - Digital Design

- Choose one:
  - Interactive design for web technologies
  - Economic Principles
  - 20th century design

| Diploma of Health Science (UniLink)                 | 8 or 12 months | Feb, Jun, Oct | Hawthorn, Australia | A$25,176–A$28,324 (total for 2017) |

Become prepared for further study leading to roles in the health sector, including counselling, community development, health communication, disability, social welfare or medical research.

**Core units**
- Communication from a global perspective
- Health science 1
- Introduction to anatomy and physiology
- Introduction to biology
- Introduction to critical thinking and research methodology
- Psychology fundamentals
- Sociology in context
- Statistics 101
- Academic literacies 2

**Elective units**
- Choose one:
  - Foundation Maths
  - Engineering mathematics 1
  - Scientific cultural innovation

### Vocational diplomas and certificates

| Diploma of Early Childhood Education and Care CHC50113 | 6 months       | Feb, Jul   | Hawthorn, Australia | $7,250 (total for 2017) |
| Certificate III in Early Childhood Education and Care CHC30113 | 12 months      | Feb, Jul   | Hawthorn, Australia | $14,500 (total for 2017) |

Designed for those who are interested in working in the children’s services sector or who are already working in the field and are responsible for planning, implementing and managing programs in early childhood services.

**Major studies**
- Care for babies and toddlers
- Childhood development
- Emergency first aid
- Family and diversity
- Health and safety of children
- Holistic development and wellbeing
- Learning and development
- Nurture creativity in children
- Play and curriculum studies
- Positive and respectful relationships
- Professional studies
- Program planning

# The indicative course fees detailed in this publication relate to 2017 only. They are based on a standard study load per year. Note that fees are assessed according to a student’s study load in each semester. Variation to study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted. Refer to NCHS website http://nchs.edu.lk/swinburne/ for Colombo campus fees. 112-month program only.
## Swinburne Foundation Year (Business)

Develop fundamental communication, information technology (IT) and mathematics skills, and get an introduction to specialised areas such as accounting, economics, law and marketing.

<table>
<thead>
<tr>
<th>Core units</th>
<th>Business stream units</th>

</tr>
</tbody>
</table>

Learn intermediary accounting principles and applications and gain the practical accounting skills for work in financial services and other industries requiring accounting support. Students may also progress to further study.

### Major studies

- Budgets and forecasts
- Business documents
- Corporate governance activities
- Financial and business performance
- Financial reports
- Financial statistics and tools
- Financial transactions
- Internal control procedures
- Operational budgets
- Payroll system
- Subsidiary accounts and ledgers
- Tax documentation

"I thoroughly enjoy my lectures in the course – it is clear that the teachers have all had industry experience as this really shines through in their teaching. My favourite unit at the moment is Drawing and Illustration and even though I am still learning the basics, I am confident that I will be able to become an expert in no time, thanks to the guidance that I receive from my teachers."

Gain a scientific education with a strong emphasis on the development of sound practical skills for the biotechnology sector or forensic science and pathology testing industry.

**Major studies**
- Biology
- Biotechnology
- Chemistry (forensic and analytical)
- Chemistry (laboratory)
- Chemistry (medical)
- Communications
- Data processes
- Histology
- Laboratory computing
- Laboratory instrumentation
- Laboratory technology
- Microbiology
- Molecular biology
- Occupational health and safety
- Tissue culture

#The indicative course fees detailed in this publication relate to 2017 only. They are based on a standard study load per year. Note that fees are assessed according to a student’s study load in each semester. Variation to study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted. Refer to NCHS website http://nchs.edu.lk/swinburne/ for Colombo campus fees. †12-month program only.

“I chose Swinburne because it is a practical university that has a high reputation in the field of engineering. The lecturers are very clear in their teaching and they always take the time to thoroughly explain concepts until I actually understand them.”

If your country is not listed, email international@swinburne.edu.au

Note: Visit [www.swinburne.edu.au/international/apply/entry-requirements](http://www.swinburne.edu.au/international/apply/entry-requirements) for detailed entry requirements.
Follow these steps carefully to ensure your application is processed properly.

Visit www.swinburne.edu.au/study/international/apply for detailed application instructions.

If you need help with your application, email our application adviser at international@swinburne.edu.au.

You can also speak with a registered Swinburne representative in your home country.

Visit www.swinburne.edu.au/study/international/connect/representatives to view a list of Swinburne representatives.

1. **Choose the course that suits your interests and career goals**
   - See pages 26–31 for course descriptions.
   - Collect any documents you may require to apply to receive credit for previous study and/or experience.
   - Visit www.swinburne.edu.au/study/options/find to check application closing dates.

2. **Complete the application form**
   - Visit www.swinburne.edu.au/international/apply to download a copy of the application form.
   - Read the application form carefully, complete all relevant fields and provide all of the required documents so we can assess your application.
   - Complete the credit transfer section on the form if you wish to apply for credit.
   - Sign the declaration.

3. **Attach additional required documents (if applicable) to your application form**
   - certified academic transcripts with grading system
   - English translations where applicable
   - certified English proficiency test results
   - referee reports (if applicable)
   - portfolio (for some design programs)
   - course or unit syllabus if you are applying for exemptions (e.g., credit transfer or Recognition of Prior Learning)
   - copy of passport (photo page and relevant visa page, if applicable).

4. **Submit your application form and required documents**
   - You can send your completed application form along with relevant documents to your registered Swinburne representative or send it directly to Swinburne at:
     Swinburne International
     PO Box 218
     HAWTHORN VIC 3122
     AUSTRALIA
     Email: international@swinburne.edu.au

5. **Receive your offer via email**
   - Swinburne will assess your application. If you are successful, you will receive a letter of offer via email.
   - The offer letter will indicate:
     • the course you have been offered
     • the annual tuition fee
     • the course commencement date
     • the duration of the course
     • the deposit to be paid
     • the fee for your visa-length overseas student health cover
     • any conditions to the offer
     • any additional information relevant to your course.

Visit www.swinburne.edu.au/international/accept to find out how to accept your offer.

Note: If you receive a conditional offer, you will be required to meet the condition(s) outlined in your offer letter.
Applying for credit transfer

What is credit transfer?
Credit transfer is exemption from certain course requirements in recognition for previous study and/or experience. The term ‘credit’ is used interchangeably with ‘Recognition of Prior Learning’, ‘advanced standing’ and/or ‘status’ in Australian universities.

How to apply for credit transfer
You can apply for credit transfer by submitting a course or unit (subject) syllabus or other evidence of your skills with your application. You must also indicate on your application form that you are applying for credit transfer. If you are applying for credit transfer for a design course, you may need to submit a portfolio.

If your application for credit transfer is successful, your letter of offer will state the updated course duration and the amount of credit for which you have been assessed. If you do not apply for credit transfer when you submit your application, you can do so within the first week of commencing your course. Applications for credit transfer made after this time may not be approved.

Applying for your student visa
You will need to obtain an Overseas Student Confirmation of Enrolment (CoE) from Swinburne to complete your student visa application. Your CoE must accompany your application.

Overseas student health cover
All student visa holders must have overseas student health cover (OSHC) for the duration of their visa.

Swinburne can help arrange your visa-length OSHC membership with our preferred provider, Allianz Global Assistance. The OSHC fee will be included with your deposit indicated in your letter of offer.

Visa-length OSHC membership is a once-only payment that provides protection for the duration of the visa. This means that even if OSHC fees increase during the duration of your visa, you do not have to pay any increase.

If you need to extend your OSHC (for example, if you fail some units and need to extend your stay in Australia to complete your course), it is your responsibility to do this directly with the OSHC provider.

Exceptions apply to Norwegian students insured under the Norwegian National Insurance Scheme (NIS) and Swedish students with health insurance provided by CSN International (the Swedish National Board of Student Aid). Please include evidence with your application if you are covered under one of these programs.

Visit www.swinburne.edu.au/international/arrival/health-cover

If you prefer to arrange your own OSHC, please ensure you purchase for the duration of your student visa. You will need to provide us with proof of OSHC when you submit your acceptance form and documents.

Information about OSHC and a list of approved providers can be found online at www.health.gov.au/internet/main/publishing.nsf/Content/Overseas+Student+Health+Cover+FAQ-1

Students with families
If you plan to bring your family to Australia, check if any restrictions apply by contacting the Department of Immigration and Border Protection or the Australian diplomatic mission in your country. You will also need to obtain OSHC membership for your family.

Visit www.swinburne.edu.au/study/international/plan-arrival/family

Children
If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools.

Visit www.education.vic.gov.au to find a complete list of Victorian primary and secondary schools. Information about fees, applications and enrolment for government, primary and secondary schools may be found online at www.study.vic.gov.au

Applications to non-government schools must be made directly to the school of your choice.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.

Your rights and responsibilities
The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector’s involvement with overseas students studying in Australia on student visas.

Restrictions may apply if you wish to change your enrolment. Visit www.swinburne.edu.au/student-administration/enrolment/support/ for enrolment help and support.

Visit www.swinburne.edu.au/current-students/manage-course/fees/paying-fees/refunds-international/ to read Swinburne’s refund provisions, which are outlined in the offer acceptance form.
