Aviation industry

Bachelor of Aviation Management

Course Structure

Bachelor of Aviation Management (BA-AVMGT)

Core units
100
credit points

+

Major units
100
credit points

+

Elective units
100
credit points

=

3-year bachelor degree
300
credit points

Real Industry Experience. **Guaranteed.**

Industry-based project
Aviation capstone project

+

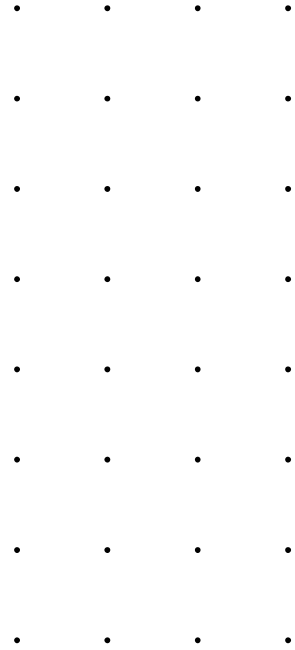

Professional Placement / Internship
optional

- Scholarships
- Mentoring
- Industry visits

Aviation career opportunities

Airline Operations	Maintenance Management	Air Cargo Services	Airport Operations
Flight Dispatch	Aerospace Technology	Unmanned Aerial Systems	Aviation Marketing
Aviation Finances	Hospitality and Tourism	Pilot	Research and Development

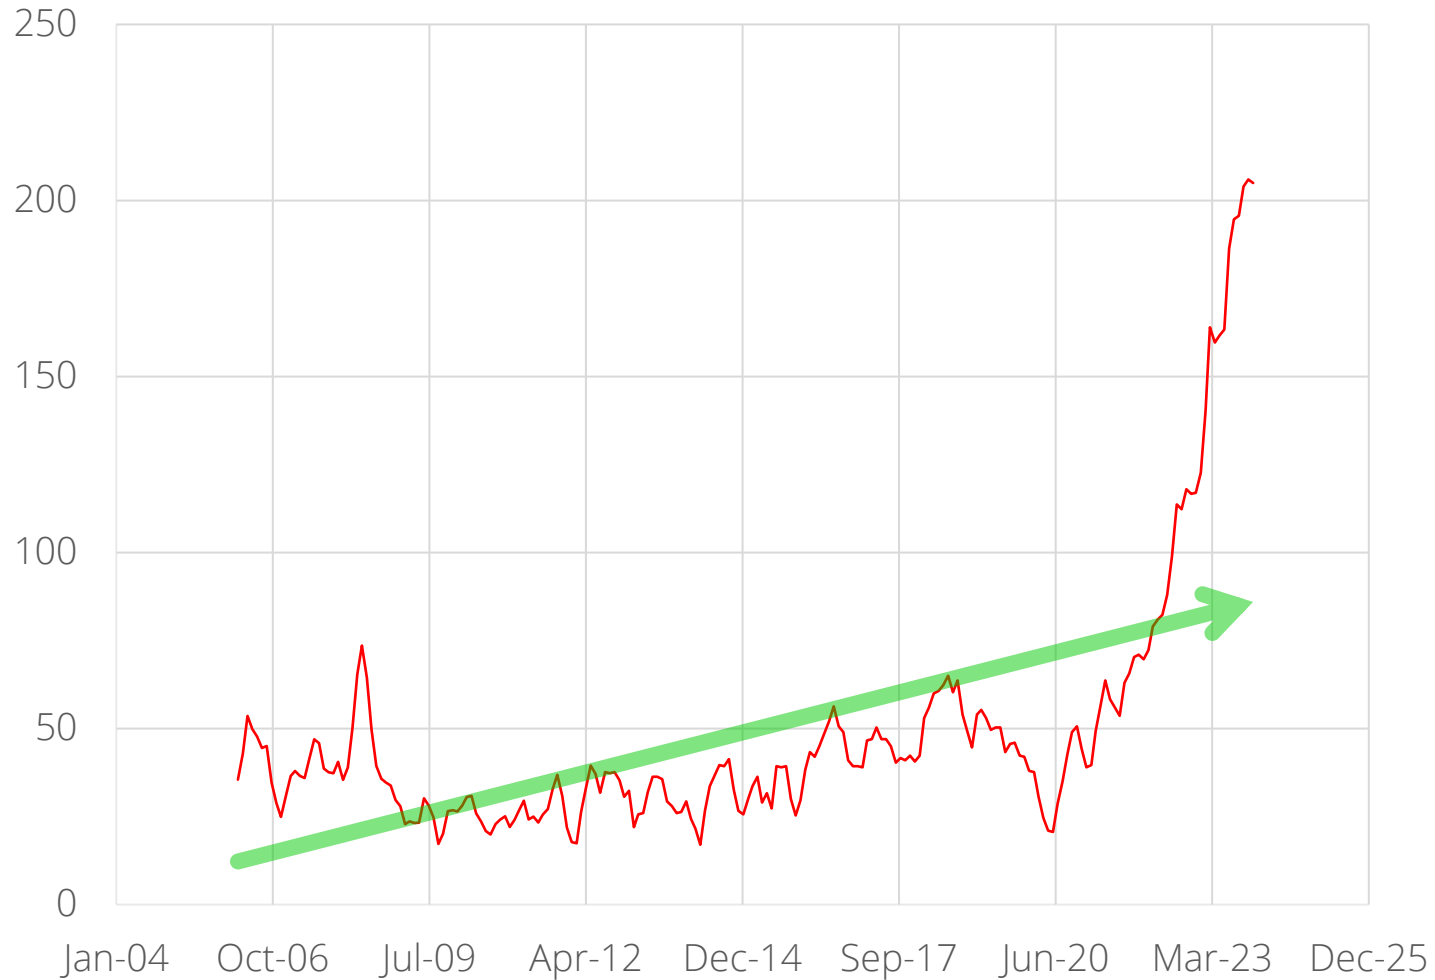

Real Industry Experience. **Guaranteed.**

- Every student, for all Swinburne undergraduate courses, at all stages, will experience Work Integrated Learning (WIL), including an industry placement, internship or industry-linked project as a core component.
- Authentic real-world learning experiences supported by educational and/or industry facilitators.
- WIL activities – codesigned with industry partners.
- Real engagement for students with industry partners (including industry, business, government and community organisations).
- Prepare students for their future careers.

Air Transport Professionals (Jobs Vacancy)

AIR TRANSPORT PROFESSIONALS fly and navigate aircraft, control and direct air traffic to ensure the safe and efficient operation of aircraft in flight and on the ground and instruct students in flying aircraft.

News from Aviation Department

July 2023

We took delivery of a brand-new flight simulator modelled on the workhorse of the short-haul to mid-haul Australian carriers: the Airbus A320. Together with a the 4K wide-angle projected visual system, it makes up the A320 simulation capability.

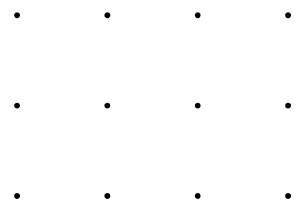

Planned for 2024

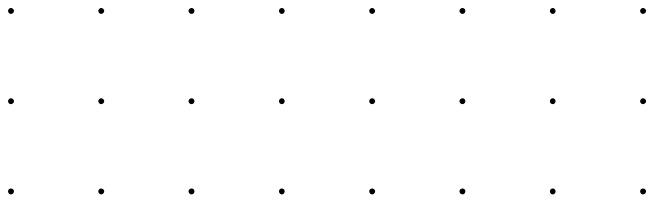

Australia's first fully integrated simulated airline operations control center.

Flight Training Partner - CAE

Samantha O'Connor

16 February 2024

One CAE

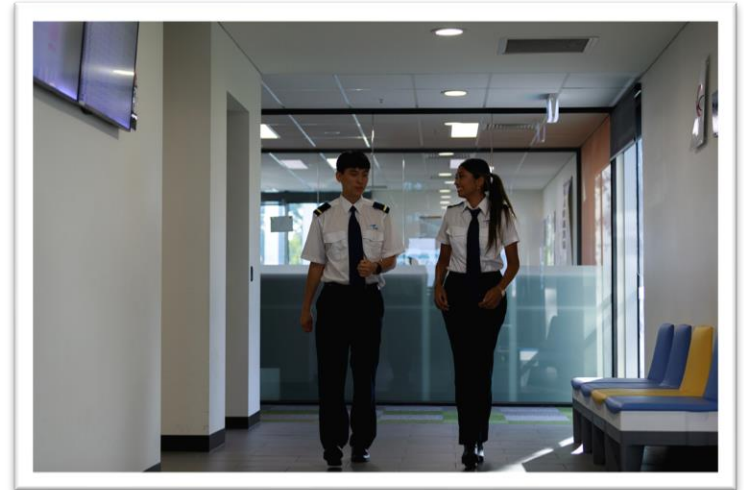

Infinite Possibilities

Our extensive industry partnerships provide our graduates with direct pathways to top-tier airlines around the world. From domestic carriers to international giants, CAE graduates are in demand across the globe

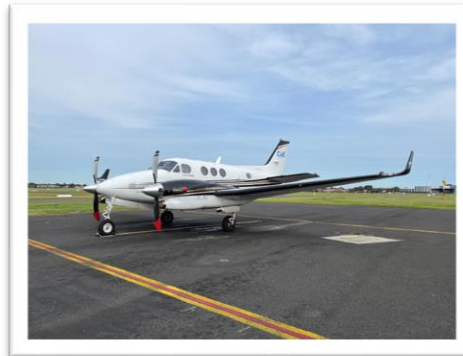

Located just 30 nautical miles from Melbourne International Airport, our training takes place in the same airspace that aspiring pilots will navigate as they embark on their careers.

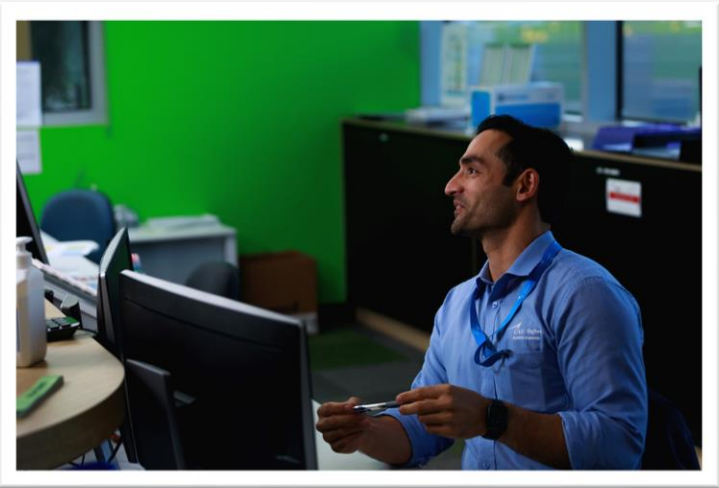

This proximity ensures our students experience the same airborne ATC environment as international pilots, preparing them for success from day one.

Our state-of-the-art Flight Training Academy features cutting-edge technology and direct airside access to aircraft, maximizing training efficiency. Accommodations at our on-site Student Village provide a comfortable and convenient living environment for interstate and international students

With a diverse fleet of aircraft and simulators, CAE ensures our students receive comprehensive training across various aircraft types, preparing them for the dynamic demands of the aviation industry

Bachelor of Aviation Graduate Certificate of Aviation (Piloting)

Fully Integrated Program

Swinburne University Higher Education Degree and CASA-approved Commercial Pilot Licence.

Practical CASA pilot licence training undertaken within the Graduate Certificate Program eg Private Pilot Licence (PPLA)

**Bachelor of Aviation
CASA Licencing *(AVT)**

**Graduate Certificate
in Piloting
CASA Licencing
*(AVF)**

CASA THEORY ACADEMIC UNITS

Theoretical Aviation Units specifically selected to support a career in Aviation.
eg (AVA10003 Aircraft Electrics & Avionics)

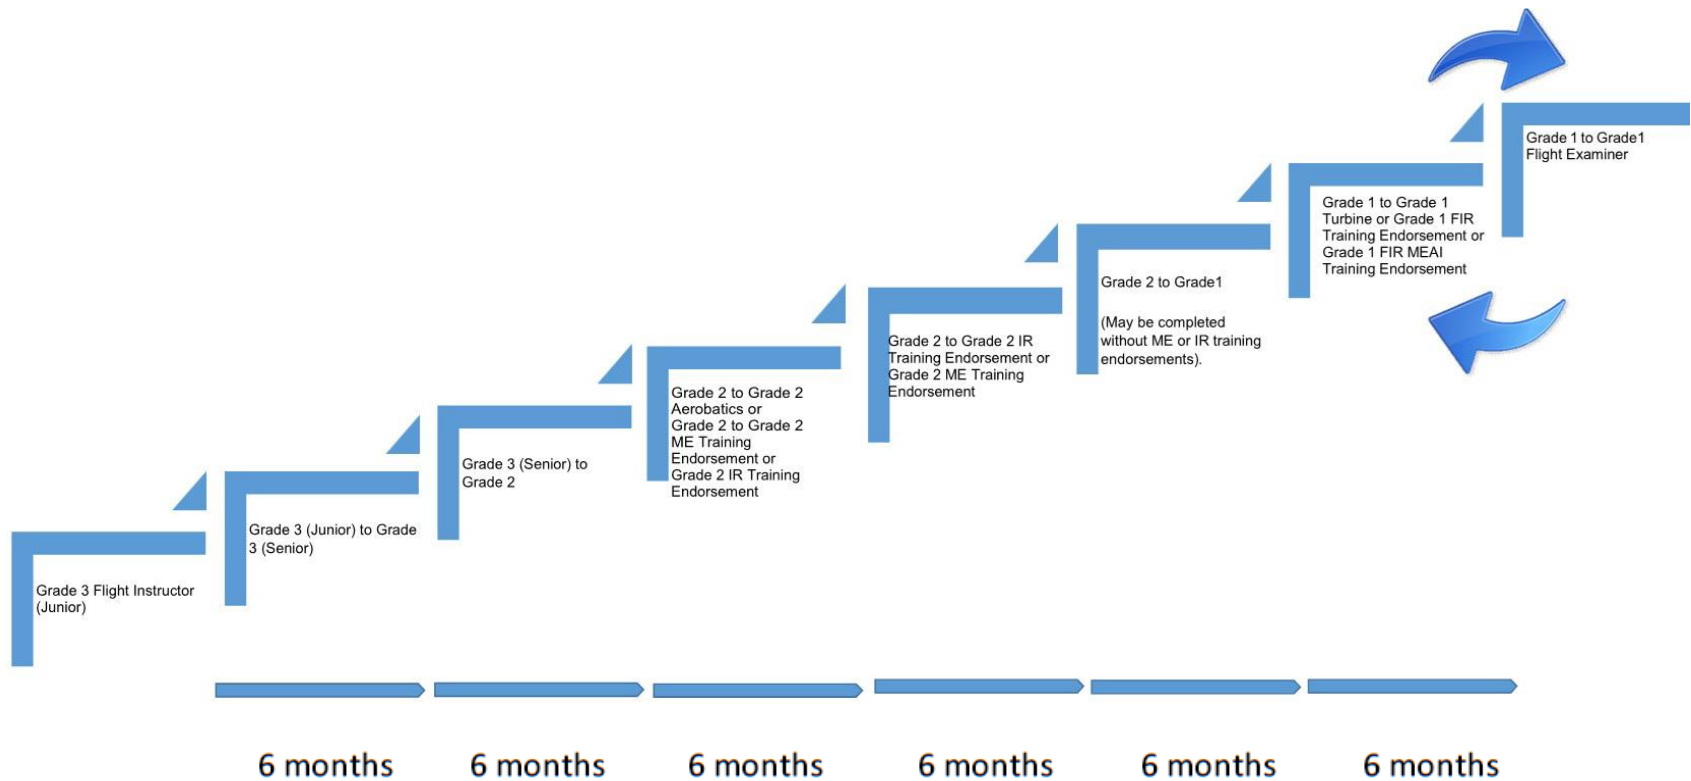

CASA Licencing Theory (AVT10005 Private Pilot Licence Theory)
3:1 each semester.
PPL
IREX
CPL
ATPL

CASA PRACTICAL & THEORY

- Private Pilot Licence (PPL) Theory & Practical
- Multi-Engine Class Rating (CLR ME A) Theory & Practical
- Multi-Engine Instrument Rating (IR ME A) Theory & Practical
- Commercial Pilot Licence (CPL) Theory & Practical
- Airline Transport Pilot Licence Theory (ATPL)
- Multi Crew Corporation & Jet Orientation
- Flight Instructor Rating (FIR)

The Aviation industry and CAE especially continues to recruit FI's to meet industry demands

CAE requires a constant pipeline for FI to meet Airline and University contract requirements

CAE
