

## A PROFESSIONAL DEGREE LOOKS GREAT ON YOUR CV

**At Swinburne, you can enrol in a degree which gives you the best of both worlds: study and the opportunity for professional paid work.**

You'll earn a top-notch qualification in the field of your choice and graduate with a year's worth of Professional Placement experience. Sounds great but how does this benefit your career prospects?

Over the course of your Professional Placement you'll get to explore the avenues that your career could take, build a network, acquire unique industry insights, discover your own capabilities and put your knowledge into practice. Imagine how good this will look on your CV and the competitive edge it'll give you as you embark on your new career.

All this and you still get to enjoy your student benefits!

# WE'LL GET YOU CAREER-READY, SOONER

**During your professional degree, we'll give you all the support you need to find a paid 12-month Professional Placement.**

This competitive yet exciting process gives you a broad range of experiences including preparing for and attending interviews. If you're successful in securing a placement, you'll also enjoy an incredible sense of achievement knowing that you're about to undertake paid professional work. This entire process sets you up with useful, real-world skills which you can put into practice when you graduate.

Our Professional Placements team works closely with an extensive network of industry partners. You'll receive all the support you need to take advantage of the many placement opportunities on offer.

Professional Placements are usually completed in your second or third year. At the end of your 12-month placement, you'll receive academic credit towards your degree.

**In 2019, one hundred and seventy-four students commenced a Professional Placement. We look forward to seeing more students undertake placements in 2021. We hope you join us too!**

**The professional placement component of this degree was the reason I chose Swinburne. As a mature-age student I didn't need to rely on my ATAR which gave me the luxury of being able to pick my degree. The opportunity to get out of the lecture theatre also really appealed to me.**
