PASS at Swinburne - VIDEO TRANSCRIPT

[Panning shot of the outside of the Success Hub on the Hawthorn campus.]

[Aurora speaking to the camera, sitting inside the Success Hub.]

Hi, I'm Aurora, I'm a PASS student leader.

PASS stands for Peer Assisted Study Sessions.

[PASS leader Cinder talking to students in a session.]

Running weekly, it's an opt-in service for studying first year units.

[Aurora speaking to the camera.]

It's run by students previously excelled in the unit so it can help support students no matter what level you're at.

[Cinder talking with the students in the PASS session.]

It's free, it's in the Success Hub and it's helping students improve their results.

[Student scrolling through the PASS webpage on their laptop.]

To find out what units are supported by PASS, check the Swinburne website for the most updated list.

[Students in PASS session talking to each other.]

Or, find PASS on Vygo for the session details.

[Aurora speaking to the camera.]

We hope to see you there!
