### 2024 \_Early Entry Program

Applications for our Early Entry Program open on Monday 1 May. We have retained the same application process as last year.

The program will continue to allow students to apply to Swinburne early and without their ATAR, with early offers based on both a recommendation from their school and responses to the next gen\_now questionnaire. We welcome applications from students who believe they're next gen innovators, but don't think their Year 12 results will reflect their potential as a uni student. Keep an eye out for more details once applications open next week.

### Come meet us at upcoming expos

We're out and about in Term 2, looking forward to chatting with students about our courses and pathways at Swinburne. We will be at the **VCE and Careers Expo** and the **Victorian Careers Show** with our student ambassadors, so please encourage your students to come have a chat with us.

We will also be at Tertiary Information Service events in Term 2 in regional Victoria and Tasmania. Come and say hi!

## Shark Tank eSchool teacher training

The **Shark Tank eSchool (STeS)** online teacher training takes teachers through how to deliver the STeS program. Teachers will develop crucial skills and knowledge to teach entrepreneurship and innovation to students at their school. Year 10 and 11 students who complete the STeS program will also receive a two-point ATAR adjustment when they apply to study with Swinburne.

The two-day training program will run in June and November, with dates confirmed at registration. Take a look at the program preview and be sure to share with any relevant teachers at your school. You can contact Stella Bachtis at [stella@mielab.com.au](mailto:stella@mielab.com.au) for more information and to register your participation.

## Lauren's secondment

Lauren has left the Schools Recruitment team for an internal secondment to the Work Integrated Learning team. She will be in this new role for the next nine months followed by her long service leave until the end of February 2024. We wish Lauren well in her new adventure with our Employability team.

Stay tuned for more updates about Lauren's replacement. In the meantime, **please reach out to the team** if you have any questions.

---

Kind regards,

**The Swinburne Schools Recruitment Team**
