A Day in the Life of a Swinburne Student

We're helping secondary students get a taste of uni life with talks, presentations and hands-on workshops at our Hawthorn campus. These 'day in the life' events will run on 19, 20 and 21 September with four study areas to choose from: STEM, Creative, Business, and Health. Students can sign up for updates now to be notified as soon as registrations open.

Course insight research

We're conducting research to learn more about how some of our courses are understood by industry and both current and future students. We'd also love to hear from Career Practitioners!

The two courses we're currently researching are the **Bachelor of Criminal Justice and Criminology** and the **Bachelor of Science**. If you would like to share your thoughts and impressions, please email us at ugteam@swinburne.edu.au by Friday 9 June and we'll be in touch to schedule a 15-minute call.

Welcome Tegan

Please join us in welcoming Tegan Cockram to our team. Having worked at Swinburne in a range of Future Students roles for over five years, Tegan brings a wealth of experience and course knowledge to the schools team. She will be looking after the Peninsula, Bayside, Waverley, Dandenong, Geelong and Albury/Wodonga regions. She looks forward to connecting with you soon.

Swinburne Innovation Challenge

Dates: 13 September and 29 November

In this eight-week program, high-ability students in years 10 to 12 will work in small teams to choose a challenge, ideate a solution and deliver a video pitch. The program includes a half-day on campus where students will have the opportunity to access our labs and teaching spaces and experience life as a university student. They will be taught by leaders in their field through a blended delivery model and supported by our School Program teaching staff.
