LEAP INTO THE FUTURE WHILE LEANING ON THE PAST

Swinburne Law School is as much about innovation as it is about solid foundations. How else can we make sure you're equipped to thrive in the legal world of tomorrow – grappling with artificial intelligence, big data, cybersecurity breaches and smart contracts gone rogue?

With our Bachelor of Laws, you will be future-ready having access to classes focused on legal technology, big data management, entrepreneurship, privacy and innovation.

Become fluent before you graduate, and you'll be well-placed to take advantage of any disruption the world throws at you.

All of this is layered upon a rock-solid grounding of core legal units, including Constitutional Law, Contract Law and Civil Procedure. Most importantly, we'll give your critical and analytical skills a thorough workout so you'll graduate with a nimble and inquiring mind – still the best tool for a world of rapid change.

WHY US

Three professional placements

Nothing can substitute real work experience to prepare you for work. At Swinburne we are unique in that you will take on three 20-day placements throughout your Bachelor of Laws. Choose to experience completely different legal settings, or, if you already know your area of interest, three similar placements.

Learning made personal

Swinburne Law School admits just 120 students every year. That means our teachers and staff will know your name, and tailor both advice and professional development opportunities to you.

The only dual award in Victoria

Swinburne is the only university in Victoria that enables you to enrol in the Graduate Diploma of Legal Practice while you are completing the final year of your Bachelor of Laws. This additional qualification proves that you have completed the necessary practical legal training to become a lawyer. By studying both concurrently, you can qualify to practise earlier.

WHERE OUR STUDENTS INTERN

From Australia's leading law firms to in-house legal departments, Victoria's state courts to professional associations, you'll have a chance to immerse yourself in a wide and varied range of work environments to help you pinpoint the right career path. You'll also be building your networks, long before graduation.

SWINBURNE LAW STUDENTS TAKE ON THE WORLD IN OXFORD

Swinburne Law School students have excelled at the 17th annual Oxford International Intellectual Property Law Mooting Competition, placing third in the world for their written submissions.

For the second year in a row, Swinburne Law School students qualified for the prestigious competition held at the University of Oxford in the United Kingdom, which attracts applications from law schools around the world.

GLIMPING THE FUTURE OF PRACTICE

For nearly a year, Elliott Mann's been interning at CIE Legal, a boutique law firm that is one of Nissan's legal service providers in Australia.

"Through my placement here, I've been able to see how much potential there is in legal technology and innovation in streamlining and enhancing the day-to-day work of lawyers. Swinburne Law School is equipping me to best take advantage of that."

OPPORTUNITIES BEYOND AUSTRALIA

By winning the Scanlon Swinburne Intercultural Fellowship 2018, Ama Gunathilake had the chance to study abroad and take part in the Indonesia Law, Governance and Culture study tour, created specifically by Swinburne for law students.

During my study tour and time abroad, I was able to observe how each country operates and how the law is implemented in different cultural contexts. It was also amazing to network with NGOs. I hope that I've brought back learnings that can be implemented in Australian society.
