# Become a next gen leader

We're not a university for the staid; we're a university for the starters. When you join Swinburne, you'll join the next generation of thinkers, creators, doers and innovators.

Draw on our digital nous; springboard from our industry connections. Tap into the entrepreneurial spirit that makes Swinburne students so successful. Our postgraduates go on to launch their own startups or soar to the top of some of the world's most dynamic organisations – from not-for-profits to multinationals. Organisations like Google, Apple, Tesla, Deloitte, Pfizer and more.\*

Make the next step in your career and see where Swinburne could take you.

## Business to a tea

Seven years of competitive skydiving taught Nicole to be fearless. That served her well when she started Universal Village, a Fairtrade grocery enterprise. The Master of Entrepreneurship and Innovation then taught her to zoom out from the day-to-day detail and think about her business strategically. Next, she launched Eloments, the world's first 100% natural vitamin tea.

In 2019, Nicole was named a Dynamic Business Top 10 Entrepreneur of the Year and, in 2020, one of the Top 50 Small Business Leaders. Today, Eloments is stocked in over 2000 stores across Australia and the UK, and her original tea brand, Qi Tea, turns over \$1.5 million a year.

### Nicole Lamond

Founder and CEO of Universal Village, Master of Entrepreneurship and Innovation

# Why Swinburne?

## Highest earning postgraduates in Melbourne\*

For a young university, our courses really pack a punch. Postgraduates from Swinburne consistently earn more than their peers from other Melbourne universities. Why? Because they're armed to meet the needs of a modern workforce. Our courses are co-created by industry professionals, so the skills you learn are the skills employers are seeking. Plus, our industry connections mean you could be working on live projects briefed in by real-world clients. All to make you the most employable version of yourself.

## Australia's first Adobe Creative Campus

Digital literacy skills are essential to today's careers. That's why we're the first university in Australia to partner with Adobe as an Adobe Creative Campus. For you, that means free access to over 20 Adobe Creative Cloud applications, including Photoshop, InDesign and Fresco, plus complimentary consultations with our Adobe Digital Coaches. It's another way to make your résumé stand out. Because knowing the tech is as important as knowing the technique.

## Research with impact\_now

A university should question the status quo and shake up the unshakeable. Our Space Technology and Industry Institute is probing the final frontiers of astrophysics, aerospace, AI and more to tackle challenges at the forefront of human understanding and imagination. With our Hydrogen Hub, we're investing in the sustainable fuel of the future, testing and trialling emerging hydrogen technologies that could see Australia building a domestic and export industry in clean energy from renewable sources. These are just two of the many areas in which we're shifting the conversation for good.

## Flexible study options

University should fit around your life. Alongside traditional face-to-face classes, we also offer online options – both in real-time and on-demand. Plus, many lectures and tutorials are held in the evenings or on weekends – perfect if you're working full-time. You could also study through distance learning or choose to study part-time. Some courses and units are offered in intensive mode, which means you cover large amounts of course content over a few days each month – a great way to finish your course quicker. Plus, there's a good chance you'll be eligible for exemptions if you have relevant professional experience, which could reduce the number of units you need to do and allow you to get your qualification sooner.

\*Our postgraduates earn the highest median salary nine years out of any in Melbourne according to the QILT Graduates Outcomes Survey 2020-2022

## Our postgraduate accolades speak for themselves

## Our courses

Postgraduate study will help you stand out in a competitive job market.

Many postgraduate coursework programs are structured as nested suites, meaning you can start with a graduate certificate, continue into a diploma, then go on to a master – and exit with a qualification at any of these points.

Course	Campus	Duration*	Intake	Tuition fee <sup>†</sup>
<b>Architecture and Urban Design</b>				
Master of Architecture	Hawthorn	2 yrs FT/4 yrs PT	Feb, Jul	\$39,800 <sup>‡</sup>
Master of Architecture and Urban Design	Hawthorn	2 yrs FT/4 yrs PT	Feb, Jul	\$39,800 <sup>‡</sup>
Master of Urban Design	Hawthorn	2 yrs FT/4 yrs PT	Feb, Jul	\$39,300
Graduate Certificate of Urban Design	Hawthorn	0.5 yr FT/1 yr PT	Jul	\$19,650
Graduate Certificate of Urban Informatics	Hawthorn	1 yr PT	Jul	\$19,900

Key FT Full time | PT Part time

### Graduate certificates and diplomas

Develop specialist skills to broaden your professional opportunities or test an area of study before committing to a master.

### Master by coursework

Gain a high-level overview and theoretical analysis of an area of study or professional practice.

### Double master

Broaden your scope by combining two areas of study and graduate with two degrees.

Swinburne also offers a range of Higher Degrees by Research, which are not covered in this guide, such as Master degrees by research and Doctorates.

Find out more about these online at [swinburne.edu.au/research/research-degrees](https://swinburne.edu.au/research/research-degrees)

Graduate Diploma of Science (Biotechnology)	Hawthorn	1 yr FT/2 yrs PT	Feb, Jul	\$34,600

<sup>\*</sup>Durations are indicative. If you have prior qualifications and experience, you may be eligible to enter a course with advanced standing and complete the course in less time. Alternatively, you may choose to spread your study load by undertaking part-time or self-paced online study.

<sup>‡</sup>Fees are annual full-time estimates for students commencing in 2024 only. Tuition fees as published are subject to change given individual circumstances at enrolment. These fees apply for units studied in 2024 only and may change for units studied in future years. If part-time study is permitted, annual fees will be proportionally lower based on the number of units taken per semester. For more information, visit <https://www.swinburne.edu.au/courses/fees/fees-for-local-students/>

<sup>‡</sup>Commonwealth supported places (CSP) are available. This means your degree may be partly paid for by the government.

<sup>\*</sup>This course is part of the Victorian Government's Free TAFE for Priority Courses initiative. That means you could have your tuition fees covered in 2024. For more information, visit <https://www.swinburne.edu.au/courses/fees/loans-discounts-local-students/free-tafe-for-priority-courses/>
