

Project Governance Essentials

Project Governance Essentials

🕒 1 day 📍 Face-to-face, Live Online 💰 \$ 900

Strong project governance is key to delivering projects that are not only on time and on budget, but also aligned with organisational goals and stakeholder expectations. Yet, many project professionals find governance complex or unclear.

This one-day live online workshop is designed to demystify governance and equip you with the basic knowledge you need to strengthen oversight, decision-making, and accountability in your projects.

Whether you're a project manager, team leader, or project sponsor, this workshop will help you bridge the gap between project execution and strategic oversight.

Learning outcomes

Upon completion of this course, participants will be able to:

- understand the key terms and concepts in project governance, as well as the significance of governance in successful project delivery
- explore how project governance scales to adapt to varying project sizes, complexities, and organisational contexts to ensure transparency, control, accountability, and flexibility in both scaling up and down.
- consider ways to align project governance with organisational strategy
- recognise how governance practices enhance accountability, transparency, communication and collaboration.

Skills outcomes

Through this course, participants will develop the following skills and knowledge:

- Explore the key aspects of project governance and cost benefits that can be unlocked through effective governance practices.
- Foundational knowledge of common governance structures and use-cases within different organisational contexts.
- Identify appropriate governance structures and tailoring to suit the project needs.
- High-level understanding of the types of project reporting dashboards/tools that facilitate effective governance.
- Exposure to professional bodies and resources to further governance skills.

What you can expect

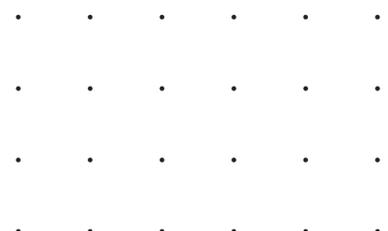

- a workbook to take home or to work that you can reference back to
- learn alongside professional peers, and network
- the immediate knowledge and confidence to implement your new skills.

Pre-course work

There are no pre-requirements for this course.

Who should attend?

This workshop is suited to professionals involved in project delivery, oversight or strategic planning who are familiar with project management practices but have a limited knowledge of governance and how it fits into the PM workflow.

Project Governance Essentials

The Swinburne Edge difference

Swinburne Edge is a division of Swinburne University that exclusively services professionals. We offer professional development to people with existing skills and experience, who are ready to up-skill or formalise their skills for their next career stage.

Immerse yourself in a Swinburne Edge short course or qualification to enhance your current knowledge with fast-tracked, practical learning that gets you to your goal faster.
