Learning and Development Consulting

Working with you

It takes innovation and agility to solve complex business challenges. There is always a commercial need for a business to evolve and continually improve its capabilities. On top of that, the workforce itself has complex learning needs, from skills advancements to substantial cultural and leadership change. Our solutions continually adapt to meet and resolve these challenges.

The Swinburne Edge Difference

Progressive and effective professional learning requires a truly strategic approach coupled with cutting-edge learning methods that work. Swinburne Edge has a suite of courses and qualifications, which are delivered in an accelerated mode specifically designed for busy professionals. We also leverage the experts, research, facilities and services contained within the broader Swinburne University to create tailored learning for many of our clients. The outcomes are:

- High impact learning with demonstrated success stories
- A relentless focus on our clients, with each receiving a Project Manager to ensure learning is delivered smoothly.
- National and global delivery, including on our clients' premises.
- A practical and immediate application of learning which can be implemented immediately.
- Services and solutions can provide organisations with a holistic solution thanks to our dual sector accreditation.

Organisational evolution

Organisations face ongoing challenges in today's competitive landscape that can be resolved with a proactive professional development and learning strategy. Some of these challenges may sound familiar:

- The need for cultural change
- Managing costs, budgets, and growth
- Market competition
- Ongoing re-organisation
- Leadership capability
- Effectiveness of management teams
- Digital literacy and technological advances
- Evolving skill requirements in the years to come

“Everyone gets lost sometimes. We help them find their way.”

Our method

Training Needs Analysis	Customisation	Implementation	Continuous Improvement
We use a blend of our expertise and industry-leading tools to conduct a client needs analysis. Done hand-in-hand with our clients, we uncover their learning opportunities and challenges, and establish exactly what they want to achieve.	Every organisation operates differently. We focus on creating tailored professional learning that transforms employee skill sets in line with each unique organisation, from accredited qualifications to short courses.	Our expert team delivers the goods. From internal curriculum and instructional design capabilities, to our project managers and best-in-field facilitators, your learning program is rolled out with care from day one.	Throughout our clients' learning programs, we track the progress and experience of the participants, create delivery reporting, and liaise with our clients to ensure that we are on track and delivering solutions.

Live Online training

Our **Live Online** training is delivered to you live, providing similar interactions as face to face training with the benefits of remote access. The training is delivered through video conferencing and discussion board platforms. Workshops are broken into interactive video sessions, including presentations and distribution of materials and discussion board based activities. These courses offer the same great quality course and human connection that our classroom delivery does from the comfort of your own home.

Live Online for businesses

For those seeking quick, effective business solutions, our highly customisable Live Online training offers delivery through short bursts of engaging snackable content such as half hour sessions to full consecutive days depending on individual business needs.

By combining our expertise with available technologies, our Live Online model of delivery has been designed to offer greater flexibility, time-saving, and higher velocity outcomes by reaching your staff with relevant and engaging content no matter where they are.

The Live Online e-learning experience still ensures that informative, transformative and interactive content is delivered to learners; allowing for them to return to the workplace inspired, motivated and more skilled.

Live Online for individuals

If you've found yourself with an excess of downtime at home, this will be an opportunity to sharpen skills and develop new ones, to be proactive and become a workplace powerhouse for when things kick back into gear.

We've been working hard to make sure we are still able to deliver our courses to you, without losing the important human connection that our classrooms allow. Our Live Online courses will find you wherever you are.

Evidence

Candidates must provide evidence of knowledge at the time of enrolment.

Pathways*

Courses at Swinburne Professional are designed to get you qualified efficiently. Upon completion of certain short courses and qualifications that have a pathway option, participants have the option to enrol and undertake assessments for specific qualification units. This means participants aren't repeating their studies, which saves money on further study fees.

Flexible delivery and assesment*

Participants have the opportunity to learn through an accelerated pathway program which takes into consideration their time and work commitments. The flexible nature of the qualification means that subjects can be delivered and assessed in a manner that provides the most value to participants.

Customised programs

Programs can be fully customised to meet specific business needs, and can be delivered to multiple employees within an organisation; which is a strategy that drives powerful cultural change.

Building networks

The program provides an opportunity to network with like-minded professionals from a diverse range of industries, and we encourage participants to build professional relationships and support each other throughout the learning process.

Recognition of prior learning (RPL)

Participants can attain recognition of their skills and knowledge through RPL. We can review their evidence of competency and assess if the participant qualifies for RPL.

Graduate pathways

Graduates with at least five years of management experience may receive unit exemptions for Swinburne's MBA program after successfully completing certain Gradate Certificates. Contact us to find out your eligibility to pathway these qualifications into a MBA.

Live Online delivery

Training delivered to you live, providing similar interactions as face-to-face training with the benefits of remote access. These courses offer the same great quality course and human connection that our classroom delivery does from the comfort of your own home. For more information, please refer to page 8.

Course for organisations

These short courses are designed for groups and can be rolled out within your organisation, delivered Live Online or at your premises.

Fees are reviewed each year and are subject to change.

* Participants would have the option to enrol and undertake assessment for the specified nationally recognised units of competency that pathway into the relevant qualification.

TAE40122 Certificate IV in Training and Assessment

TAE40122 Certificate IV in Training and Assessment

🕒 6-8 months 📍 Live Online 4 intensive clusters, 16 days

The Certificate IV in Training and Assessment enables you to gain an understanding of vocational education and develop the required skills and knowledge to be able to design, deliver and assess accredited and non-accredited courses for individuals or groups working in industry. You will be able to deliver and assess competency based on national training packages and qualifications.

This qualification is the minimum requirement to teach or assess accredited programs under the Standards for Registered Training Organisations (RTOs) 2015 and is highly desirable for any person seeking to teach Vocational Education. This qualification is also required in some workplaces delivering non-accredited training.

What you will learn

- design the structure and content of the learning program to meet learning needs
- be able to select the appropriate training package or accredited course where necessary
- determine the language, literacy, and numeracy (LLN) skill requirements of the course or training program, and determine the LLN skills of the participant group
- select and use appropriate resources and strategies to address LLN skills gaps
- prepare and deliver a training presentation while actively engaging the learners, across a range of learning styles
- develop rapport with learners and adapt your teaching style to maximise engagement in a positive, distraction-free learning environment

Entry Requirements

To enrol in this course you must have a vocational competency (defined as broad industry knowledge and at least 12 months of work experience) in training and assessment, which may include work experience or holding a relevant unit of competency or qualification.

Fees

The total fee for the TAE40122 Certificate IV in Training and Assessment is \$6,180. Fees are reviewed each year and are subject to change.

Course delivery

This is an accelerated course that leverages your existing industry knowledge and skills. You will attend four intensive workshop clusters delivered over a total of 16 days as well as complete assessments.

11252NAT Graduate Certificate in Organisational Coaching

🕒 6-12 months 📍 Live Online

This course provides participants with the advanced coaching knowledge and skills required to become a qualified organisational coach. The focus of the course is to develop each participant's coaching ability and professional coaching expertise, and have a strategic understanding of leadership roles in order to coach team members to excellence.

Completed through a series of four-day workshops, work-based projects and tele-tutorials, the program is designed to be a practical experience enabling participants to apply their coaching skills as they coach leaders to excellence and through change within their organisation.

Participants will learn how to:

- Apply coaching practices in organisational settings
- Influence others to gain commitment to implement coaching strategies
- Research, analyse and review situations
- Develop options for addressing problems in the workplace
- Use tools to identify individual characteristics, strengths and behavioural preferences at work
- Identify organisational priorities and set goals for both individuals and teams at work
- Identify learning gaps and create opportunities in the workplace to grow skills
- Assess and implement performance measurement tools
- Apply effective communication and negotiation skills in the workplace.

Experienced industry facilitators

To teach this course, our facilitators are required to have significant experience in coaching, hold a minimum qualification of a Graduate Certificate, and must be accredited with the International Coach Federation (ICF) as either a Professional Certified Coach or a Master Certified Coach. Drawing on their extensive coaching experience and knowledge, our program facilitators provide support and share their industry and life experiences throughout the participant's learning'. They can guide and inspire participants to develop their career direction.

Fees

Tuition fees are based on \$3,740 per unit of study. The total fee for the 11252NAT Graduate Certificate in Organisational Coaching is \$14,960.
