## News and events

### Open Day 2023 | Registrations open

Our Open Day is just around the corner. From 10am to 4pm on **Sunday 30 July**, your students can explore Swinburne up-close with a day packed full of interactive and hands-on experiences, including panels, Q&A sessions, and student work showcases. This is their chance to meet some of our incredible students and academics to ask any questions.

Your students can get one-on-one advice at Launch Pad, the go-to place for info on applications, pathways, careers and more. VTAC will also be present on the day.

[Register now](#)

**Travelling to Open Day from a regional area?**

If you have any Year 11 or 12 students travelling from remote or regional Australia who are planning to attend our Open Day, they might be eligible for the Open Day Regional Travel Grant, which will subsidise up to \$250 of their return travel costs to Open Day. For any questions about eligibility, students can reach out to [studentequitygrants@swinburne.edu.au](mailto:studentequitygrants@swinburne.edu.au).

## Vocational Diploma to Degree packaged pathways

Our Vocational Diploma to Degree packaged pathways are again available for 2024 entry.

If you have a student completing VCE Vocational Major or an unscored VCE, and they still aspire to complete a bachelor degree, these courses offer an excellent pathway that is accessible through VTAC.

Business, Criminal Justice and Criminology, Digital Construction Management, Education, Media and Communication and Psychological Sciences are among the pathways available.

These courses have their own VTAC course code and will be available to preference via VTAC once applications open on **Monday 31 July**.

If you would like to discuss this further, please don't hesitate to reach out via the contact details in the email signature.

Kind regards,

**The Swinburne Schools Recruitment Team**
