An overseas internship is an academic program, and you will be enrolled in a unit of study at Swinburne whilst undertaking your internship. There are a number of different academic units available for you to use (see second page). These units all have their own eligibility requirements and pre-requisites. Swinburne Abroad can provide guidance on the best unit for you to use, based on your course. You must get approval from the applicable person for the unit you want to use.

| Academic Unit Details |                      |                      | Unit Approval           |                        |                       |
|-----------------------|----------------------|----------------------|-------------------------|------------------------|-----------------------|

| <input type="text"/>  | <input type="text"/> | <input type="text"/> | <input type="text"/>    | <input type="text"/>   | <input type="text"/>  |

If you are a domestic student and do not have any elective units remaining in your course, you may add an extra unit on top of you course as an 'overload'. International students cannot overload and you must have sufficient free electives in your course.

## APPROVER COMMENTS

I.e. overloading, ineligible, additional information etc.

## STUDENT DECLARATION

I understand that if I am approved to participate in the overseas internship program I will be enrolled in the applicable academic unit. Therefore, I will need to complete all academic elements and required assessments for the unit.
