KNOW
ING

They say that everyone will have five careers over their lifetime. So we know that this is not just about picking a course. It's about choosing the course your life will take.

And while you might be studying for your first career, you should pick a university that will prepare you for your fifth.

A university full of teachers who are real-world successes themselves. With graduates who are leading their industries, in all corners of the globe. A university that measures its progress by yours.

A university like Swinburne.

MAKING OUR MARK EVERYWHERE WE GO

With a degree from Swinburne, you can go anywhere in the world.

Our graduates are spread throughout the continents and work for the most prestigious companies at the forefront of international business and innovation.

A degree from Swinburne puts you in an enviable position that is recognised and desired by employers globally, from Shanghai to San Francisco.

When you graduate, you'll become one of thousands of Swinburne graduates around the world that are writing their own success stories.

And that's all because a degree from Swinburne sets you up for life.

Our grads work for the biggest and best

NORTH AND SOUTH AMERICA

Tesla, Microsoft, Amazon, Deloitte, Salesforce, Morgan Stanley, Pfizer, Goldman Sachs, PayPal, Facebook.

AFRICA AND MIDDLE EAST

Qatar Airways, Accenture, BHP, Fujita Corporation, Etihad Airways, First Abu Dhabi Bank (FAB), Emirates, Ernst & Young, Cisco, Zenith Bank International.

In demand and paid more

FROM BHP TO SWINBURNE

Before she joined Swinburne, Yvonne spent 11 years at BHP, the second largest mining company in the world. As Senior Research Engineer, she led projects to develop new steel manufacturing processes. Even today, she continues with R&D work for industry and always uses real-life case studies in her classes. She also directs a team that creates work-integrated learning opportunities for students, so that they are better equipped to compete for jobs when they graduate.

Dr Yvonne Durandet, Senior Lecturer (Advanced Manufacturing) and Academic Director (Industry Engagement) in the Faculty of Science, Engineering and Technology.

AUSTRALIA'S FIRST NOBEL PEACE PRIZE

A lifelong activist, Dimity has always pursued the goal of nuclear weapon disarmament. She co-founded ICAN, the International Campaign to Abolish Nuclear Weapons. In 2017, ICAN worked with governments around the world to advocate for the Treaty on the Prohibition of Nuclear Weapons in the United Nations, where 122 countries voted in its favour. Dimity says that what she learnt at Swinburne really built her abilities in writing, research and critical thinking, key skills when it comes to her complex work. And for their efforts, ICAN was awarded a Nobel Peace Prize. However, she knows that the fight is far from over – 69 nations abstained from the vote, including countries with nuclear weapons and members of NATO. Yet she looks forward to every coming challenge.

Dimity Hawkins, co-founder of ICAN, winner of Australia's first Nobel Peace Prize. Bachelor of Arts (Honours) in Politics and current PhD student.

WORKING ON SAGRADA FAMILIA

SINCE 2000

For any architect, the chance to work on Gaudí's Sagrada Família is a career dream come true. Jane has now amassed almost two decades of project experience on this incredibly unique (and difficult) basilica. She first assisted on the Rose Window on the Passion façade, turning scant information into precisely cut stones larger than a human. She then spent many years as a project architect on the ribcage-like colonnade of the same façade. Using unexpected technologies, she helped translate Gaudí's designs, from a 1917 photograph of a lost drawing, into reality.

Currently, Jane continues to engage in research with a range of global industry leaders, including Grimshaw, Haworth, Mirvac and Arup. Everything she has learnt is funnelled into Swinburne's architecture and design program where she prepares students, not for today's practice, but that of the future. To her students she says, "Trust your own curiosity and be willing to take risks. If you can get past small failures, you'll see greater success."

Professor Jane Burry, Dean of Design.

HEAD OF EXPERIENCE DESIGN AT 31

The pursuit to become better every day is what keeps Sherwin going. As an undergraduate student, he signed up for a double degree. As a postgraduate student, he completed a double master. And now, barely into his 30s, he is Head of Experience Design at Ippon Australia, part of a multimillion dollar, global network of IT consulting companies. According to him, Swinburne provided a nurturing environment in which instructors and students could bounce ideas off each other and create truly innovative solutions.

Sherwin Torres, Bachelor of Business Information Systems and Bachelor of Business 2008, Master of Digital Business Management and MBA 2012.

The Swinburne Advantage

Preparing graduates for professional life

Swinburne offers an exceptional education experience that is enhanced by Work Integrated Learning. Work Integrated Learning allows you to get genuine, meaningful and challenging work experience in your chosen field. This leaves you better prepared for finding work once your degree is complete.

That's the Swinburne Advantage.

Professional placements

12-month paid professional placements offer you the chance to work with leading employers, while receiving academic credit towards your degree. As an international student, you must transfer from a standard Swinburne degree to a professional degree in order to participate in a professional placement.

For more, see: swinburne.edu.au/workintegratedlearning/

Professional internships

Internships offer you the chance to gain valuable professional experience while studying. If selected for an internship, you will be placed with a leading employer in your chosen field of study. Internships can take place one or two days per week during a semester – or more intensively over summer or winter break.

Accreditation placements

Some degrees require mandatory work placement as part of accreditation, while others don't. At Swinburne, we have longstanding relationships with top companies and organisations that welcome Swinburne students every year.

Industry study tours

An industry study tour offers you the opportunity to travel overseas and gain experience in your field of study. The tours give you credit towards your degree and enhance your learning by offering you an international perspective.

Industry-linked projects

Industry-linked projects allow you to take on authentic workplace challenges related to your future career. All projects are team-based and led by working industry professionals. Projects are normally undertaken as a unit of study during your final year.

Student Life Volunteering Program

The Student Life Volunteering Program provides you with opportunities to contribute to the Swinburne community through leadership and volunteering roles. Volunteers develop practical experience and have opportunities to undertake training and obtain certifications in a number of fields.

Opportunities may include mentoring, volunteering at events and activities hosted by the university or its faculties, or participation in academic panels and hearings.

For more, visit swinburne.edu.au/current-students/work-study-opportunities/leadership/volunteer-program/

Careers and employment services

Careers and Employability has experienced career counsellors who provide a range of free career services for current students and recent graduates. The centre also offers a range of additional services to assist students with employment, including:

- résumé-checking
- interview practice sessions
- on-campus employment fairs
- job workshops.

For more, visit swinburne.edu.au/study/life/careers-employment

SwinEmploy

SwinEmploy is an online job database that advertises professional, part-time and casual jobs. Once registered, students receive regular emails about jobs relevant to their study areas.

Studying abroad

The cultural experience of international study offers you an opportunity for personal growth. There are several international study opportunities for both degree and diploma students, and your international study experience may be credited towards your course.

For more, visit swinburne.edu.au/abroad

IN THE MIDDLE OF MELBOURNE

Swinburne's main campus is located just 10 minutes from the city, in Hawthorn, also known as Melbourne's unofficial education precinct. Besides Swinburne, the neighbourhood is home to Melbourne's best private schools, including Scotch College, Strathcona Girls School, Methodist Ladies College and Xavier College.

Studying at Swinburne means studying in one of the world's most well-regarded cities, famous for its quality of life. The Economist Intelligence Unit's Global Liveability Ranking has rated Melbourne the World's Most Liveable City – for the seventh year running. And when you get to know Melbourne, it's easy to see why.

Home to four million people, Melbourne is a thoroughly international city, a veritable melting pot, with an enviable array of food, culture, scenery, and sport to be enjoyed. It's a smart city of hidden treasures, secret laneways and rooftops, which reveals itself to you slowly, before you become old friends.

16% of Swinburne's student population is international

Top things to do

See native Australian animals

Leave the city for Healesville Sanctuary and get face-to-face with kangaroos, wombats and more. Or drive to Phillip Island to cuddle koalas or watch fairy penguins make their way home as the sun sets.

Eat your way around the world

Melbourne loves food, and you'll love the food in Melbourne. From authentic French croissants in Fitzroy, to delightful dumplings in Chinatown, Melbourne has restaurants and cafés specialising in food from around the world. Melbourne is a culinary whirlwind that'll sweep you off your feet and fill up your belly.

Enjoy the coffee culture

Melbourne's coffee credentials are recognised and revered all around the world. Coffee culture is as much a part of Melbourne as footy or trams. In every suburb, you'll find world-class coffee shops serving up some of the best beans around. Close to our Hawthorn campus, you'll find Axil Coffee who brew one of the finest cups in the city.

Laneways, arcades and street art

Between Melbourne CBD's sprawling thoroughfares, you'll come across many unassuming laneways. Step into one, and you might stumble across unexpected surprises, from hidden bars and restaurants, to boutiques and world-class street art. Melbourne is also famous for its European-inspired arcades where you'll find everything from beautiful barbershops, to chocolatiers, and more. Go forth and explore.

Explore Victoria

Victoria is ripe for exploration, with so many things to see and do. Head for the Great Ocean Road and see the world-famous Twelve Apostles. Check out Philip Island, home to the famous Penguin Parade. See Wilsons Promontory National Park, famous for its stunning beaches and unspoilt beauty. Sip on award-winning wine in one of Yarra Valley's many wineries, or, when winter comes, go skiing in the High Country's snowfields.

Go to a Richmond footy game

Australian Rules Football is an inseparable part of life in Melbourne. It so happens that Swinburne is partnered with Richmond Football Club, the 2017 premiership winners! Once you've been to a game, you can proudly call yourself a local.

OUR **MELBOURNE** CAMPUSES

Hawthorn campus

Our main campus is nestled alongside the Glenferrie Road shopping precinct, where every convenience is to be found. Cheap eats, cafés, fine restaurants, a sport and recreation centre, a cinema, international grocery stores and shops of every kind create an enticing environment in which to study and relax.

At Swinburne, we are constantly investing in the future. In recent years, the Hawthorn campus has undergone extensive development and refurbishment, and now features modern, world-class facilities with cutting-edge technology.

In 2014, the A\$100 million Advanced Manufacturing and Design Centre was opened. This state-of-the-art facility gives researchers and students the opportunity to use the latest manufacturing and design techniques and technologies. The new centre has helped to cement Swinburne's reputation as a hub for research and development.

Swinburne also boasts the Advanced Technologies Centre, an elite facility that plays host to a number of excellent research spaces, including the Smart Structures Laboratory which focuses on structural engineering – the only one of its kind in Australia.

Swinburne's main campus is along lively Glenferrie Road in the heart of Hawthorn.

Wantirna campus

Our Wantirna campus is located in Melbourne's eastern suburbs, close to Knox City Shopping Centre.

The Wantirna campus is home to the A\$11 million National Centre for Sustainability. Wantirna focuses on delivering hands-on, practical learning experiences. Facilities include simulated classrooms for students studying children's studies; practical nursing training facilities, with two 10-bed training labs; a horticultural complex featuring green houses, work sheds, and a specialist landscaping building; plus specialist electronic training facilities for students completing apprenticeships.

In Wantirna, we deliver courses in areas such as building, business, community services, computing, design, early childhood education, engineering, horticulture, information technology, and nursing.

Croydon campus

Our Croydon campus is located in the foothills of beautiful Mount Dandenong. Eastland Shopping Centre is a quick drive, or a two-stop train journey away, providing extensive shopping and restaurant options.

At Croydon, we focus on trades training, as well as youth programs such as pre-apprenticeships and the Victorian Certificate of Applied Learning. Diploma and certificate courses can be completed in areas such as plumbing, building and construction, as well as spoken and written English.

The Croydon campus is home to the innovative A\$10 million Flexible Green Trades Complex. The complex focuses on enhancing the learning and up-skilling of builders, plumbers and other construction apprentices in green trades, alongside traditional plumbing courses. Courses and specialist building workshops that provide hands-on trades training in a realistic environment are also run here.

OUR **SARAWAK** CAMPUS

This campus is located in the beautiful city of Kuching in Sarawak, Malaysia.

Kuching has been described as one of Southeast Asia's most liveable cities, famous for its relaxed lifestyle, clean environment, and its proximity to beautiful beaches and nature reserves.

All of this, along with its rich history and old-world charm combined with 21st century modernity, makes Kuching and Swinburne Sarawak the perfect place to pursue your studies.

Swinburne Sarawak offers courses in business, design, engineering, IT, and science. All courses are identical to those offered on the Melbourne campuses, and degrees are awarded with Australian testamurs.

Swinburne Sarawak boasts a modern and pristine study environment, with state-of-the-art facilities that include lecture theatres, computer labs, research labs, a digital resource centre, auditorium, student lounges, and sporting facilities – all housed in contemporary, custom-designed buildings.

The many recreational clubs, societies, and activities on offer, make campus life at Swinburne Sarawak interesting, appealing, colourful, and engaging.

SWINBURNE LIFE IS WHAT YOU MAKE IT

Being at university isn't just about studying and finding a job. It's also about finding yourself and finding what interests you.

Student life involves making new friends, building bonds, exploring, and having fun. That's why your student years will be some of your most enjoyable.

At Swinburne, you'll be supported, nurtured, and empowered to grow in a stimulating learning environment. We'll encourage you to find your purpose, or your passion, and to pursue it with all your energy.

We want you to see your years at Swinburne as a time that had a positive impact on your life, setting you on course for success.

International student advisers

Living and studying away from your home country can be challenging. That's why, at Swinburne, we have dedicated International Student Advisers available to help you at any time. Whether you've had an accident, or need advice on jobs, visas, or accommodation, Swinburne's International Student Advisers are here to help you – no matter what issues you face.

For more, visit swinburne.edu.au/current-students/student-services-support/international/

After-hours information hotline

Swinburne's after-hours hotline provides information, assistance and advice to international students. Whether your enquiry is medical, safety, environmental, mental health, accommodation, or transport related, you can pick up the phone and call us on 1800 022 168.

This service is available Mon–Fri 5pm–9am, and on weekends 24hrs a day.

Facilities and services

Outside of lectures and tutorials, you'll be required to complete assignments, prescribed readings, and study for exams. The on-campus library has everything you need to complete your studies to the best of your ability. However, if you feel like an adventure – and a flat white – there are numerous cafés around campus with wifi hotspots where you can happily study or work on assignments.

Other student services available to you include:

- advocacy
- career and employment guidance
- counselling
- health
- housing assistance
- disability support
- financial advice
- learning and study skills support
- legal advice
- child care.

Learning and Academic Skills Centre

Adjusting to the pace of university-level learning can sometimes be difficult and demanding. That's why, at Swinburne, we have a Learning and Academic Skills Centre, to help you get the most out of your studies. Help is available in a range of areas, including:

- essay, report and thesis writing
- maths, statistics, physics and chemistry
- presentation techniques and public speaking
- researching and academic referencing
- making assignments look more professional
- exam study techniques.

You can attend free workshops and seminars, and make individual or group appointments with our advisers. Online resources are also available at swinburne.edu.au/las

Make yourself at home in Hawthorn

Swinburne Student Life coordinates clubs, societies and events at the university.

Clubs and societies

One of the best bits of starting university is making new friends. Joining clubs and societies is a great way of doing this because you meet new people with similar interests. At Swinburne, there are a huge variety of clubs and societies to choose from. No matter what you're interested in, whether it's religious, cultural, music or sport related, you'll find it at Swinburne. And if you can't, starting your own club or society is easy and fun to do!

For more, visit studentlife.swinburne.edu.au

Sport and recreation

As a Swinburne student, you can swim for free, as well as get discounted rates on gym passes and personal training at Hawthorn Aquatic and Leisure Centre. The centre has indoor and outdoor pools, as well as a number of group fitness classes on offer. If sport is more your thing, Swinburne also has plenty of clubs that you can join, with all manner of sports on offer.

Events and activities

Swinburne students enjoy a full calendar of events and cultural activities. Throughout the academic year, there are numerous free social events and activities on campus, as well as fully organised trips to popular Australian tourist destinations. There's always a lot to look forward to at Swinburne. We're sure you'll enjoy the balance between study and student life.

YOUR SAFETY COMES FIRST

Throughout the semester, many students stay late on campus to finish assignments, complete group work, or to study for exams. At Swinburne, your safety and wellbeing is our priority, that's why we provide services which include:

The Hawthorn night bus

This bus will drop you wherever you request, within the boundaries of Riversdale Road, Auburn Road, Barkers Road, and Power Street.

Security officers

Swinburne Security patrol campus day and night. They can be identified by their high-visibility clothing. If you need them, they will be more than happy to walk with you anywhere on or around campus. Security staff can also be found in the security office on the Hawthorn campus, which is open 24 hours a day, seven days a week.

Safe@Swin app

Safe@Swin is the official app of Swinburne's Safer Community Program, which can be downloaded from the App Store and Google Play. The app provides easy access to contact details for security guards and student support services, as well as information on reporting emergencies and safety issues. The app also features campus maps, as well as personal safety tools and advice.

PSOs

If you catch the train home from uni at night, you'll find comfort in knowing that Glenferrie station is well lit and is patrolled by protective service officers, right up until the last train leaves.

This is an edited extract of an article that originally appeared on Swinburne's Tumblr, Knowing. The article was written by a Swinburne student completing a 12-month paid professional work placement in our Media and Communications team.

Check out more stories about life on campus at knowing.swinburne.edu.au

LIVING IN MELBOURNE

Living costs

Your living costs will depend on your accommodation choice and your type of lifestyle. Because of that, this section is only a rough guide, as individual expenses will differ.

Students who are living and studying in Melbourne will require approximately A\$23,000 to A\$30,000 per year for ongoing living costs – not including tuition fees or airfares. On top of this, it's important to budget for the costs of moving to Melbourne and setting yourself up. We advise budgeting approximately A\$2500 to A\$5000 for these costs.

For more, visit swinburne.edu.au/current-students/student-services-support/international/costs-banking/

The Australian Government requires prospective student visa applicants and any family members accompanying them to have access to minimum funds to meet the living costs requirements.

For more, visit: homeaffairs.gov.au/students

Finding a home

Whether you want to live on or off-campus, there are many options to choose from. Visit swinburne.edu.au/accommodation

SCHOLARSHIPS

Excited about moving here to study? We're just as thrilled to welcome you. That's why we've created scholarships just for international students. If you're awarded one, you can focus less on finances, and more on learning and experiencing all that Swinburne has to offer.

Up to 25% off your tuition fees

If you've excelled in your previous study, you could be awarded a Swinburne scholarship. Generally, the better your grades, the higher the initial scholarship amount. If you continue to do well in your studies at Swinburne, you may also be rewarded with increased scholarship amounts.

Automatic consideration

There's no need to apply for these scholarships separately. When we assess your application to study at Swinburne, we automatically consider you for scholarships. If you are successful, your scholarship details will be included in your offer letter.

Swinburne International Excellence Pathway Scholarship

From A\$2500 to A\$5000

This could be for you if you are studying:

- foundation year + UniLink diploma + bachelor degree
- foundation year + bachelor degree
- UniLink diploma + bachelor degree

Good to know

If you excel in your foundation year and/or UniLink diploma, you could also receive a Swinburne International Excellence Undergraduate Scholarship for your bachelor degree.

Swinburne International Excellence Undergraduate Scholarship

Up to A\$38,000 total for most bachelor degrees

This could be for you if you are studying:

- Any bachelor degree except the Bachelor of Aviation and Piloting, and the Bachelor of Aviation and Piloting/Bachelor of Business double degree.

For our full range of scholarships, visit swinburne.edu.au/international/scholarships

"Obtaining a scholarship allowed me to focus purely on my learning and experiences at university without having to worry about accumulating a large amount of student debt. Studying the double degree has helped me narrow down the work I'd like to do once I graduate."

Lois

Bachelor of Design (Communication Design)/Bachelor of Business Scholarship recipient

How your degree is structured – some examples

Three-year degrees

Our standard three-year degrees are made up of 24 units or classes.

You'll complete core units designed to prepare you with essential skills and knowledge relevant to your chosen degree.

Many degrees also offer the flexibility to choose a second major – either from your area of study or from another discipline – as well as elective units. A Work Integrated Learning option, like a paid work placement or an industry study tour, is a great way to gain practical experience while earning credit towards your degree.

This table is only an example. For exact details of your chosen degree, please visit our website.

Year 1	Semester 1	Core	Core	Core	Core
	Semester 2	Core	Core	Major	Elective
Year 2	Semester 1	Core	Major	Elective	Elective
	Semester 2	Core	Major	Elective	Elective
Year 3	Semester 1	Major	Major	Elective	Elective
	Semester 2	Major	Major		Elective

Four-year degrees

Some four-year degrees offer highly specialised teaching. They feature extra core units that cover off the essential skills and knowledge you need to complete your chosen degree.

Many of these degrees include work placements that provide you with professional experience and hands-on skills learnt in the setting of your future workplace.

This table is only an example. For exact details of your chosen degree, please visit our website.

Year 1	Semester 1	Core	Core	Core	Core
	Semester 2	Core	Core	Core	Core
Year 2	Semester 1	Core	Major	Major	Major
	Semester 2	Major	Major	Major	Major
Year 3	Semester 1	Core	Major	Major	Major
	Semester 2	Major	Major	Major	Elective
Year 4	Semester 1	Core	Major	Elective	Elective
	Semester 2	Core	Major	Major	Elective

World-first educational partnership

Swinburne and Adobe have partnered to develop a globally unique education program for the future generation of digital marketing professionals. Adobe Marketing Cloud is the world's leading digital marketing technology delivering engaging customer experience. Adobe estimates that more than 75% of NASDAQ listed companies use Adobe Marketing Cloud.

Professional recognition

Our arts and humanities courses provide many opportunities to connect with leading industry organisations.

Graduates of the digital advertising technology major may be eligible for membership of the Australasian Interactive Media Industry Association.

Graduates of the journalism major may be eligible to apply for membership of the Media, Entertainment and Arts Alliance.

Double degrees may provide additional opportunities for membership.

Building my portfolio as I study

"My course has fostered my creative and personal development over the past few years. I believe my biggest achievement at Swinburne has been the building of my professional portfolio. My tutors have genuine concern for their students and encourage us to get the most out of our university experience."

Aziza

Studying Professional Writing and Editing

COURSE	DURATION	WHERE	INTAKE
ADVERTISING			
Bachelor of Arts with a major in Advertising Gain vital knowledge and skills needed to succeed in the complex and creative world of advertising. Explore effective design and strategy, as well as advertising development, implementation and evaluation. Diploma of Arts and Communication (UniLink) Successful completion of this course may provide a pathway to second year of a related bachelor degree.	8 months	Hawthorn	Feb, Jun, Oct

International study tour

You've heard of Boeing and Airbus – now visit their facilities, as well as leading airline facilities around the world.

Fly in your first week

Swinburne's Bachelor of Aviation and Piloting integrates study and theory from the start, so you'll be flying from Week 1.

CAE Oxford Aviation Academy

You'll be learning to fly with the largest training organisation in Australia. CAE Oxford Aviation Academy is located at Moorabbin Airport where the busy flying environment is great preparation for a career as a commercial pilot.

Aviation

- Bachelor of Aviation Management

Industry leaders

Our industry advisory board members work for organisations including Qantas, Jetstar, Virgin Australia and Tiger Airways.

Piloting his own dreams

"I've wanted to be a pilot since I was 5-years-old! The aviation industry in Peru isn't big and my parents and I were looking for high-quality living, education and flight training. Swinburne was a good option because of their partnership with CAE Oxford, the world's largest flight training network. The most fun part of my course has been flying aerobatics in the Decathlon aircraft!"

Nicolas Bacigalupo

Bachelor of Aviation and Piloting

Studio-based learning in the Bachelor of Design (Architecture)

Benefit from hands-on experience in a design studio, spending half your time working in a simulated practice environment alongside practicing architects.

Strong focus on digital technology

Architecture students develop skills in digital and physical modelling and prototyping, 3D digital modelling and CAD software.

Study what you like

Choose from a wide range of design units as part of your architecture degree, including interior architecture, industrial design, branded environments and more.

21st century design

From crafting areas that promote wellbeing, to engineering bridges and designing interiors for the future, Swinburne's courses in Built Environment and Architecture emphasise craftsmanship, sustainability and innovation.

In 2018, two new architecture courses were offered, including an architecture degree and a major in architectural engineering. With a focus on digital technology, sustainability, smart cities, social innovation, and health and wellbeing, these courses will provide a response to the needs of a changing industry.

Bring out the best of the natural landscape, design sustainable spaces for communities, or create innovative infrastructure with Swinburne's 21st century courses in Built Environment and Architecture.

Design Institute of Australia's Graduate of the Year 2018

Swinburne's practical learning style meant that Chrissa constantly had new pieces to add to her portfolio, the most essential demonstration of ability for any designer.

For her capstone project, Chrissa put forward an idea to reinvigorate the iconic Campbell Arcade in Melbourne's CBD, an underground shopping precinct that connects Degraes Street and Flinders Street Station. That idea rounded out her already impressive portfolio, earning her the Graduate of The Year award.

Chrissa Drossopolous

Bachelor of Design (Interior Architecture) (Honours)

COURSE	DURATION	WHERE	INTAKE
ARCHITECTURE AND BUILT ENVIRONMENT			
Bachelor of Design (Architecture) NEW! Gain a deep understanding of innovative building design. Tackle digital technology, environmental awareness, construction, practice, ethics, history and theory. Resolve a wide array of design challenges by formulating and actualising innovative design ideas in a series of stages from conception to finished design. Career opportunities: Architecture roles for private and corporate architecture firms, government organisations, development companies or in the building and design sector.	3 years	Hawthorn	Mar
ARCHITECTURAL ENGINEERING			
Bachelor of Engineering (Honours) with a major in Architectural AM NEW! Combine innovative design principles with an engineering approach to architecture. Gain the technical expertise and management skills needed to plan, design and build spaces that people want to live and work in. Apply best practices in sustainability, health and wellbeing, and SMART technology to architecture. Undertake at least 12 weeks of professional experience. Career opportunities: Design engineer, structural systems engineer, architectural engineer, project engineer.	4 years	Hawthorn	Mar, Aug
CIVIL ENGINEERING			
Bachelor of Engineering (Honours) with a major in Civil AM Gain technical expertise and management skills needed to plan, design, construct and maintain infrastructure such as buildings, bridges, dams, water supply systems, waste treatment systems, road and rail networks, airports and seaports. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Civil engineer, civil design engineer, structural engineer, environmental engineer.	4 years	Hawthorn	Mar, Aug
CONSTRUCTION			
Bachelor of Engineering (Honours) with a major in Construction AM Learn comprehensive theory and gain practical experience in construction engineering, project management and risk management to deliver large infrastructure projects such as buildings, bridges, road and rail systems, water supply systems, waste treatment systems, airports and seaports. Undertake at least 12 weeks of professional experience. Career opportunities: Construction engineer, construction manager.	4 years	Hawthorn	Mar
INTERIOR ARCHITECTURE AND DESIGN			
Bachelor of Design (Interior Architecture) (Honours) ADM Learn about the environments in which we spend our lives and how they are formed and fabricated. Learn to capitalise on new technologies and materials in the construction of indoor and outdoor 3D spaces. Career opportunities: Interior designer, industrial designer, property designer, retail designer, product designer, design consultant, business strategist.	4 years	Hawthorn	Mar, Aug

Professional recognition

Our business courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study.

Head of revenue growth at Coca-Cola Vietnam

According to Jerry Anh Duc, his career at Coca-Cola began at Swinburne. While working on his capstone project in his final year here, his course convenor introduced him to the Chief Financial Officer of Coca-Cola Vietnam, who offered him an internship in the financial planning team. Jerry quickly worked his way up and is now Revenue Growth Manager reporting directly to the Commercial Director. "The knowledge and skills that I gained from my time at Swinburne continues to give me a big advantage over others," says Jerry. "If I had to do my bachelor degree again, I would still pick Swinburne."

Jerry Anh Duc Nguyen

Studied Accounting and Finance, and graduated in 2013.

Source: QILT Student Experience Survey 2016 and 2017; Good Universities Guide 2018; 2018 Academic Ranking of World Universities.

Swinburne Design Factory Melbourne

Solve problems or improve products and services while working on industry projects as part of a global network in the first 'living lab' dedicated to design in Australia.

Adobe Partners by Design

Swinburne is one of just three Australian universities to be a member of the Adobe Partners by Design program, a global network of art, design and film schools.

World renowned for design

Swinburne is the largest and most successful design research institution in Australia. We're also a global leader, ranked Top 40 in the world for Art and Design by the 2018 QS World University Rankings by Subject.

Professional recognition

Our design courses are recognised by leading industry organisations. As a Swinburne student, you'll enjoy the benefits of recognition from and membership with the Australasian Interactive Media Industry Association, Australian Graphic Design Association and/or Design Institute of Australia.

Double degrees may provide additional opportunities for membership of industry organisations.

Immersed in design

"There have been many highlights so far – going to workshops and print studios – it's really interesting. It's been a big adjustment moving from Malaysia. But now I'm fully independent!" says Ian.

He chose Swinburne because of its high-rank and reputation for innovation. After he completes his studies, he hopes to design products for tech companies like Apple.

Career opportunities: Communications designer, web designer, UX designer, interaction designer, experience designer, design consultant.	3 years	Hawthorn Online	Mar Mar, Jul, Nov
DIGITAL MEDIA DESIGN			
Bachelor of Design with a major in Digital Media Design ADM Learn how to develop and deliver a range of digital media applications, including projects for web, digital film and television production, interactive digital media and handheld mobile devices. Gain skills in animation, 3D modelling, digital video, audio media and communication design for electronic media. Career opportunities: Web and interactive design, UX designer, app designer, mobile designer, visual effects designer, design consultant.	3 years	Hawthorn	Mar, Aug
INDUSTRIAL DESIGN			
Bachelor of Design (Industrial Design) (Honours) ADM Learn how to develop products that meet human needs and expectations, ranging from personal and household items to commercial and industrial equipment. Develop creative and technological aptitude through a user-centred design program supported by business studies, professional practice, consumer knowledge, sustainability and design ethics. Career opportunities: Industrial designer, product designer, usability designer, model maker, computer-aided designer, design consultant.	4 years	Hawthorn	Mar, Aug
INNOVATION AND DESIGN			
Bachelor of Innovation and Design Learn about the relationship between innovation, design, entrepreneurship and creativity. Gain an understanding of the principles and theories of design in a business and innovation management context. Career opportunities: Product development manager, product designer, business development manager, innovation manager, design consultant.	3 years	Hawthorn	Mar, Aug

Design

COURSE	DURATION	WHERE	INTAKE
INTERIOR ARCHITECTURE AND DESIGN			
Bachelor of Design (Interior Architecture) (Honours) [ADM] Learn about the environments in which we spend our lives and how they are formed and fabricated. Learn to capitalise on new technologies and materials in the construction of indoor and outdoor 3D spaces. Career opportunities: Interior designer, product designer, property designer, retail designer, product designer, design consultant, business strategist.	4 years	Hawthorn	Mar, Aug
MULTIMEDIA DESIGN			
Bachelor of Design (Multimedia Design) Gain design skills across a range of disciplines such as web design, traditional and digital publishing, branding, experiential design, photography and image production. Learn to develop and deliver digital media applications including projects for web, digital film and television production, interactive digital media and handheld mobile devices. Acquire skills in animation, 3D modelling, digital video, audio, media and communication design for electronic media. Career opportunities: Web and interactive design, UX designer, app designer, mobile designer, visual effects designer, design consultant.	3 years	Sarawak	Jan, Feb, Sep
PHOTOGRAPHY			
Bachelor of Design with a major in Photomedia [ADM] Learn photography skills that go far beyond the darkroom and collaborate with art directors, content developers and designers to create sophisticated campaigns, publications and digital products. Discover a range of conceptual and technical practices in photography and learn how to apply them to advertising, communication design, digital publishing, exhibition design, motion graphics and video. Career opportunities: Photographer, video and motion graphics specialist, advertising consultant, design consultant.	3 years	Hawthorn	Mar, Aug
PRODUCT DESIGN ENGINEERING			
Bachelor of Engineering (Honours) with a major in Product Design [AM] This course combines studies in industrial design and engineering, linking the creativity and human-centred approach of industrial design with the academic rigour of engineering science, material and manufacturing process selection, project management and innovation. Develop skills needed to design and develop competitive products for Australian and international markets. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Industrial designer, industrial engineer, product designer, product design engineer, entrepreneur, design consultant.	4 years	Hawthorn	Mar, Aug
UX INTERACTION DESIGN			
Bachelor of Design with a major in UX Interaction Design [ADM] NEW! Learn about interaction design and information architecture. Examine human behaviour as it relates to UX design, diving deep into what motivates and drives people. Shape a user's online journey to best serve their own interests as well as meet business goals. Career opportunities: User experience designer, customer experience designer.	3 years	Hawthorn	Mar, Aug
DOUBLE DEGREE OPTIONS			
Bachelor of Design/Bachelor of Business [ADM]	4 years	Hawthorn	Mar, Aug
Bachelor of Design/Bachelor of Media and Communication [ADM] NEW!	4 years	Hawthorn	Mar, Aug
Bachelor of Engineering (Honours)/Bachelor of Innovation and Design [AM]	5 years	Hawthorn	Mar, Aug
Bachelor of Laws/Bachelor of Innovation and Design	5 years	Hawthorn	Mar, Aug

Problem-based learning approach

Gain problem-solving and critical-thinking skills by working through problems collaboratively. This approach ensures opportunities to apply your learning and receive feedback before beginning your practical placements.

School engagement opportunities

Take advantage of additional opportunities to engage with school-aged students through a wide range of projects and workshops.

Professional experience placements

All of our education degrees include school-based practical placements.

Education

swinburne.edu.au/education

Education at a glance

Bachelor of Education (Early Childhood)

Discover innovative approaches to teaching and learning. Plus, gain a deeper understanding of social, ethical and contemporary issues associated with global education and classroom learning.

Professional recognition

The Bachelor of Education (Early Childhood) meets the academic requirements outlined by the Victorian Institute of Teaching (VIT). VIT recognition enables graduates to register as a teacher Australia-wide.

Building connections before graduation

"My teachers are amazing, experienced and willing to help, and I'm excited to complete my first placement in a childcare setting. Hopefully, I'll foster some great relationships and utilise these connections to get a job. Once I finish my degree, I can apply for graduate jobs in primary schools."

Ruby Lay

World-ranked in civil engineering

The subject of Civil Engineering at Swinburne has been ranked 133 in the world by the 2018 Academic Ranking of World Universities.

We've re-engineered engineering

The revolutionary new Bachelor of Engineering Practice (Honours) was co-created with industry partners to mirror the professional workplace. Instead of choosing traditional majors, students can refine their interest in an industry sector through the selection of different team projects.

Choose your major in Year 2

Our Bachelor of Engineering (Honours) has a common first year, so you'll be able to try out the ten majors to see which you prefer, then specialise from second year.

He's secured a job at Accenture

Industry experience is the heart of every Swinburne degree, and Nuwan has made the most of his opportunities. He's done a 6-month placement at Rotec Aerospace, which builds engines for vintage and experimental planes. He's also completed an internship with ResMed, where he worked on a portable oxygen generator concept. In 2016, he took part in a Swinburne Design Factory project to develop a financial healthcare app for a real-life client.

Most impressive of all, he's already secured a role as Technical Consulting Analyst with Accenture in their 2019 Graduate Program.

Nuwan Ranasinghe

COURSE	DURATION	WHERE	INTAKE
ARCHITECTURAL ENGINEERING			
Bachelor of Engineering (Honours) with a major in Architectural [AM] NEW! Combine innovative design principles with an engineering approach to architecture. Gain the technical expertise and management skills needed to plan, design and build spaces that people want to live and work in. Apply best practices in sustainability, health and wellbeing, and SMART technology to architecture. Undertake at least 12 weeks of professional experience. Career opportunities: Design engineer, structural systems engineer, architectural engineer, project engineer.	4 years	Hawthorn	Mar, Aug
BIOMEDICAL ENGINEERING			
Bachelor of Engineering (Honours) with a major in Biomedical [AM] Learn about the application of electrical, electronics and systems engineering in medicine and biology. Learn how to develop and use new technologies such as medical, instrumentation and prosthetic devices that can be used to advance and improve health care and quality of life. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Biomedical engineer, clinical engineer, medical device designer, medical electronics engineer.	4 years	Hawthorn	Mar, Aug
CHEMICAL ENGINEERING			
Bachelor of Engineering (Chemical) (Honours) [AM+PHY/CH] Gain the knowledge and skills required for the design, development, operation and management of industrial processes and plants with the minimum environmental impact. Graduates are eligible for registration with Board of Engineers Malaysia (BEM). Career opportunities: Chemical engineer, field engineer, research engineer.	4 years	Sarawak	Jan, Feb, Sep
CIVIL ENGINEERING			
Bachelor of Engineering (Honours) with a major in Civil [AM] Bachelor of Engineering (Civil) (Honours) [AM+PHY/CH] Gain technical expertise and management skills needed to plan, design, construct and maintain infrastructure such as buildings, bridges, dams, water supply systems, waste treatment systems, road and rail networks, airports and seaports. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Graduates are also eligible to register with Board of Engineers Malaysia (BEM). Career opportunities: Civil engineer, civil design engineer, structural engineer, environmental engineer.	4 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
CONSTRUCTION			
Bachelor of Engineering (Honours) with a major in Construction [AM] Learn comprehensive theory and gain practical experience in construction engineering, project management and risk management to deliver large infrastructure projects such as buildings, bridges, road and rail systems, water supply systems, waste treatment systems, airports and seaports. Undertake at least 12 weeks of professional experience. Career opportunities: Construction engineer, construction manager.	4 years	Hawthorn	Mar, Aug
ELECTRICAL AND ELECTRONIC			
Bachelor of Engineering (Honours) with a major in Electrical and Electronic [AM] Bachelor of Engineering (Electrical and Electronic) (Honours) [AM+PHY/CH] Gain technical expertise in power system design, electronics, control systems, signal processing and embedded systems. Learn how to apply skills and knowledge in the design, construction, operation and maintenance of electronics and electrical energy infrastructure. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Graduates are also eligible to register with Board of Engineers Malaysia (BEM). Career opportunities: Electrical engineer, electronics engineer, communications engineer, power engineer, design engineer.	4 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep

Engineering

COURSE	DURATION	WHERE	INTAKE
ENGINEERING PRACTICE			
Bachelor of Engineering Practice (Honours) [M] NEW! Discover a revolutionary project-based curriculum, co-created and co-delivered with industry professionals. Gain practical, professional experience and a work-ready skill set. Undertake real-world projects in collaborative teams that mimic professional environments in a departure from traditional lecture and tutorial style learning. Career opportunities: Consultant engineer, project engineer or entrepreneur.	4 years	Hawthorn	Mar, Aug
MECHANICAL			
Bachelor of Engineering (Honours) with a major in Mechanical [AM] Bachelor of Engineering (Mechanical) (Honours) [AM+PHY/CH] Learn the core concepts of mechanics, kinematics, thermodynamics, fluid mechanics and energy. Go beyond the classroom and participate in industry projects and practical workshops. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Graduates are also eligible to register with Board of Engineers Malaysia (BEM) Career opportunities: Mechanical engineer, mechanical project engineer, design engineer, project and technology manager, engineering project manager.	4 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
PRODUCT DESIGN ENGINEERING			
Bachelor of Engineering (Honours) with a major in Product Design [AM] This course combines studies in industrial design and engineering, linking the creativity and human-centred approach of industrial design with the academic rigour of engineering science, material and manufacturing process selection, project management and innovation. Develop skills needed to design and develop competitive products for Australian and international markets. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Industrial designer, industrial engineer, product designer, product design engineer, entrepreneur, design consultant.	4 years	Hawthorn	Mar, Aug
ROBOTICS AND MECHATRONICS			
Bachelor of Engineering (Honours) with a major in Robotics and Mechatronics [AM] Bachelor of Engineering (Robotics and Mechatronics) (Honours) [AM+PHY/CH] This course integrates three traditional engineering disciplines – mechanical, electronics and software. Complete units in computer-aided engineering, control systems, electronics, machine dynamics and design, mechatronics systems design and development, programming, project management and structural mechanics. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Graduates are also eligible to register with Board of Engineers Malaysia (BEM). Career opportunities: Robotics and mechatronics engineer, control systems engineer, factory automation adviser, robotics developer.	4 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
SOFTWARE ENGINEERING			
Bachelor of Engineering (Honours) with a major in Software [AM] Learn advanced software engineering with an emphasis on teamwork, problem-solving and practical software engineering skills, including quality assurance, project management and industry-standard development techniques and tools. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Software engineer, software systems developer, software modeller, project and technology manager.	4 years	Hawthorn	Mar, Aug

COURSE	DURATION	WHERE	INTAKE
TELECOMMUNICATIONS			
Bachelor of Engineering (Honours) with a major in Telecommunications [AM] Gain an in-depth understanding of the technology of the internet and the international telecommunications industry. Learn about mobile communication systems. Develop skills in radio frequency telecommunications with specialisation in wireless secure communications, digital and analogue electronics, software programming and mathematics. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Network engineer, telecommunication network designer, telecommunication network developer, network architect, telecommunications engineer.	4 years	Hawthorn	Mar, Aug

Attend the world's best film school

Swinburne is 'the finest film/video production school in the world' according to Hunter Todd, Chairman and Founding Director of WorldFest-Houston International Film Festival.

Use cutting-edge production equipment

Our students have access to state-of-the-art workstations; a purpose-built green screen room; interactive pen displays; high-end still, video and film cameras; and render farms.

International recognition

Swinburne is a member of the International Association of Film and Television Schools (CILECT), the international peak body for film schools.

Venice Film Festival

In 2017, Swinburne graduates made their Venice Film Festival debut. *West of Sunshine*, written and directed by Swinburne graduate Jason Raftopoulos and shot by fellow graduate Thom Neal, was chosen to compete in the Orizzonti section of the festival among 19 films representing the latest trends in international cinema.

Award-winning students

Swinburne students and graduates were recognised around the world in 2017. Our talented filmmakers took home seven awards from the WorldFest-Houston International Film Festival and four awards from the Oregon Film Awards.

At the 2017 Australian Cinematographers Society (ACS) Cinematography Awards, a second-year Swinburne Film and Television student won a Silver Award – the first time a second-year student has won an ACS award.

Professional recognition

Our film and television courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including the Australian Cinematographers Society, Australian Graphic Designers Association, Australian Screen Editors Guild, Design Institute of Australia, Games Developers' Association of Australia, Melbourne Art Directors Club, Screen Producers Association of Australia and Screen Services Association of Victoria.

Student work showcase

His short film premiered at the Berlin International Film Festival 2018

When Takumi found out that his film, *Paper Crane*, had been invited to premiere at the Berlin International Film Festival, he said that the honour would not have been possible if not for his studies at Swinburne.

"This bachelor degree has been frustrating and challenging but always rewarding," he said. "The professors are consistently striving to improve our skills and are always readily available to help when we need it."

Takumi Kawakami

Bachelor of Film and Television

COURSE	DURATION	WHERE	INTAKE
ANIMATION			
Bachelor of Animation The Bachelor of Animation is designed to provide students with practical, hands-on experience in 2D, 3D and stop-motion animation for film and television, visual effects and games. Learn about film, television and animation history and theory; and the development of narrative structures as applied to animation. Career opportunities: 2D and 3D animators, stop motion animator, director, producer, screenwriter, editor.	3 years	Hawthorn	Mar
FILM AND SCREEN PRODUCTION			
Bachelor of Film and Television (Honours) Gain the essential creative skills, technical knowledge and theory to make high-quality cinema, television and digital media productions. Collaborate to make films through research, screenwriting, direction, project management and production skills such as cinematography, sound editing and visual effects. Career opportunities: Screenwriter, director, cinematographer, editor, producer, post production manager.	4 years	Hawthorn	Mar
Bachelor of Screen Production Gain an understanding of how technological shifts are driving changes across a broad range of established and emerging media industries. Learn the digital literacy and media production skills required for multiple broadcast platforms including smartphones, networked environments and social media applications. Career opportunities: Digital media producer, digital sound production, social media specialist, digital project manager, digital media consultant.	3 years	Hawthorn	Mar, Aug

Turning her passion into a career

"I have a passion for games and I decided on this course so that I can turn my passion into a career I'll stay in forever. It was pretty exciting on my first day of uni, especially coming from working full-time. I love how supportive the people at Swinburne are. They're here to give advice and help you understand what you're learning."

The best place in Australia to learn how to make games

The Game Awards in Los Angeles is considered one of the most prestigious events on the international gaming calendar. Each year it attracts high-profile industry professionals and global media attention, with 11.5 million viewers livestreaming the 2017 ceremony.

In 2017, the inaugural Student Game Award was won by a team of dedicated Swinburne students, beating out entries from around the world.

Their entry, a 2D puzzle platformer game called *Level Squared* (or *LVL²*), was judged based on the excellence and ambition of the game.

It's a recognition of the amazing talent and determination of the students, and the incredible support and opportunities offered by Swinburne.

In accepting the award, Swinburne student and design lead on the project, Stephen Scoglio, called Swinburne "the best place in Australia to learn how to make games".

Swinburne is very proud of our winning team (pictured), which consists of the following games and interactivity and computer science students:

- Kip Brennan (production lead)
- Stephen Scoglio (design lead)
- Dane Perry-Svendsen (programming lead and source control)
- Tegan Nicholson (marketing, community management and sound design)
- Genevieve Rathgeber (art and animation)
- Mark Tan (art)
- Matthew Harvey (programming and music)
- Benedict Zeng (programming)

New health precinct

Access new labs fitted with the latest equipment and designed for studying anatomy, biomechanics, exercise physiology, strength and conditioning, motor learning, nutrition and dietetics.

MRI and MEG machines for student use

Swinburne is the only university in Australia to have MRI and MEG machines on campus. And students can use them to practise too!

Pathways to postgrad

We have new degrees offering pathways to postgraduate studies in dietetics, occupational therapy, counselling, physiotherapy and more.

Professional recognition

The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

It's all about the teaching style

"I knew I wanted to study psychology at Swinburne, and when I got in, I was over the moon. It's the perfect degree for me because of the teaching style – it's a little more hands-on and you get to learn for yourself rather than just sitting in a lecture hall all day. I wouldn't change it for the world."

Bonnie Funnell

Studying Health Sciences

Health

COURSE	DURATION	WHERE	INTAKE
APPLIED STATISTICS			
Bachelor of Health Science with a major in Applied Statistics Receive training in using a range of statistical tools, including survey and experimental design, generalised linear models, time series analysis, data mining, survival analysis, meta-analysis and multivariate statistics. Learn to apply these tools in a variety of contexts, including forensic science, sports science, psychology and health. Career opportunities: Medical researcher, data scientist, market researcher, biostatistician, psychological statistician.	3 years	Hawthorn	Mar, Aug
BIOMEDICAL			
Bachelor of Health Science with a major in Biomedical Science Explore biology, medicine, disease, chemistry and physiology to form a comprehensive understanding of the health of humans. You will learn skills to investigate and understand human biology, and gain the ability to critically analyse and interpret biomedical and scientific data. Career opportunities: Biomedical scientist, healthcare scientist, medical research scientist	3 years	Hawthorn	Mar, Aug
CLINICAL TECHNOLOGIES			
Bachelor of Health Science with a major in Clinical Technologies Gain a basic scientific understanding of chemistry, biochemistry, microbiology, human anatomy and physiology. Develop knowledge about the technology and modern instrumentation used in clinical care and monitoring environments such as analytical and research laboratories. Study many of the functional aspects of the human body, with a major focus on the building blocks of physiology. Career opportunities: Clinical technologist, biomedical equipment technician, laboratory technician, research manager.	3 years	Hawthorn	Mar, Aug
DIGITAL HEALTH AND INFORMATICS			
Bachelor of Health Science with a major in Digital Health and Informatics NEW! Understand the role technology plays in delivering safe and effective healthcare in the 21st century. Discover how digital disruption, data and information management, biomedical informatics, and digital innovation and design are challenging traditional healthcare methods. Work with various digital health and informatics tools and data to inform projects designed to improve health products, service delivery and people's health outcomes. Career opportunities: Health data analyst, health information manager, health product design, health tech entrepreneur, product trainer, medical technologist, health promotor, researcher, policy developer.	3 years	Hawthorn	Mar, Aug
EXERCISE AND SPORT SCIENCE			
Bachelor of Exercise and Sport Science [M] Develop the skills to improve the health, fitness and performance of individuals and teams through training, coaching and advice. Learn how to navigate the increasingly digitised exercise and sport industry through access to cutting-edge laboratories and technology, including wearable sensors, virtual reality and 3D analysis equipment. Gain real-world experience through industry-based entrepreneurial and research projects. Career opportunities: Sport or exercise scientist; coach; or strength and conditioning specialist in elite or community sport, clinical settings or corporate wellbeing.	3 years	Hawthorn	Mar
HEALTH PROMOTION			
Bachelor of Health Science with a major in Health Promotion NEW! Explore public health in Australia and internationally. Learn about health education and communication strategy. Gain skills for addressing contemporary health problems. Career opportunities: Health communication officer, healthcare promoter, healthcare administrator.	3 years	Hawthorn	Mar, Aug
NEUROSCIENCE			
Bachelor of Health Science with a major in Neuroscience Learn about biology, physiology and psychophysiology, and neuroimaging. Understand how the human brain and nervous system work. Career opportunities: Medical researcher, neuroscientist, hospital scientist, hospital technologist.	3 years	Hawthorn	Mar, Aug

COURSE	DURATION	WHERE	INTAKE
NUTRITION			
Bachelor of Health Science with a major in Nutrition Explore the fields of nutritional and food science in relation to contemporary issues in health science. Gain an understanding of food sources, metabolic functions of carbohydrates, proteins, vitamins and minerals along with the biological, psychological, cultural and social determinants of food choices in order to understand the role of nutrition in health across the lifespan. Career opportunities: Nutritionist, healthcare consultant, wellness coordinator.	3 years	Hawthorn	Mar, Aug

Number 1 for IT

Swinburne received top marks for the quality of our educational experience and graduate satisfaction, when compared to all other universities in Victoria.

Five stars for median graduate starting salary

According to the most recent Good Universities Guide review, our IT graduates finish their course with great prospects of landing a job with higher than average pay.

84.9% find jobs quickly

Our IT grads land jobs within 4 months of finishing their course. That's above the national average.

Accredited Program

Industry projects as part of study

"Many universities offer academic knowledge, but not all of them prepare you to be an ICT professional, like Swinburne," says Cindy.

Last semester, in her IT Project class, she took on a brief from a real-world client. In the roles of project leader and database designer, she collaborated with a team of students from other faculties to deliver a solution. Apart from sharpening her programming skills, she says that she has also learnt so much about team dynamics and leadership.

Cindy Wijaya

Bachelor of Information and Communication Technology

Visit swinburne.edu.au/it to hear from students, graduates and employers about the opportunities offered in Information Technology at Swinburne.

COURSE	DURATION	WHERE	INTAKE
BUSINESS ANALYSIS			
Bachelor of Business Information Systems with a major in Business Analysis Learn about approaches to analysing and developing creative solutions to the economic, social and environmental changes and challenges facing business. Develop the skills to analyse the requirements of users and learn how to find ways to transform business through technology. Career opportunities: Systems analyst, systems architect, business analyst, requirements analyst.	3 years	Hawthorn	Mar, Aug
BUSINESS INFORMATION SYSTEMS			
Bachelor of Business with a major in Information Systems Learn about business analysis and problem-solving, systems analysis, project management, the provision of information systems services, social media in organisations and mobile business. Career opportunities: Business IT manager, business analyst, information architect, manager, IT consultant, systems analyst and tester.	3 years	Hawthorn	Mar, Aug
BUSINESS SYSTEMS			
Bachelor of Information and Communication Technology with a major in Business Systems Learn about database technologies and how to educate management on suitable technologies and their deployment. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Business analyst, database analyst, information systems coordinator, management information systems analyst, project manager.	3 years	Hawthorn	Mar, Aug
CYBERSECURITY			
Bachelor of Computer Science with a major in Cybersecurity [M] Learn the fundamentals of encryption systems, access control, the internet and get into the minds of malicious hackers and cyber-criminals. Learn their tricks and how to defeat them. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Software developer, cybersecurity consultant, digital forensics expert, information system security officer, data analyst, digital developer, IT consultant, cybersecurity system designer.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
DATA ANALYTICS			
Bachelor of Business Information Systems with a major in Data Analytics Learn how business intelligence and business analytics are used to solve 'wicked problems' and provide business insight. Discover how business agility can be improved through an understanding of big data. Career opportunities: Business analyst, data analyst, business intelligence analyst, information management specialist, business solutions consultant.	3 years	Hawthorn	Mar, Aug
DATA MANAGEMENT			
Bachelor of Business Information Systems with a major in Data Management Gain hands-on experience in database design, implementation and management. Learn about contemporary issues relating to master data management, cloud storage, social media data and non-relational databases. Career opportunities: Database architect, database designer, database application developer, data services manager, data analyst.	3 years	Hawthorn	Mar, Aug
DATA SCIENCE			
Bachelor of Computer Science with a major in Data Science [M] Learn the statistical methods and tools needed to manage big data sets and the visualisation techniques needed to represent and understand that data. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Business analyst, data scientist, data solutions manager, information systems analyst, market intelligence analyst.	3 years	Hawthorn	Mar, Aug

Information Technology

COURSE	DURATION	WHERE	INTAKE
GAMES DEVELOPMENT			
Bachelor of Computer Science with a major in Games Development [M] Focus on the design and programming of computer games and other interactive software. Gain skills in software development using an object-oriented approach and specialist areas in games design and development. Learn about the creative and design aspects of multimedia and internet technologies, particularly as applied to games development. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Software developer, video game creator, computer programmer, data solutions manager.	3 years	Hawthorn	Mar, Aug
INTERNET OF THINGS			
Bachelor of Computer Science with a major in Internet of Things [M] NEW! Gain the core programming skills and knowledge needed to develop a variety of open-source Internet of Things (IoT) platforms, devices and software. Learn to solve problems by analysing data from internet-connected devices. Career opportunities: Mobile application developer, full-stack software developer, solution architect, consultant, data scientist.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
NETWORKS			
Bachelor of Computer Science with a major in Network Design [M] Learn how to secure information and communication systems and become competent in computer network technologies and security. Study programming, internet technologies, systems analysis and design, database technologies and software development, as well as advanced topics in computer networks and security. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Network technician, telecommunication network designer, telecommunication network developer, network architect, software developer, data analyst, IT consultant.	3 years	Hawthorn	Mar, Aug
Bachelor of Information and Communication Technology with a major in Network Technology Specialise in the networking aspect of information and communication technology infrastructure. Gain four Cisco certifications. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Network technician, telecommunication network designer, telecommunication network developer, network architect, software developer, data analyst, IT consultant.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
SOFTWARE			
Bachelor of Computer Science with a major in Software Design [M] Learn the algorithms that drive big data, facilitate green computing and cybersecurity, and underpin the next generation of computer systems. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Software designer, systems developer, financial analyst, software modeller, project and technology manager.	3 years	Hawthorn	Mar, Aug
Bachelor of Computer Science with a major in Software Development [M] Learn how to architect big systems, write phone and tablet apps and produce software that is better than industry standard. Then scale your applications up to the cloud for hacker-proof, robust and reliable software applications. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Software developer, games developer, cybersecurity consultant, data analyst, digital developer, IT consultant, network designer.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
Bachelor of Engineering (Honours) with a major in Software [AM] Learn advanced software engineering with an emphasis on teamwork, problem-solving and practical software engineering skills, including quality assurance, project management and industry-standard development techniques and tools. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia. Career opportunities: Software engineer, software systems developer, software modeller, project and technology manager.	4 years	Hawthorn	Mar, Aug

COURSE	DURATION	WHERE	INTAKE
Bachelor of Information and Communication Technology with a major in Software Technology Learn how to enhance and maintain existing applications and assist in the choice of software for the needs of an organisation. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Systems architect, business requirements analyst, technical writer, application integration specialist, software developer.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep

SYSTEMS

Bachelor of Information and Communication Technology with a major in Systems Analysis Learn how to redesign business processes and describe the software and web applications that assist in creating more efficient working environments. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Quality assurance analyst, business requirements analyst, user interface analyst, business analyst, database analyst.	3 years	Hawthorn	Mar, Aug
Bachelor of Information and Communication Technology with a major in Systems Management Gain the skills to provide for the infrastructure and technology needs of a small organisation; learn how to lead teams that look after the IT needs in a larger organisation and assist management in technology-related decision making. This degree is professionally accredited by the Australian Computer Society. Career opportunities: Project manager, multimedia developer, systems architect, data mining specialist, help desk manager, business analyst.	3 years	Hawthorn	Mar, Aug

DOUBLE DEGREE OPTIONS

Bachelor of Business Information Systems/Bachelor of Business	4 years	Hawthorn	Mar, Aug

overall educational experience

Opportunities in Australia and beyond

For Ama, the internship opportunities and unique list of electives made her choose Swinburne's law school. She has also been awarded the Scanlon Swinburne Intercultural Fellowship, which enabled her to conduct research in Sri Lanka and Vietnam. That's on top of study tours arranged by the law faculty to Indonesia and Myanmar, where she immersed herself in their politics, legal system and culture. She also regularly volunteers at the Asylum Seekers Resource Centre, which aligns with her goal of working in human rights law with NGOs, the United Nations or the Department of Foreign Affairs and Trade.

Ama Gunathilake

Bachelor of Laws

COURSE	DURATION	WHERE	INTAKE
CRIMINAL JUSTICE			
Bachelor of Criminal Justice and Criminology Learn about local and global criminality, traditional approaches and responses to crime, and emerging trends and practices. Examine the international dimensions of criminal justice as well as the technological advances that impact the sector, including an emphasis on predicting the commission of crime, detecting and stopping criminal behaviour, and implementing effective and efficient criminal sanctions. You'll also get professional learning experience by completing a Capstone Project in your final year. Career opportunities: Law enforcement officer, victim support worker, government policy writer, corrections officer.	3 years	Hawthorn	Mar, Aug
LAW PROFESSION			
Bachelor of Laws Learn about commercial law with an emphasis on intellectual property law. The only bachelor degree in Victoria with this distinct specialisation, explore trademarks, patents and designs, copyright, the prohibition of misleading or deceptive conduct, and competition law. Learn how to protect the rights of those who innovate or create. You'll undertake three professional placements of 20 days each to experience different types of professional legal settings before you graduate. Professional accreditation from the Victorian Legal Admissions Board. This course satisfies the academic requirements for admission to practise as a lawyer in the Victorian and Australian federal legal systems. Non-academic requirements must also be satisfied for admission to practice. Career opportunities: Solicitor, lawyer, legal adviser.	4 years	Hawthorn	Mar, Aug

- Social Media

Professional recognition

Our media and communication courses provide many opportunities to connect through leading industry organisations. Our advertising major is professionally accredited by the Media Federation of Australia.

Our public relations major is professionally accredited by the Public Relations Institute of Australia and graduates may be eligible for membership.

Graduates of the digital advertising technology major may be eligible for membership of the Australasian Interactive Media Industry Association. Graduates of the journalism major may be eligible to apply for membership of the Media, Entertainment and Arts Alliance.

Double degrees may provide additional opportunities for membership.

Every day is different

"One minute I could be writing a story on a student and the next I'll be out shooting photos for an event. A lot of my friends doing placement or grad roles honestly get jealous about the amount of different things I get to do. You begin to understand how your work is actually being used to represent a brand or organisation, as opposed to just handing work in to get a grade."

Jamie Farnell

Majored in Advertising

Working in Swinburne's marketing integration team

COURSE	DURATION	WHERE	INTAKE
ADVERTISING			
Bachelor of Media and Communication with a major in Advertising Gain vital knowledge and skills needed to succeed in the complex and creative world of advertising. Explore effective design and strategy, as well as advertising development, implementation and evaluation. Learn how to design advertisements that not only please clients but achieve the ultimate purpose of reaching the audience in the desired way. This major is professionally accredited by the Media Federation of Australia. Also see Arts and Humanities (page 22). Career opportunities: Marketing and sales professional, public relations officer, advertising consultant, media planner, brand strategist.	3 years	Hawthorn Online	Mar, Aug Mar, Jul, Nov
CINEMA AND SCREEN STUDIES			
Bachelor of Media and Communication with a major in Cinema and Screen Studies Explore moving-image traditions and theories. Develop screen-specific research and writing skills, and become prepared for roles in media organisations and across a range of creative industries. Also see Arts and Humanities (page 22). Career opportunities: Broadcast presenter, film researcher, production coordinator, community arts worker, film distribution coordinator, film festival manager, entertainment journalist.	3 years	Hawthorn	Mar, Aug
CREATIVE WRITING AND LITERATURE			
Bachelor of Media and Communication with a major in Creative Writing and Literature Gain an understanding of creative text and popular culture in literature. Develop models for your own writing and critiquing skills in literature, while exploring subjects such as self and society. Also see Arts and Humanities (page 22). Career opportunities: Journalist, publisher, writer, editor, novelist, screenwriter, producer, advertising consultant.	3 years	Hawthorn	Mar, Aug
DIGITAL ADVERTISING TECHNOLOGY			
Bachelor of Media and Communication with a major in Digital Advertising Technology Develop highly sought-after skills in digital advertising and digital marketing. Get experience using Adobe Experience Cloud, premium software used in creative agencies, marketing teams and digital consultancies around the world. Become an expert in the rapidly growing areas of digital analytics, search marketing, social media marketing and video marketing. Also see Arts and Humanities (page 22). Career opportunities: Journalist, publisher, writer, editor, social media officer, digital advertising specialist, digital marketing executive, advertising account manager, marketing coordinator, digital campaign manager, digital content manager, search marketing specialist, web analytics expert.	3 years	Hawthorn	Mar, Aug
GAMES AND INTERACTIVITY			
Bachelor of Media and Communication with a major in Games and Interactivity Learn about the role of games in contemporary society and how games are developing as a cultural industry. Undertake a range of projects focusing on analog and digital games, and develop practical and creative research and communication skills in a games lab environment. Become equipped with the skills needed to work in the rapidly evolving games industry as well as the broader digital media sector. Also see Arts and Humanities (page 22) and Games and Animation (page 48). Career opportunities: Games developer, media producer, multimedia developer, video games developer.	3 years	Hawthorn	Mar, Aug
JOURNALISM			
Bachelor of Media and Communication with a major in Journalism Combine traditional journalistic skills with online publishing, multimedia production and the skills required for interacting with audiences, social networking and building online communities. Publish and broadcast work in online, television, radio and print outlets. Also see Arts and Humanities (page 22). Career opportunities: Journalist, publisher, writer, editor, digital advertising specialist, television presenter, radio presenter, investigative reporter, social commentator, social media coordinator, digital content manager, radio producer.	3 years	Hawthorn	Mar, Aug

Media and Communication

COURSE	DURATION	WHERE	INTAKE
MEDIA INDUSTRIES

QILT Graduate Outcomes Survey 2016-2017

Hands-on experience

You'll do clinical laboratory work and work placements to make sure you graduate ready to hit the ground running. Develop your practical skills safely using simulation technology, and examine realistic cases throughout your studies.

Brand-new facilities

Our new state-of-the-art nursing laboratories have just been completed at our Hawthorn and Wantirna campuses. You'll work with the latest technology and equipment, and graduate prepared for the modern workplace.

Cutting-edge learning

We take a contemporary approach to our nursing courses, with a mix of online and face-to-face lectures and tutorials, clinical lab work, small class sizes and elective project work based on your interests.

Nursing

swinburne.edu.au/nursing

Nursing at a glance

Bachelor of Nursing

The Bachelor of Nursing involves 800 hours of clinical placement.

Students gain clinical experience in a variety of settings such as acute care, emergency medicine, paediatrics, operating theatre, aged care, mental health, family health and community nursing.

These may be undertaken in hospitals and community health care centres in metropolitan, rural and regional areas.

Swinburne nursing students have access to state-of-the-art laboratories filled with the latest interactive technology and equipment.

Learning by working

"My placement has been a great place to practice what we learn in the classroom in a real-life environment. When I graduate, I hope to gain a job in an acute care setting."

Alesha Connaughton

Studying Nursing

COURSE	DURATION	WHERE	INTAKE
NURSING			
Bachelor of Nursing NEW! Undertake hands-on laboratory work and training in our new and redeveloped state-of-the-art clinical laboratories. Complete clinical work placements in a range of health settings, including acute hospital, aged-care, day surgery or mental health environments in metropolitan or regional areas. This degree has been accredited by the Australian Nursing and Midwifery Accreditation Council and is listed as an approved program of study on the Australian Health Practitioner Regulation Agency (APHRA) website. Students are required to have a valid police check and working with children check. Career opportunities: Registered nurse.	3 years	Hawthorn	Mar

Work at the Royal Children's Hospital

Each year one Swinburne psychology student has the chance to undertake a work placement at Melbourne's prestigious Royal Children's Hospital.

APAC accreditation

All Swinburne's undergraduate psychology degree options are accredited by the Australian Psychology Accreditation Council.

Swinburne Psychology Clinic

Our clinic is the largest university psychology clinic in Australia. It allows students who progress to postgraduate qualifications to gain valuable experience.

Psychology

- Biotechnology
- Chemistry
- Environmental Science
- Physics

Professional recognition

Our science courses are recognised by leading industry organisations.

The Australian Institute of Physics (AIP) has accredited the below courses and its related major and minor combinations:

- Bachelor of Science with a major in Physics and a Mathematics minor
- Any double degree with a major in Physics and a Mathematics minor

Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including:

- AusBiotech
- Australian and New Zealand Industrial and Applied Mathematics
- Australian Mathematical Society
- Australian Society for Biochemistry and Molecular Biology (ASBMB)
- Australian Society for Microbiology (ASM)
- Australian Sustainable Built Environment Council (ASBEC)
- Environmental Health Australia
- Environmental Institute of Australia
- Genetics Society of AustralAsia (GSA)
- National Business Leaders Forum for Sustainable Development
- Professionals Australia
- Royal Australian Chemical Institute (RACI)
- Sustainability Practitioners Association (SPA)

Double degrees may provide additional opportunities for membership of leading industry organisations.

Student cardiac physiologist at the Royal Melbourne Hospital

As part of her course, Julie spent 12 months as a cardiac physiologist at the Royal Melbourne Hospital, where she performed ECGs and clinical tests on patients and practised the communication skills so important for medical practitioners.

She was also a mentor to high school students as part of the In2Science program, on top of being a Swinburne Student Ambassador.

Julie Kheng

Bachelor of Science

COURSE	DURATION	WHERE	INTAKE
APPLIED MATHEMATICS			
Bachelor of Science with a major in Applied Mathematics [M] Gain a broad understanding of mathematical and numerical methods used to describe phenomena and to predict behaviours. Explore how to make sense of big data and complexity. Learn to model fundamental processes in physical and life sciences, social sciences, consumer behaviour and finance. Career opportunities: Data analyst, quantitative analyst, mathematical modeller, scientific programmer, actuary, meteorologist and climate modeller.	3 years	Hawthorn	Mar, Aug
BIOCHEMISTRY			
Bachelor of Science with a major in Biochemistry [M] Study the molecules of life and the fundamental nature of matter in terms of molecules, reactions and properties. Examine how biochemical knowledge can be applied to a range of industries and medical investigations, focusing on skills such as culturing microorganisms and investigating complex molecules, including enzymes and DNA. Career opportunities: Medical researcher, clinical biochemist, diagnostic laboratory scientist, pathology scientist, research assistant, research and development scientist.	3 years	Hawthorn	Mar, Aug
BIOTECHNOLOGY			
Bachelor of Science with a major in Biotechnology [M] Bachelor of Science (Biotechnology) [M+BIO/CH] Examine the fundamental sciences that underpin biotechnology – chemistry, biochemistry, microbiology and statistics – while investigating the application of biotechnology to areas such as business, ethics and environmental science. Career opportunities: Medical researcher, clinical biochemist, diagnostic laboratory scientist, pharmaceutical scientist, forensic scientist.	3 years	Hawthorn Sarawak	Mar, Aug Jan, Feb, Sep
CHEMISTRY			
Bachelor of Science with a major in Chemistry [M] Learn far-reaching applications of chemistry, including forensic science, polymer formation, water analysis, the creation of new materials, agricultural chemistry, environmental science and analytical chemistry. Career opportunities: Medical researcher, clinical biochemist, diagnostic laboratory scientist, food/beverage production technician, pharmaceutical scientist.	3 years	Hawthorn	Mar, Aug
ENVIRONMENTAL SCIENCE			
Bachelor of Science with a major in Environmental Science [M] Learn about the relationship between local, global, social and ecological issues and the responsibility of the different groups involved in sustainability. Gain scientific skills, such as chemistry, biology and microbiology, to address environmental sustainability in the future. Career opportunities: Environmental sustainability scientist, sustainability analyst, water quality expert, plant and animal breeder, environmental analyst.	3 years	Hawthorn	Mar, Aug
PHYSICS			
Bachelor of Science with a major in Physics [M] Gain fundamental knowledge of classical and modern physics, astrophysics and the physics of nanoscience and technology, as well as hands-on experience in experimental physics. Career opportunities: Astrophysicist, renewable energy specialist, statistician, financial analyst, meteorologist, climate modeller, physicist.	3 years	Hawthorn	Mar, Aug

Swinburne Foundation Studies (Engineering/Science) Successful completion of one of these courses provides a pathway to first year of a related bachelor degree or progression to a UniLink Diploma.	12 months	Sarawak	Jan, Apr, Sep, Oct
Diploma of Health Science (UniLink) Successful completion of this course may provide a pathway to second year of a related bachelor degree.	8 months 8 months	Hawthorn Colombo	Feb, Jun, Oct Feb, Jun, Oct
Diploma of Science (UniLink) [M] Successful completion of this course may provide a pathway to second year of a related bachelor degree.	8 months	Hawthorn	Feb, Jun, Oct
Diploma of Laboratory Technology MSL50116 with streams in Biotechnology, and Forensic and Pathology Testing Successful completion of this course may provide a pathway to the Bachelor of Health Science or Bachelor of Science.	2 years	Hawthorn	Mar, Aug

Swinburne has equipment and technological expertise in biotechnology and sustainability as well as physical and analytical chemistry.

SWINBURNE FOUNDATION YEAR

Swinburne Foundation Year is a pre-university program for international students. It is designed to help you make a smooth transition into university by developing your study and learning skills. At Swinburne, you can be confident of receiving the highest quality teaching in a nurturing and student-focused environment.

Upon successfully completing Swinburne Foundation Year, you are guaranteed a place in your preferred degree at Swinburne as long as you meet the bachelor degree entry requirements and prerequisites.

If you don't wish to transfer directly into a bachelor program, you can keep studying in a supportive environment through one of our UniLink Diploma programs, before entering the second year of a Swinburne bachelor degree.

Swinburne Foundation Year is available in:

Hawthorn

Intakes: February, June, October

Duration: 8 or 12 months

- Arts and Social Sciences
- Business
- Design
- Science/Engineering.

Sarawak

Intakes: January, April, September, October

Duration: 12 months

- Business
- Design
- Engineering/Science
- IT/Multimedia.

Colombo

Intakes: February, June, October

Duration: 8 months

- Business
- Science/Engineering.

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program. The four streams will offer you a wide range of pathways to bachelor degrees and UniLink Diplomas.

Foundation year at a glance

Duration	8 or 12 months
Campus	Hawthorn, Sarawak
International location	Colombo, Sri Lanka
Contact hours	>720 contact hours
Mode of study	Depending on your program, you could experience a combination of lab work, design studio work, lectures, seminar, online work, tutorials and excursions
Academic requirement	Successful completion of Australian Year 11 (or equivalent).
Age requirement	At least 17 years of age at time of commencement.
IELTS requirement (academic module)	8 months: overall band 5.5 (with no individual band below 5.0) 12 months: overall band 5.5

If you have completed Australian Year 12 or equivalent subjects, you may be able to enter the 8-month Foundation Year program with up to 5 units' credit, which may shorten the duration of the program to 4 months.

Swinburne Foundation Year progression requirement

- Students completing Foundation Year must achieve a 65% average overall and a 70% average in Academic and Communication Skills A and B for entry to a bachelor degree.
- On successful completion of all units of study in Foundation Year, students may progress to the UniLink Diploma program.

Foundation Year structure

SWINBURNE UNILINK DIPLOMA

UniLink Diplomas are accredited, award-level higher education qualifications that provide an alternative pathway to the second year of a range of bachelor degrees offered at Swinburne University of Technology.

The course content is similar to the first year of a bachelor degree but the classroom environment is different. Classes are smaller and you will have more individual attention from your teachers to help you adjust to university. Your class will include local and international students, providing an enriching study experience.

By successfully completing all units of study of a UniLink Diploma, you are guaranteed a place in the second year of your preferred Swinburne bachelor degree.

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program.

UniLink Diplomas are available in:

Hawthorn

- Arts and Communication
- Business
- Design
- Engineering
- Health Science
- Information Technology
- Science.

Colombo

- Business
- Engineering
- Information Technology.

Swinburne UniLink Diploma progression requirement

- Students completing UniLink Diploma must pass all units of study for entry into a bachelor degree.

UniLink Diploma at a glance

Intakes	February, June, October
Duration	8 months
Campus	Hawthorn, Melbourne
International location	Colombo, Sri Lanka
Contact hours	>720 contact hours
Mode of study	Depending on your program, you could experience a combination of lab work, design studio work, lectures, seminar, online work, tutorials and excursions
Academic requirement	Successful completion of Australian Year 12 (or equivalent).
Age requirement	At least 17 years of age at time of commencement.
IELTS requirement (academic module)	Overall band 5.5 (with no individual band below 5.0)

- If you have completed a recognised Year 12 plus at least part of a recognised tertiary qualification, you may be able to enter the UniLink Diploma program with up to 5 units' credit, which may shorten the duration of the program to 4 months.
- If you excel in the first teaching period and achieve the required results, you will be given the opportunity to fast-track into the second semester of the first year of your chosen bachelor degree.

UniLink Diploma structure

#Students must achieve a 75% average in Teaching Period 1 of UniLink for entry. Students exiting after one teaching period will not receive the UniLink Diploma qualification.

*Students must pass all units for entry.

SWINBURNE VOCATIONAL EDUCATION

Graduates of a vocational advanced diploma or diploma can progress to a Swinburne undergraduate degree, subject to academic performance requirements. You'll receive credit for your studies, allowing you to advance to later stages of your chosen degree.

Diplomas and certificates focus on learning for work and aim to build the skills and technical expertise that make you employable. They offer independent learning with an emphasis on workplace and practical skills. There are more contact hours, smaller classes and more personal communication with your teachers.

Visit swinburne.edu.au/study/international/pathways

Accounting

Certificate IV in Accounting FNS40615

Learn about accounting principles and applications. Gain practical accounting skills for work in financial services and other industries requiring accounting support.

Childhood Education

Diploma of Early Childhood Education and Care CHC50113

Certificate III in Early Childhood Education and Care CHC30113

Designed for those who are interested in working in the children's services sector or who are already working in the field and are responsible for planning, implementing and managing programs in early childhood services. In most states, this is the highest qualification required at director or service manager level for children's service centre-based care.

Engineering

Advanced Diploma of Electronics and Communications Engineering UEE60211

Learn about digital technology, gate array technologies and the application of microprocessor-controlled circuitry, communications and analogue electronics. Learn how to design, commission, test, evaluate and diagnose faults in advanced electronic systems and associated apparatus.

Advanced Diploma of Engineering Technology – Electrical UEE62111

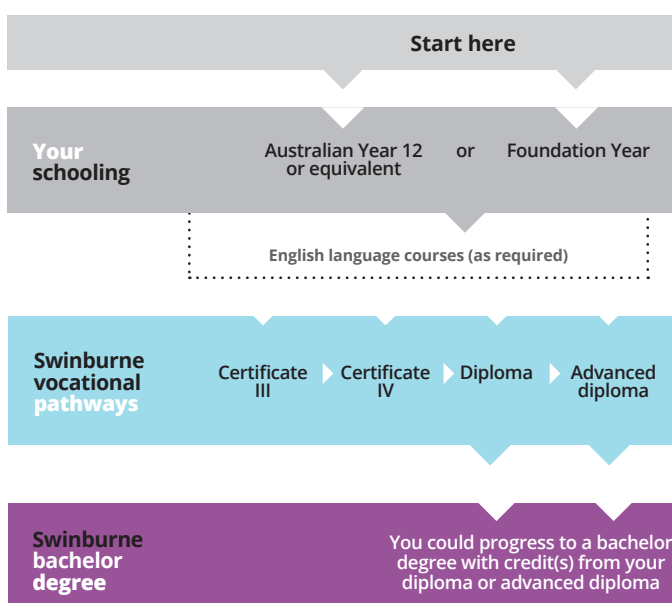

Gain the necessary skills and knowledge to evaluate, design, update and implement industrial automation systems to a technical and pre-degree level.

Science

Diploma of Laboratory Technology MSL50116

Gain a scientific education with a strong emphasis on the development of practical skills for the biotechnology sector or forensic science and pathology testing industry.

Your vocational pathway options

The steps outside the ATC building on our Hawthorn campus is a favourite lunchtime hangout for students.

ENGLISH LANGUAGE COURSES

English Language Courses at Swinburne give you the opportunity to learn with qualified teachers, interact in English within a multicultural environment and prepare for entry to other Swinburne programs.

General English

Levels GE 1 to GE 3

These courses will help you improve your overall English language skills. Through a range of communicative activities, you will be able to improve your reading, writing, speaking and listening skills as well as grammar, vocabulary and pronunciation. While studying General English courses at Swinburne, you will get a chance to maximise your fluency, confidence and independence in English.

English for Academic Purposes

Levels EAP 3 to EAP 5

These courses will help you focus on preparing assignments, taking notes and writing, communicating in multicultural environments, making presentations and improving your vocabulary through exposure to authentic, current and global videos, including TED Talks and documentaries.

English for Academic Purposes will also prepare you to join foundation year, vocational education diplomas, UniLink diploma, undergraduate, postgraduate and PhD courses.

While studying any of these courses, you can access self-guided and online learning resources, participate in group projects and excursions, join student clubs, and study in groups and individually. You will also be able to attend free workshops and tutorials at the Independent Learning Centre (ILC) and enjoy 24-hour library access.

How long does it take?

You'll enter at the level that matches your current level of English.

On-Campus Pearson English Test Centre

If you don't have an English test score, you can sit for this test on campus.

2019 intake dates

3 January	7 February
14 March	2 May
13 June	18 July
29 August	10 October
14 November	–

Direct entry to Swinburne

Once you complete English for Academic Purposes to the required level, you can progress directly to your chosen Swinburne course. You must meet the required results and all other conditions.

Visit swinburne.edu.au/study/find-a-course/ for specific course prerequisites.

Beyond the Classroom

- weekly tutorials
- weekly social activities
- conversation club run by native English speakers
- pronunciation club
- Learning and Academic Skills Centre
- tailored study plans
- higher education transition help

Swinburne's English language programs are so much more than classroom study. You'll immerse yourself in the energy of our campus, meet people of all backgrounds and, naturally, practise speaking English.

HOW TO APPLY

Follow these steps carefully to ensure your application is processed properly.

Visit swinburne.edu.au/study/international/apply for detailed application instructions.

If you need help with your application, email our application adviser at international@swinburne.edu.au

You can also speak with a registered Swinburne representative in your home country.

Visit swinburne.edu.au/study/international/connect/representatives to search for a list of Swinburne representatives in your country.

1

Check your start date

Visit swinburne.edu.au/study/options/find/start-dates to check start dates for intakes. If you are an offshore international student, you should apply at least 3 months before your intake's start date.

2

Gather your documents

- Certified academic transcripts with grading system
- English translations where applicable
- Certified English proficiency test results
- Referee reports (if applicable)
- Portfolio (for design courses, if applicable)
- Course or unit syllabus if you are applying for credit transfer or Recognition of Prior Learning
- Copy of passport (photo page and relevant visa page).

3

Complete your application

Visit <https://student-swinburne.studylink.com>

If you need help, please speak to your registered Swinburne representative in your home country

4

Wait for your offer

We will assess your application. If you are successful, you will receive a letter of offer via email. The letter will indicate the:

- course you've been offered
- annual tuition fee
- course commencement date
- course duration
- deposit you need to pay
- fee for your visa-length overseas student health cover
- conditions to the offer.

Visit swinburne.edu.au/study/international/offer/ to find out how to accept your offer.

Note: If you receive a conditional offer, you need to meet the condition(s) outlined in your offer letter.

Other information

Applying for credit transfer

What is credit transfer?

Credit transfer is exemption from certain course requirements in recognition for previous study. The term 'credit' is used interchangeably with 'Recognition of Prior Learning', 'advanced standing' and/or 'status' in Australian universities.

How to apply for credit transfer

You can apply for credit transfer by submitting a course or unit (subject) syllabus or other evidence of your skills with your application. You must also indicate on your application form that you are applying for credit transfer.

If you are applying for credit transfer for a design course you may need to submit a portfolio.

If your application for credit transfer is successful, your letter of offer will state the updated course duration and the amount of credit for which you have been assessed. If you do not apply for credit transfer when you submit your application, you can do so within the first week of commencing your course. Applications for credit transfer made after this time may not be approved.

Applying for your student visa

You will need to obtain an Overseas Student Confirmation of Enrolment (CoE) from Swinburne to complete your student visa application. Your CoE must accompany your application.

Visit homeaffairs.gov.au/ for more information.

Students under 18

If you are under 18 years of age, your parents must nominate a guardian who lives in Australia before you can be considered for a student visa. Your guardian must be over 21 years old, related to you and of good character.

If you do not have an appropriate guardian with whom you may live in Australia, you will need to engage a Swinburne-approved care provider. This arrangement will include accommodation restrictions and places may be limited depending on the availability of suitable accommodation options.

Overseas student health cover

All student visa holders must have overseas student health cover (OSHC) for the duration of their study.

Swinburne will arrange your visa-length OSHC membership with our preferred provider, Medibank Private. The OSHC fee will be included with your deposit indicated in your letter of offer.

Visa-length OSHC membership is a once-only payment that provides rate protection for the duration of the visa. This means that even if OSHC fees increase during the duration of your visa, you do not have to pay any increase.

If you need to extend your OSHC (for example, if you fail some units and need to extend your stay in Australia to complete your course), it is your responsibility to do this directly with the OSHC provider. Additional fees will be charged at time of renewal.

Exceptions apply to Norwegian students insured under the Norwegian National Insurance Scheme (NIS), Swedish students with health insurance provided by Kammarkollegiet, and Belgium students covered under the Reciprocal Health Care Agreement within Australia. Please include evidence with your application if you are covered under one of these programs.

Visit swinburne.edu.au/international/arrival/health-cover

Students with families

If you plan to bring your family to Australia, check if any restrictions apply by contacting the Department of Home Affairs or the Australian diplomatic mission in your country. You will also need to hold OSHC membership for your family.

Visit swinburne.edu.au/study/international/plan-arrival/family

Children

If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools.

If you will be enrolled as a postgraduate research student at Swinburne, the Victorian Government may provide exemption from tuition fees in Victorian government primary and secondary schools for your children.

Visit education.vic.gov.au to find a complete list of Victorian primary and secondary schools. Information about fees, applications and enrolment for government, primary and secondary schools may be found online at study.vic.gov.au

Applications to non-government schools must be made directly to the school of your choice.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.

Your rights and responsibilities

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector's involvement with overseas students studying in Australia on student visas.

Visit studyinaustralia.gov.au/global/australian-education/education-system/esos-act to read a description of the ESOS framework.

Restrictions may apply if you wish to change your enrolment. Visit swinburne.edu.au/current-students/manage-course/enrolment-timetable/time-off/international/ for more information about deferring, suspending or cancelling your enrolment.

Visit swinburne.edu.au/international/apply/after-you-apply/accept-offer to read Swinburne's refund provisions, which are outlined in the offer acceptance form.

At the end of summer, the Glenferrie Festival takes over Glenferrie Road, which borders the west end of Swinburne's main campus.

The A\$100 million Advanced Manufacturing and Design Centre houses the Factory of the Future, where researchers, students and industry have the opportunity to explore conceptual ideas for manufacturing next-generation products.
