FURTHER INFORMATION
How to apply 82
Other information 83
With a degree from Swinburne, you can go anywhere in the world.

Melbourne. Milan. Malaysia. Our graduates are spread around the globe and work for some of the most dynamic organisations, from start-ups to not-for-profits to multinationals.

A degree from Swinburne means you’ll have the prestige of a globally renowned university paired with the confidence that comes from genuine workplace experience.

When you graduate, you’ll become one of thousands of Swinburne graduates around the world who are writing their own success stories.

And that’s all because a degree from Swinburne sets you up for life.

DIRECTING THE ACADEMY Award-Nominated LION

Garth Davis wears his success lightly. Having your first feature film nominated for six Academy Awards – including Best Picture – is no mean feat. Yet Davis says directing was not part of his original plan. Instead, it turned out to be a natural progression from his studies in graphic design and subsequent career in advertising. His first directing gigs were for TV commercials – earning him a coveted Gold Lion at Cannes – before moving into film and television and making his impressive feature debut with Lion.

The Swinburne graduate says what he learnt while studying has been formative to his continued creative success. “Those four years at Swinburne completely changed my life.” He credits his teachers with imparting two essential lessons: the importance of making mistakes, and of being open to criticism. “Both of these lessons have formed the backbone of my creative approach.” It’s an approach that’s taken this Swinburne student all the way to Hollywood.

“Those four years at Swinburne completely changed my life.

GARTH DAVIS
AWARD-WINNING DIRECTOR
Bachelor of Design
(Honours)
A lifelong activist, Dimity has always pursued the goal of nuclear weapon disarmament. She co-founded ICAN, the International Campaign to Abolish Nuclear Weapons. In 2017, ICAN worked with governments around the world to advocate for the Treaty on the Prohibition of Nuclear Weapons in the United Nations, where 122 countries voted in its favour.

Dimity says that what she learnt at Swinburne really built her abilities in writing, research and critical thinking, key skills when it comes to her complex work. And for their efforts, ICAN was awarded a Nobel Peace Prize. However, she knows that the fight is far from over – 69 nations abstained from the vote, including countries with nuclear weapons and members of NATO. Yet she looks forward to every coming challenge.

Dimity has been recognised in the 2019 Queen’s Birthday Honours List for her significant service to the global community as an advocate for nuclear non-proliferation and disarmament.
What do some of the hottest stars in Hollywood have in common? They each have their very own MOUS Fitness Bottle, created by two Swinburne graduates. When the innovative product was selected to go in the 2017 Oscars gift bag, the bottle became a worldwide hit.

Like many gym-goers, Jarahad and Matthew used protein shakers while on the go. But they grew tired of a few recurring issues: the bottles would leak, supplements would get stuck in corners of the cup, and they were difficult to clean, which led to bacteria growth.

Drawing from their respective engineering disciplines (Jarahad did Product Design, Matthew – Mechanical), the duo came up with a solution: a clever round-bottomed design. Skills learnt at Swinburne were essential to the creative development process. “Critical skills developed at Swinburne were constantly used,” says Jarahad, “[including] sketching skills, material analyses, environmental analyses, manufacturing methods, product testing and development.”

MOUS can now be found in stockists around the world.
FROM BHP TO SWINBURNE

Before she joined Swinburne, Yvonne spent 11 years at BHP, the second largest mining company in the world. As Senior Research Engineer, she led projects to develop new steel manufacturing processes. Even today, she continues with R&D work for industry and always uses real-life case studies in her classes. She also directs a team that creates work-integrated learning opportunities for students, so that they are better equipped to compete for jobs when they graduate.
Education is about more than knowledge. It’s about true job readiness. As a Swinburne student, you’ll benefit from our established industry partnerships that give you opportunities for real workplace experience while you study. You’ll also have access to a range of services designed to support your journey from student to professional success story.

**CAREERS AND EMPLOYABILITY**
The Careers and Employability centre has experienced career counsellors who can provide free career advice for current students and recent graduates. The centre also offers services to assist students with employment, including:

- résumé-checking
- interview practice sessions
- on-campus employment fairs
- job workshops.

For more, visit swinburne.edu.au/study/life/careers-employment

**SWINEMPLOY**
SwinEmploy is an online job database that advertises professional, part-time and casual jobs. Once you’ve registered, you’ll receive regular emails about jobs relevant to your area of study.

**STUDYING ABROAD**
Studying overseas offers an incredible opportunity for growth and learning. Experience another culture, push yourself out of your comfort zone, meet people from different walks of life and make lasting memories. It’s also an experience that will boost your CV and make you stand out to future employers.

There are several international study opportunities for both degree and diploma students, and your experience could be credited towards your course.

For more, visit swinburne.edu.au/abroad
Experience is what will set you apart. Our graduates consistently tell us that Swinburne’s work-integrated learning opportunities were vital in helping them land their dream career. That’s why we call it the Swinburne Advantage. Check out all your options.

### PROFESSIONAL INTERNSHIPS
A great opportunity to experience a taste of what it’s like in industry. During your 12-week (one to two days per week) professional internship you’ll get to engage with real-world projects.

OUR CAMPUSES

MELBOURNE, AUSTRALIA

Our main campus, in the inner-city suburb of Hawthorn, is nestled alongside the Glenferrie Road shopping precinct, where every convenience is to be found. Cheap eats, cafés, fine restaurants, a sport and recreation centre, a cinema, grocery stores and shops of every kind create an enticing environment in which to study and relax.

At Swinburne, we are constantly investing in the future. In recent years, the Hawthorn campus has undergone extensive development and refurbishment, and now features modern, world-class facilities with cutting-edge technology.

The A$100 million Advanced Manufacturing and Design Centre gives researchers and students the opportunity to use the latest manufacturing and design techniques and technologies. The new centre has helped to cement Swinburne’s reputation as a hub for research and development.

Swinburne also boasts the Advanced Technologies Centre, an elite facility that plays host to a number of excellent research spaces, including the Smart Structures Laboratory which focuses on structural engineering – the only one of its kind in Australia.
This campus is located in the beautiful city of Kuching in Sarawak, Malaysia. Kuching has been described as one of Southeast Asia’s most liveable cities, famous for its relaxed lifestyle, clean environment, and its proximity to beautiful beaches and nature reserves.

All of this, along with its rich history and old-world charm combined with 21st century modernity, makes Kuching and Swinburne Sarawak the perfect place to pursue your studies. Swinburne Sarawak offers courses in business, design, engineering, IT, and science. All courses are identical to those offered on the Hawthorn campus, and degrees are awarded with Australian testamurs.

Swinburne Sarawak boasts a modern and pristine study environment, with state-of-the-art facilities that include lecture theatres, computer labs, research labs, a digital resource centre, auditorium, student lounges, and sporting facilities – all housed in contemporary, custom-designed buildings.

The many recreational clubs, societies, and activities on offer make campus life at Swinburne Sarawak interesting, appealing, colourful, and engaging.
IN THE HEART OF MELBOURNE

Swinburne’s main campus is located just 10 minutes from the city, in Hawthorn, also known as Melbourne’s unofficial education precinct. Besides Swinburne, the neighbourhood is home to Melbourne’s best private schools, including Scotch College, Strathcona Girls School, Methodist Ladies College and Xavier College.

Studying at Swinburne means studying in one of the world’s most well-regarded cities, famous for its quality of life. Melbourne has been named Australia’s top student city - and third best in the world by the 2019 QS Best Student Cities Ranking. And when you get to know Melbourne, it’s easy to see why.

Home to four million people, Melbourne is a thoroughly international city, a veritable melting pot, with an enviable array of food, culture, scenery, and sport to be enjoyed. It’s a smart city of hidden treasures, secret laneways and rooftops, which reveals itself to you slowly, before you become old friends.

10% OF SWINBURNE’S STUDENT POPULATION ARE INTERNATIONAL
SEE NATIVE AUSTRALIAN ANIMALS
Leave the city for Healesville Sanctuary and get face-to-face with kangaroos, wombats and more. Or drive to Phillip Island to cuddle koalas or watch fairy penguins make their way home as the sun sets.

EAT YOUR WAY AROUND THE WORLD
Melbourne loves food, and you’ll love the food in Melbourne. From authentic French croissants in Fitzroy, to delightful dumplings in Chinatown, Melbourne has restaurants and cafés specialising in food from around the world. Melbourne is a culinary whirlwind that’ll sweep you off your feet and fill up your belly.

ENJOY THE COFFEE CULTURE
Melbourne’s coffee credentials are recognised and revered all around the world. Coffee culture is as much a part of Melbourne as footy or trams. In every suburb, you’ll find world-class coffee shops serving up some of the best beans around. Close to our Hawthorn campus, you’ll find Axil Coffee who brew one of the finest cups in the city.

LANEWAYS, ARCADES AND STREET ART
Between Melbourne CBD’s sprawling thoroughfares, you’ll come across many unassuming laneways. Step into one, and you might stumble across unexpected surprises, from hidden bars and restaurants, to boutiques and world-class street art. Melbourne is also famous for its European-inspired arcades where you’ll find everything from beautiful barbershops, to chocolatiers, and more. Go forth and explore.

EXPLORE VICTORIA
Victoria is ripe for exploration, with so many things to see and do. Head for the Great Ocean Road and see the world-famous Twelve Apostles. Check out Philip Island, home to the famous Penguin Parade. See Wilsons Promontory National Park, famous for its stunning beaches and unspoilt beauty. Sip on award-winning wine in one of Yarra Valley’s many wineries, or, when winter comes, go skiing in the High Country’s snowfields.

GO TO A RICHMOND FOOTY GAME
Australian Rules Football is an inseparable part of life in Melbourne. It so happens that Swinburne is partnered with Richmond Football Club, the 2017 premiership winners! Once you’ve been to a game, you can proudly call yourself a local.
Uni isn’t just about study. It’s about expanding your horizons, making new friends and packing everything you can into the next few years before your professional career kicks in.

Swinburne empowers you to make the most of your uni experience. With learning and study support, of course, but with life stuff, too. From support services that will help you through hard times, to clubs, activities and events, to an overseas adventure. We recommend getting involved in all that Swinburne has to offer. These will be some of the most memorable years of your life. At Swinburne, they’ll also be the foundation that will set you on your path to success.

FACILITIES AND SERVICES
There’s wi-fi across campus and the on-campus library and computer labs provide you with the space and resources for study outside class. There’s also a range of services to support your wellbeing:
• careers and employment
• counselling
• health
• housing
• disability support
• financial advice
• learning and study skills
• advocacy
• legal advice
• child care.

LEARNING AND ACADEMIC SKILLS CENTRE
Attend free workshops and seminars, access online resources, or chat with an adviser. Develop your skills in:
• essay, report and thesis writing
• maths, statistics, physics and chemistry
• giving presentations
• researching and referencing
• making assignments look more professional
• preparing for exams.
Visit swinburne.edu.au/las

MATHEMATICS AND STATISTICS HELP CENTRE
Open five days a week during semester, here’s where you can ask questions about the maths and statistics in your course.
Visit swinburne.edu.au/mash

INTERNATIONAL STUDENT ADVISERS
Living and studying away from your home country can be challenging. That’s why, at Swinburne, we have dedicated International Student Advisers available to help you at any time. Whether you’ve had an accident, or need advice on jobs, visas, or accommodation, Swinburne’s International Student Advisers are here to help you – no matter what issues you face.

For more, visit swinburne.edu.au/current-students/student-services-support/international
YOUR SAFETY COMES FIRST

Throughout the semester, many students stay late on campus to finish assignments, complete group work, or to study for exams. At Swinburne, your safety and wellbeing is our priority, that’s why we provide services which include:

After-hours information hotline
Swinburne’s after-hours hotline provides information, assistance and advice to international students. Whether your enquiry is medical, safety, environmental, mental health, accommodation, or transport related, you can pick up the phone and call us on 1800 022 168. This service is available Mon–Fri 5pm–9am, and on weekends 24hrs a day.

The Hawthorn night bus
This bus will drop you wherever you request, within the boundaries of Riversdale Road, Auburn Road, Barkers Road, and Power Street.

Security officers
Swinburne Security patrol campus day and night. They can be identified by their high-visibility clothing.

If you need them, they will be more than happy to walk with you anywhere on or around campus. Security staff can also be found in the security office on the Hawthorn campus, which is open 24 hours a day, seven days a week.

Safe@Swin app
Safe@Swin is the official app of Swinburne’s Safer Community Program, which can be downloaded from the App Store and Google Play. The app provides easy access to contact details for security guards and student support services, as well as information on reporting emergencies and safety issues. The app also features campus maps, as well as personal safety tools and advice.

PSOs
If you catch the train home from uni at night, you’ll find comfort in knowing that Glenferrie station is well lit and is patrolled by protective service officers, right up until the last train leaves.

SWINBURNE STUDENT LIFE

Swinburne Student Life coordinates clubs, societies, sporting programs and events across all campuses.

Clubs and societies
Join a club and make life-long friends. Choose from a huge range of social, cultural, sporting and academic interests. You could even travel with your favourite sport to play at intervarsity competitions.

Events and activities
Get along to the many events and cultural activities throughout the year – from Orientation festivities, to lunchtime get-togethers, themed parties and the annual ball.

Sport and recreation
As a Swinburne student, you can swim for free, as well as get discounted rates on gym passes and personal training at Hawthorn Aquatic and Leisure Centre. The centre has indoor and outdoor pools, as well as a number of group fitness classes on offer. If sport is more your thing, Swinburne also has plenty of clubs that you can join, with all manner of sports on offer.

Visit swinburne.edu.au/studentlife
THE TOP 10 BENEFITS OF BEING A SWINBURNE STUDENT

We may be biased, but we think studying at Swinburne Hawthorn campus offers one of the best university experiences. Here's why.

10 YOUR OWN CAREER COUNSELLING TEAM.
We're all about job readiness. That’s why we run regular career and employability workshops and events designed to give you the best chance of turning your degree into a career. In the meantime? Have your cover letter, résumé and LinkedIn profile reviewed by our career consultants. Learn about opportunities to get hands-on experience before you graduate.

9 ADVICE WHenever YOU NEED IT.
Sometimes things get too much. Whether you need counselling to help you deal with a problem or financial advice to improve your money habits, Swinburne students have access to a range of services and advice. Looking for some free legal advice? We’re here to help.

8 FREE POOL ACCESS.
Swinburne students have free use of the indoor and outdoor pools at Hawthorn Aquatic and Leisure Centre, conveniently located just around the corner from campus. You’ll also get discounted membership to the centre and access to Swinburne-only group fitness classes. Don’t know how to swim? Attend a free casual class that will teach you all the basics.

4 BE A SWINBURNE VOLUNTEER
Volunteering comes with plenty of benefits – like going behind the scenes at events and meeting people, plus there’s that warm feeling that comes from helping out. How does some free training sound? As a Swinburne volunteer, you could add a (free, accredited!) course in first aid, safe food-handling techniques or barista skills to your résumé. That's a great way to stand out on your next job application.
CHEAP EATS.
In good news for your wallet (and stomach!), many of the cafes around Hawthorn provide special offers for Swinburne students. Regardless, you’ll be spoilt for choice with the array of budget culinary options. So, what’ll it be? Chicken and chips from Yummy Campus ($5.50), rice paper rolls from Mr & Mrs Banh Mi (three for $8.50), or a bagel and coffee from Bagelicious ($10 with your Swinburne student ID)?

A PASSPORT TO THE WORLD.
Where to next? Swinburne has exchange partnerships with over 100 universities around the world. From Austria to Venezuela, there’s something for everyone. If a full semester is too long to be away there are plenty of shorter options to consider, including overseas internships and study tours. Immerse yourself in another culture, gain a new perspective and maybe even learn a language. In most cases, you’ll get credit towards your course, too.

LOCATION, LOCATION, LOCATION.
Welcome to Hawthorn! Here, you’ll be spoilt for choice when it comes to finding somewhere to do your reading/writing/daydreaming. Choose from great cafes (and great coffee!), beautiful green spaces like Central Gardens (right across the road), plus lots of study and lounge spaces on campus. Bonus: Glenferrie Railway Station is right on our doorstep.

FEELING SAFE, DAY OR NIGHT.
We want you to feel safe when you’re on campus, whether you’re at an early-morning tutorial or studying late at night. Have one of our security officers accompany you anywhere on campus or to your car. Live locally? Get our free Hawthorn night bus to drop you home.

DISCOUNTED MOVIE TICKETS.
Head to nearby cinema Lido on a Wednesday, show your student ID and be rewarded with discounted movie tickets for just $8 before 4pm or $10 after 4pm. More money for popcorn?

YOU’LL FIND YOUR PEOPLE.
From basketball to AFL, unicycling to archery, and veganism to tango dancing, Swinburne boasts a diverse array of clubs and societies. Whatever your passion, there’s probably a club for it. Can’t see one for you? Create it!
LIVING IN MELBOURNE

LIVING COSTS
Your living costs will depend on your accommodation choice and your type of lifestyle. Because of that, this section is only a rough guide, as individual expenses will differ.

Students who are living and studying in Melbourne will require approximately A$23,000 to A$30,000 per year for ongoing living costs – not including tuition fees or airfares. On top of this, it’s important to budget for the costs of moving to Melbourne and setting yourself up. We advise budgeting approximately A$2500 to A$5000 for these costs.

For more, visit swinburne.edu.au/current-students/student-services-support/international/costs-banking

The Australian Government requires prospective student visa applicants and any family members accompanying them to have access to minimum funds to meet the living costs requirements.

For more, visit: homeaffairs.gov.au/students

FINDING A HOME

• Have to fit in with the family’s lifestyle | • More expensive than other options |
| **Procedure**                | 1. Locate property  
2. Inspect property  
3. Lodge application  
4. Sign the lease contract  
5. Connect utilities  
6. Move in | 1. Locate property  
2. Inspect property  
3. Sign the lease contract  
4. Move in | 1. Apply online  
2. Receive an offer  
3. Move in |
Excited about moving here to study? We’re just as thrilled to welcome you. That’s why we’ve created scholarships just for international students. If you’re awarded one, you can focus less on finances, and more on learning and experiencing all that Swinburne has to offer.

**UP TO 25% OFF YOUR TUITION FEES**
If you’ve excelled in your previous study, you could be awarded a Swinburne scholarship. Generally, the better your grades, the higher the initial scholarship amount. If you continue to do well in your studies at Swinburne, you may also be rewarded with increased scholarship amounts.

**AUTOMATIC CONSIDERATION**
There’s no need to apply for these scholarships separately. When we assess your application to study at Swinburne, we automatically consider you for scholarships. If you are successful, your scholarship details will be included in your offer letter.

**SWINBURNE INTERNATIONAL EXCELLENCE PATHWAY SCHOLARSHIP**
*From A$2,500 to A$5,000*
This could be for you if you are studying:
- foundation year + UniLink diploma + bachelor degree
- foundation year + bachelor degree
- UniLink diploma + bachelor degree

**Good to know**
If you excel in your foundation year and/or UniLink diploma, you could also receive a Swinburne International Excellence Undergraduate Scholarship for your bachelor degree.

**SWINBURNE INTERNATIONAL EXCELLENCE UNDERGRADUATE SCHOLARSHIP**
*Up to A$38,000 total for most bachelor degrees*
This could be for you if you are studying:
- Any bachelor degree except the Bachelor of Aviation and Piloting, and the Bachelor of Aviation and Piloting/Bachelor of Business double degree.

For our full range of scholarships, visit swinburne.edu.au/international/scholarships

"Obtaining a scholarship allowed me to focus purely on my learning and experiences at university. Studying the double degree has helped me narrow down the work I’d like to do once I graduate."

**LOIS**
BACHELOR OF DESIGN (COMMUNICATION DESIGN)/BACHELOR OF BUSINESS SCHOLARSHIP RECIPIENT
My course has fostered my creative and personal development over the past few years. I believe my biggest achievement at Swinburne has been the building of my professional portfolio. My tutors have genuine concern for their students and encourage us to get the most out of our university experience.

AZIZA

STUDYING PROFESSIONAL WRITING AND EDITING
ARTS AND HUMANITIES

An arts degree is a bit like a master key – it can open a lot of doors. By understanding language, people and culture, you’ll be able to think critically and communicate effectively. These are valuable, future-proof skills that can be transferred to almost any industry.

So whether you imagine yourself traveling the world reporting on world events, writing that best-selling book, influencing or setting public policy, or improving the lives of local communities, it all begins here.

PROFESSIONAL RECOGNITION

Our arts and humanities courses provide many opportunities to connect with leading industry organisations.

Graduates of the digital advertising technology major may be eligible for membership of the Australian Interactive Media Industry Association.

Graduates of the journalism major may be eligible to apply for membership of the Media, Entertainment and Arts Alliance.

Double degrees may provide additional opportunities for membership.

**PREREQUISITE SUBJECTS**  **AM** Advanced Mathematics  **M** Mathematics (any)
I’ve wanted to be a pilot since I was just five years old. I chose Swinburne because of their partnership with CAE Oxford, the world’s largest flight training network. The most fun part of my course so far has been flying aerobatics in the Decathlon aircraft!

NICOLAS
STUDYING AVIATION AND PILOTING
Whether you want to have an impact designing interiors, buildings, bridges or even cities, our Built Environment and Architecture courses are created with the future in mind. You’ll discover a focus on craftsmanship, sustainability and innovation, spearheaded by digital technology and hands on experience.

Learn how to bring out the best of the natural landscape, design sustainable spaces for communities or create innovative infrastructure as an architect, designer or engineer.

**DESIGN INSTITUTE OF AUSTRALIA’S GRADUATE OF THE YEAR 2018**

Swinburne’s practical learning style meant that Chrissa constantly had new pieces to add to her portfolio, the most essential demonstration of ability for any designer.

For her capstone project, Chrissa put forward an idea to reinvigorate the iconic Campbell Arcade in Melbourne’s CBD, an underground shopping precinct that connects Degraves Street and Flinders Street Station. That idea rounded out her already impressive portfolio, earning her the Graduate of The Year award.

**Chrissa**

Bachelor of Design (Interior Architecture) (Honours)
COURSE DURATION WHERE INTAKE

ARCHITECTURE AND BUILT ENVIRONMENT

BACHELOR OF DESIGN (ARCHITECTURE)
Gain a deep understanding of innovative building design. Tackle digital technology, environmental awareness, construction, practice, ethics, history and theory. Resolve a wide array of design challenges by formulating and actualising innovative design ideas in a series of stages from conception to finished design.
Career opportunities: Architecture roles for private and corporate architecture firms, government organisations, development companies or in the building and design sector.

ARCHITECTURAL ENGINEERING

BACHELOR OF ENGINEERING (HONOURS) WITH A MAJOR IN ARCHITECTURAL [AM]
Combine innovative design principles with an engineering approach to architecture. Gain the technical expertise and management skills needed to plan, design and build spaces that people want to live and work in. Apply best practices in sustainability, health and wellbeing, and SMART technology to architecture. Undertake at least 12 weeks of professional experience.
Career opportunities: Design engineer, structural systems engineer, architectural engineer, project engineer.

CIVIL ENGINEERING

BACHELOR OF ENGINEERING (HONOURS) WITH A MAJOR IN CIVIL [AM]
Gain technical expertise and management skills needed to plan, design, construct and maintain infrastructure such as buildings, bridges, dams, water supply systems, waste treatment systems, road and rail networks, airports and seaports. Undertake at least 12 weeks of professional experience. This degree is professionally accredited by Engineers Australia.
Career opportunities: Civil engineer, civil design engineer, structural engineer, environmental engineer.

CONSTRUCTION

BACHELOR OF ENGINEERING (HONOURS) WITH A MAJOR IN CONSTRUCTION [AM]
Learn comprehensive theory and gain practical experience in construction engineering, project management and risk management to deliver large infrastructure projects such as buildings, bridges, road and rail systems, water supply systems, waste treatment systems, airports and seaports. Undertake at least 12 weeks of professional experience.
Career opportunities: Construction engineer, construction manager.

INTERIOR ARCHITECTURE AND DESIGN

BACHELOR OF DESIGN (INTERIOR ARCHITECTURE) (HONOURS) [ADM]
Learn about the environments in which we spend our lives and how they are formed and fabricated. Learn to capitalise on new technologies and materials in the construction of indoor and outdoor 3D spaces.
Career opportunities: Interior designer, industrial designer, property designer, retail designer, product designer, design consultant, business strategist.

PATHWAY OPTIONS

SWINBURNE FOUNDATION YEAR (DESIGN)
Successful completion of this course provides a pathway to first year of a related bachelor degree or progression to a UniLink Diploma.

SWINBURNE FOUNDATION YEAR (SCIENCE/ENGINEERING)
Successful completion of this course provides a pathway to first year of a related bachelor degree or progression to a UniLink Diploma.

SWINBURNE FOUNDATION STUDIES (ENGINEERING/SCIENCE)
Successful completion of this course provides a pathway to first year of a related bachelor degree or progression to a UniLink Diploma.

DIPLOMA OF DESIGN (UNILINK) [ADM]
Successful completion of this course may provide a pathway to second year of the Bachelor of Design (Interior Architecture) or first year of the Bachelor of Design (Architecture) with up to 4 units credit.

DIPLOMA OF ENGINEERING (UNILINK) [AM]
Successful completion of this course may provide a pathway to second year of the Bachelor of Engineering (Honours).

PREREQUISITE SUBJECTS
ADM Any art, design or media subject
AM Advanced Mathematics
**BUSINESS**

Got dreams to be bigger than Richard Branson or Sheryl Sandberg? From managing multi-million-dollar companies to building your own, get your career started with one of our business courses.

Swinburne is AACSB-accredited, an honour shared only by the top 5% of the world’s higher education business schools. Here, we cover all aspects of business, finance and management. The skills you learn will help you excel in any enterprise, anywhere in the world.

Kick-start a career in accounting, data analysis, entrepreneurship, human resources, marketing and beyond. Graduates have gone on to work for companies like Deloitte, PwC, Telstra, NAB, ANZ and IBM.

**PROFESSIONAL RECOGNITION**
Our business courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study.

**PREREQUISITE SUBJECTS**

M Mathematics (any)
COURSE DURATION WHERE INTAKE

BUSINESS ANALYSIS (CONTINUED)
BACHELOR OF INFORMATION AND COMMUNICATION TECHNOLOGY WITH A MAJOR IN SYSTEMS ANALYSIS
Learn how to redesign business processes and describe the software and web applications that assist in creating more efficient working environments.
This degree is professionally accredited by the Australian Computer Society (ACS).
Career opportunities: Systems analyst, systems architect, business analyst, requirements analyst, technical business analyst, corporate applications analyst.

BUSINESS INFORMATION SYSTEMS
BACHELOR OF BUSINESS INFORMATION SYSTEMS/BACHELOR OF BUSINESS
Combine specialist studies in business information systems (IS) with a business degree. Gain the skills and knowledge to pursue a generalist or specialist career using information systems and information and communication technology to analyse business problems and develop creative and innovative solutions.
Professional accreditation: See Bachelor of Business and Bachelor of Business Information Systems.
Career opportunities: Business IT manager, business analyst, financial adviser, economist, market researcher, information architect, manager, IT consultant, systems analyst and tester.

BACHELOR OF INFORMATION AND COMMUNICATION TECHNOLOGY WITH A MAJOR IN BUSINESS SYSTEMS
Build the knowledge and skills to be an information and communication technology professional.
The course focuses on computer and network configurations, web and application programming, and database design and maintenance. Choose to specialise in a particular aspect of ICT-related work.
This degree is professionally accredited by the Australian Computer Society.
Career opportunities: Application integration specialist, data mining specialist, technical writer, multimedia developer.

DATA ANALYTICS
BACHELOR OF BUSINESS INFORMATION SYSTEMS WITH A MAJOR IN DATA ANALYTICS
Learn how business intelligence and business analytics are used to solve ‘wicked problems’ and provide business insight. Discover how business agility can be improved through an understanding of big data.
Professional accreditation: See Bachelor of Business Information Systems.
Career opportunities: Business analyst, data analyst, business intelligence analyst, information management specialist, business solutions consultant.

DATA MANAGEMENT
BACHELOR OF BUSINESS INFORMATION SYSTEMS WITH A MAJOR IN DATA MANAGEMENT
Gain hands-on experience in database design, implementation and management. Learn about contemporary issues relating to master data management, cloud storage, social media data and non-relational databases.
Career opportunities: Database architect, database designer, database application developer, data services manager, data analyst.

ECONOMICS
BACHELOR OF BUSINESS WITH A MAJOR IN ECONOMICS
Learn how to critically analyse and evaluate contemporary issues and policies put forward by government and international bodies. Gain a thorough understanding of the economics of financial markets, economic development, and environmental and managerial economics.
Career opportunities: Business manager, market research analyst, economic consultant, financial analyst, policy analyst, management consultant, statistician, risk analyst, economist.

ENTREPRENEURSHIP AND INNOVATION
BACHELOR OF BUSINESS WITH A MAJOR IN ENTREPRENEURSHIP AND INNOVATION
Differentiate a business idea from a tangible business opportunity and use innovation theory and techniques to maximise that opportunity. Develop strategic thinking and planning skills, explore business models, interpret sales and marketing opportunities, build an effective team and source capital funding.
Career opportunities: Business owner, entrepreneur, venture capital analyst, change manager, product developer, market researcher, product manager.

BACHELOR OF INNOVATION AND DESIGN
Build your skills in design thinking and innovation. This course builds on the increasing importance of design in business strategy – from products and communications to physical spaces. Learn how design is an enabler for innovation and a catalyst for social, cultural and economic transformation. Gain insight into the principles and theories of design in a business and innovation management context. Discover the relationship between innovation, design, entrepreneurship and creativity.
Career opportunities: Product developer, brand manager, design manager, change specialist.
COURSE DURATION WHERE INTAKE

FINANCE

BACHELOR OF BUSINESS WITH A MAJOR IN FINANCE

The knowledge and skills that I gained from my time at Swinburne continues to give me a big advantage over others.

If I had to do my bachelor degree again, I would still pick Swinburne.

JERRY ANH DUC NGUYEN
HEAD OF REVENUE GROWTH AT COCA-COLA VIETNAM / STUDIED ACCOUNTING AND FINANCE, AND GRADUATED IN 2013.
DESIGN

Want to design your own future? Start at Swinburne, ranked as one of Australia’s top design schools.

You’ll learn in our Advanced Manufacturing and Design Centre, a hub for world-class research and education. You’ll also benefit from outstanding industry partnerships, exceptional experiences through the Design Factory Melbourne (part of the Global Design Factory network) and opportunities via our new Innovation Precinct.

Go on to a career in advertising, animation, industrial design, website and app design, furniture design and much more.

PROFESSIONAL RECOGNITION

Our design courses are recognised by leading industry organisations. As a Swinburne student, you’ll enjoy the benefits of recognition from and membership with the Australasian Interactive Media Industry Association, Australian Graphic Design Association and/or Design Institute of Australia.

Double degrees may provide additional opportunities for membership of industry organisations.

There have been many highlights so far – going to workshops and print studios – it’s really interesting. It’s been a big adjustment moving from Malaysia. But now I’m fully independent!

IAN
BACHELOR OF DESIGN (INDUSTRIAL DESIGN) (HONOURS)
EDUCATION

Be a superhero to the next generation by becoming a teacher.

In our education courses, you’ll learn the hands-on skills you need to succeed as an early childhood educator or a primary or school teacher. You can explore classroom teaching, discover innovative approaches to learning, as well as undertake multiple practical placements, all underpinned by a problem-based learning approach.

PROFESSIONAL RECOGNITION

Our teaching degrees are professionally accredited by the Victorian Institute of Teaching (VIT). VIT recognition enables graduates to register as teachers Australia-wide.

FOR OVERALL QUALITY OF EDUCATIONAL EXPERIENCE

QILT Student Experience Survey 2017 and 2018 compared to other universities in Melbourne.

FOR TEACHING QUALITY

QILT Student Experience Survey 2017 and 2018 compared to other universities in Melbourne.

REAL CLASSROOM EXPERIENCE

All our teaching degrees have a minimum of three placements to prepare and support you for your teaching career.
EARLY CHILDHOOD TEACHING

BACHELOR OF EDUCATION (EARLY CHILDHOOD AND PRIMARY)

Gain the skills needed to teach children from birth to twelve years in childcare centres, kindergartens and primary schools. You’ll study the contexts of education, cultural-historical perspectives and child development, as well as units focusing on specific subject disciplines. You’ll complete 91 days of placement throughout the course to put into practice the leadership and management skills you’ll learn in your studies and gain practical experience in the classroom.

All students are required to sit the CASPer test and have a valid police check and working with children check. This degree is professionally accredited by the Australian Children’s Education and Care Quality Authority, and Victorian Institute of Teaching.

Career opportunities: Child care director, child care worker, primary school teacher.

EDUCATIONAL STUDIES

BACHELOR OF EDUCATION STUDIES

Gain a broad understanding of early childhood and primary school teaching and learning in an Australian context. This is not an accredited initial teacher education program and does not include professional placements in schools.

Career opportunities: Graduates may work within the field of education in non-teaching roles such as those dedicated to policy, administration or management.

PRIMARY TEACHING

Bachelor of Education (Primary)

Learn the latest technology and teaching techniques to teach primary school children. Develop the skills to design engaging and effective learning experiences through group work and school-based practical placements.

All students are required to have a valid police check and working with children check. This degree is professionally accredited by the Victorian Institute of Teaching.

Career opportunities: Primary school teacher.

PATHWAY OPTIONS

DIPLOMA OF EARLY CHILDHOOD EDUCATION AND CARE CHC50113

Successful completion of this course provides a pathway to the Bachelor of Education (Early Childhood and Primary).

“My teachers are amazing, experienced and willing to help, and I’m excited to complete my first placement in a childcare setting. Hopefully, I’ll foster some great relationships.”

RUBY

STUDYING PRIMARY TEACHING
ENGINEERING

Engineers have the potential to change the way we live.

From civil and mechanical, to biomedical, electrical, and software engineering, our courses will provide you with the comprehensive theory and practical skills you'll need to thrive in your engineering career.

With an engineering degree, you could go on to a career in the medical, building or construction, telecommunications, software, transport, industrial design, energy, or civil infrastructure industries.

PROFESSIONAL RECOGNITION

Our engineering courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including the Australasian College of Physical Scientists and Engineers in Medicine, Design Institute of Australia and Engineers Australia.

Double degrees may provide additional opportunities for membership of leading industry organisations.

Our engineering degrees are professionally accredited by Engineers Australia. Graduates are also eligible to register with the Board of Engineers Malaysia (BEM).

HE’S SECURED A JOB AT ACCENTURE

Industry experience is the heart of every Swinburne degree, and Nuwan has made the most of his opportunities. He’s done a 6-month placement at Rotec Aerosport, which builds engines for vintage and experimental planes. He’s also completed an internship with ResMed, where he worked on a portable oxygen generator concept. In 2016, he took part in a Swinburne Design Factory project to develop a financial healthcare app for a real-life client.

Most impressive of all, he’s already secured a role as Technical Consulting Analyst with Accenture in their 2019 Graduate Program.

Nuwan
Bachelor of Engineering (Product Design) (Honours) and Swinburne student ambassador
FILM AND TELEVISION

We understand the big picture – and the small screen. Our leading film school’s range of film and TV courses combine foundational knowledge with practical skills that will ensure you’re well equipped for your career ahead.

From working behind the scenes to screenwriting or producing special effects, our students have gone on to showcase work and win awards in local and international film festivals.

Whatever future you can picture, it all begins here.

PROFESSIONAL RECOGNITION

Our film and television courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including the Australian Cinematographers Society, Australian Graphic Designers Association, Australian Screen Editors Guild, Design Institute of Australia, Games Developers’ Association of Australia, Melbourne Art Directors Club, Screen Producers Association of Australia and Screen Services Association of Victoria.

WORLD’S BEST

“SWINBURNE IS THE FINEST FILM/VIDEO PRODUCTION SCHOOL IN THE WORLD”
according to Hunter Todd, Founding Director of WorldFest-Houston International Film Fest.

BERLIN PREMIERE

Graduate Takumi Kawakami’s short film Paper Crane premiered at the 2018 Berlin International Film Festival.

BEST Doco

Graduate Simon Direen’s A Life Together was awarded Best Documentary at the 2018 St Kilda Film Festival.
**COURSE** | **DURATION** | **WHERE** | **INTAKE**
---|---|---|---
**ANIMATION**
**BACHELOR OF ANIMATION**
The Bachelor of Animation is designed to provide students with practical, hands-on experience in 2D, 3D and stop-motion animation for film and television, visual effects and games. Learn about film, television and animation history and theory; and the development of narrative structures as applied to animation.
**Career opportunities:** 2D and 3D animators, stop motion animator, director, producer, screenwriter, editor.
3 years | Hawthorn | Mar

**FILM AND SCREEN PRODUCTION**
**BACHELOR OF FILM AND TELEVISION (HONOURS)**
Gain the essential creative skills, technical knowledge and theory to make high-quality cinema, television and digital media productions. Collaborate to make films through research, screenwriting, direction, project management and production skills such as cinematography, sound editing and visual effects.
**Career opportunities:** Screenwriter, director, cinematographer, editor, producer, post production manager.
4 years | Hawthorn | Mar

**BACHELOR OF SCREEN PRODUCTION**
Gain an understanding of how technological shifts are driving changes across a broad range of established and emerging media industries. Learn the digital literacy and media production skills required for multiple broadcast platforms including smartphones, networked environments and social media applications.
**Career opportunities:** Digital media producer, digital sound production, social media specialist, digital project manager, digital media consultant.
3 years | Hawthorn | Mar, Aug

**DOUBLE DEGREE OPTIONS**
**BACHELOR OF GAMES AND INTERACTIVITY/BACHELOR OF ANIMATION**
4 years | Hawthorn | Mar

**PATHWAY OPTIONS**
**SWINBURNE FOUNDATION YEAR (ARTS/SOCIAL SCIENCES)**
Successful completion of this course provides a pathway to first year of a related bachelor degree or progress to a UniLink Diploma.
8 or 12 months | Hawthorn | Feb, Jun, Oct

**SWINBURNE FOUNDATION YEAR (DESIGN)**
Successful completion of this course provides a pathway to first year of a related bachelor degree or progression to a UniLink Diploma.
8 or 12 months | Hawthorn | Feb, Jun, Oct
12 months | Sarawak | Jan, Apr, Aug, Oct

---

**HIS SHORT FILM PREMIERED AT THE BERLIN INTERNATIONAL FILM FESTIVAL 2018**
When Takumi found out that his film, *Paper Crane*, had been invited to premiere at the Berlin International Film Festival, he said that the honour would not have been possible if not for his studies at Swinburne.

“This bachelor degree has been frustrating and challenging but always rewarding,” he said. “The professors are consistently striving to improve our skills and are always readily available to help when we need it.”

**Takumi**
Bachelor of Film and Television
THE BEST PLACE IN AUSTRALIA TO LEARN HOW TO MAKE GAMES

The Game Awards in Los Angeles is considered one of the most prestigious events on the international gaming calendar. Each year it attracts high-profile industry professionals and global media attention, with 11.5 million viewers livestreaming the 2017 ceremony.

In 2017, the inaugural Student Game Award was won by a team of dedicated Swinburne students, beating out entries from around the world. Their entry, a 2D puzzle platformer game called Level Squared (or LVL2), was judged based on the excellence and ambition of the game.

It’s a recognition of the amazing talent and determination of the students, and the incredible support and opportunities offered by Swinburne.

In accepting the award, Swinburne student and design lead on the project, Stephen Scoglio, called Swinburne “the best place in Australia to learn how to make games”.

Swinburne is very proud of our winning team (pictured), which consists of the following games and interactivity and computer science students:

- **Kip Brennan** (production lead)
- **Stephen Scoglio** (design lead)
- **Dane Perry-Svendsen** (programming lead and source control)
- **Tegan Nicholson** (marketing, community management and sound design)
- **Genevieve Rathgeber** (art and animation)
- **Mark Tan** (art)
- **Matthew Harvey** (programming and music)
- **Benedict Zeng** (programming)
GAMES AND ANIMATION

Want to build your future in the games and animation industry? Combining design principles with hands-on production skills and creative techniques, our courses will open your mind to creating for the digital space.

We'll introduce you to the latest technologies used in digital media and the skills that will equip you for a successful career in gaming, digital media and more. Ready. Set. Play.

PROFESSIONAL RECOGNITION

Our games and animation courses are recognised by leading industry organisations. As a Swinburne student, you'll gain recognition from and membership with the Games Developers’ Association of Australia and the Australian Interactive Media Industry Association.

Our computer science degrees are professionally accredited by Australian Computer Society (ACS).

HEALTH

From counselling and nutrition, to exercise science and psychology, services provided by healthcare professionals are integral to improving the lives of our communities.

In our health courses, you’ll examine the physical, psychological and social aspects of health, develop specialised skills and put them into practise through clinical placements. You’ll discover how technology is disrupting and improving the industry, and learn in brand new facilities furnished with the latest equipment.

<tbody>
<tr>
<td>BIOMEDICAL</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN BIOMEDICAL SCIENCE</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Explore biology, medicine, disease, chemistry and physiology to form a comprehensive understanding of the health of humans. You will learn skills to investigate and understand human biology, and gain the ability to critically analyse and interpret biomedical and scientific data.</td>
<td>Career opportunities: Biomedical scientist, healthcare scientist, medical research scientist</td>
<td></td>
<td></td>
</tr>
<tr>
<td>CLINICAL TECHNOLOGIES</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN CLINICAL TECHNOLOGIES</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Gain a basic scientific understanding of chemistry, biochemistry, microbiology, human anatomy and physiology. Develop knowledge about the technology and modern instrumentation used in clinical care and monitoring environments such as analytical and research laboratories. Study many of the functional aspects of the human body, with a major focus on the building blocks of physiology.</td>
<td>Career opportunities: Clinical technologist, biomedical equipment technician, laboratory technician, research manager.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>DIGITAL HEALTH AND INFORMATICS</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN DIGITAL HEALTH AND INFORMATICS</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Understand the role technology plays in delivering safe and effective healthcare in the 21st century. Discover how digital disruption, data and information management, biomedical informatics, and digital innovation and design are challenging traditional healthcare methods. Work with various digital health and informatics tools and data to inform projects designed to improve health products, service delivery and people’s health outcomes.</td>
<td>Career opportunities: Health data analyst, health information manager, health product design, health tech entrepreneur, product trainer, medical technologist, health promoter, researcher, policy developer.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>EXERCISE AND SPORT SCIENCE</td>
<td>BACHELOR OF EXERCISE AND SPORT SCIENCE [M]</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Develop the skills to improve the health, fitness and performance of individuals and teams through training, coaching and advice. Learn how to navigate the increasingly digitised exercise and sport industry through access to cutting-edge laboratories and technology, including wearable sensors, virtual reality and 3D analysis equipment. Gain real-world experience through industry-based entrepreneurial and research projects.</td>
<td>Career opportunities: Sport or exercise scientist; coach; or strength and conditioning specialist in elite or community sport, clinical settings or corporate wellbeing.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>HEALTH PROMOTION</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN HEALTH PROMOTION</td>
<td>3 years</td>
<td>Hawthorn</td>

<td>Learn about biology, physiology and psychophysiology, and neuroimaging. Understand how the human brain and nervous system work.</td>
<td>Career opportunities: Medical researcher, neuroscientist, hospital scientist, hospital technologist.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NUTRITION</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN NUTRITION</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Explore the fields of nutritional and food science in relation to contemporary issues in health science. Gain an understanding of food sources, metabolic functions of carbohydrates, proteins, vitamins and minerals along with the biological, psychological, cultural and social determinants of food choices in order to understand the role of nutrition in health across the lifespan.</td>
<td>Career opportunities: Nutritionist, healthcare consultant, wellness coordinator.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>PSYCHOLOGY AND FORENSIC SCIENCE</td>
<td>BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN PSYCHOLOGY AND FORENSIC SCIENCE</td>
<td>3 years</td>
<td>Hawthorn</td>
</tr>
<tr>
<td>Gain specialist knowledge about the application of psychology to aspects of the law, the justice system and forensic science as well as statistical skills relevant to forensic issues. Complete research projects, specialist units in research design and project units related to forensic psychology. The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.</td>
<td>Career opportunities: Psychologist (with further study), forensic psychologist, behavioural therapist, medical researcher, counsellor, youth worker.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**PREREQUISITE SUBJECTS**  
M Mathematics (any)
PSYCHOLOGY AND PSYCHOPHYSIOLOGY

BACHELOR OF HEALTH SCIENCE WITH A MAJOR IN PSYCHOLOGY AND PSYCHOPHYSIOLOGY

Gain a broad introduction to a range of relevant studies in psychology, including cognition, developmental psychology, social psychology, personality, design and measurement, psychological measurement and abnormal psychology. Learn about physiological processes relevant to the study of psychology and address neuroanatomy; neurophysiology; physiological responses to sleep, dreaming, memory and cognition; and brain disorders.

The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

Career opportunities: Psychologist (with further study), psychophysiologist, scientist, technologist.

* The Diploma of Health Science (UniLink) does not provide a pathway to the Bachelor of Health Science with a major in Psychology and Forensic Science or Psychology and Psychophysiology.
I knew I wanted to study psychology at Swinburne, and when I got in, I was over the moon. It’s the perfect degree for me because of the teaching style – it’s a little more hands-on and you get to learn for yourself rather than just sitting in a lecture hall all day. I wouldn’t change it for the world.

BONNIE
STUDYING HEALTH SCIENCES
INFORMATION TECHNOLOGY

Being tech savvy has never been more valuable.
Our Information Technology courses are designed to provide you with the foundational knowledge and industry skills needed to apply information technologies to a range of settings.
Go on to a career in information technology, health, transport, finance, media, manufacturing, energy and beyond.

PROFESSIONAL RECOGNITION
Our IT degrees are professionally accredited by the Australian Computer Society (ACS). The Bachelor of Engineering (Honours) with a major in software is professionally accredited by Engineers Australia.
Double degrees may provide opportunities for membership of leading industry organisations.

INDUSTRY PROJECTS AS PART OF STUDY

“Many universities offer academic knowledge, but not all of them prepare you to be an ICT professional, like Swinburne,” says Cindy.

Last semester, in her IT Project class, she took on a brief from a real-world client. In the roles of project leader and database designer, she collaborated with a team of students from other faculties to deliver a solution. Apart from sharpening her programming skills, she says that she has also learnt so much about team dynamics and leadership.

Cindy
Bachelor of Information and Communication Technology
Open your world to the rigorous and intellectually challenging legal profession with our law courses. You can integrate a Graduate Diploma in Legal Practice from the Leo Cussen Centre for Law with your bachelor degree. This takes months off your study and means you qualify for admission to legal practice on the day you graduate – we’re the only university in Melbourne to offer this.

To futureproof your career, we emphasise innovation, technology and intellectual property in our courses. Want to really stand out from the crowd? Consider our range of double degrees.

**PROFESSIONAL RECOGNITION**

The Bachelor of Laws satisfies the academic requirements to qualify for admission to practice as a lawyer in the Victorian and Australian Federal legal systems as set by the Victorian Legal Admissions Board. The graduate diploma offered with the Leo Cussen Centre for Law complies with the Practical Legal Training Component of qualifying to become an Australian lawyer.

**OPPORTUNITIES IN AUSTRALIA AND BEYOND**

For Ama, the internship opportunities and unique list of electives made her choose Swinburne’s law school. She has also been awarded the Scanlon Swinburne Intercultural Fellowship, which enabled her to conduct research in Sri Lanka and Vietnam. That’s on top of study tours arranged by the law faculty to Indonesia and Myanmar, where she immersed herself in their politics, legal system and culture. She also regularly volunteers at the Asylum Seekers Resource Centre, which aligns with her goal of working in human rights law with NGOs, the United Nations or the Department of Foreign Affairs and Trade.

2020 UNDERGRADUATE GUIDE SWINBURNE
**COURSE** | **DURATION** | **WHERE** | **INTAKE**
---|---|---|---
BACHELOR OF CRIMINAL JUSTICE AND CRIMINOLOGY | 3 years | Hawthorn | Mar, Aug

**CRIMINAL JUSTICE**
Learn about local and global criminality, traditional approaches and responses to crime, and emerging trends and practices. Examine the international dimensions of criminal justice as well as the technological advances that impact the sector, including an emphasis on predicting the commission of crime, detecting and stopping criminal behaviour, and implementing effective and efficient criminal sanctions.
You’ll also get professional learning experience by completing a Capstone Project in your final year.
**Career opportunities:** Law enforcement officer, victim support worker, government policy writer, corrections officer.

**LAW PROFESSION**

BACHELOR OF LAWS | 4 years | Hawthorn | Mar, Aug

Learn about commercial law with an emphasis on intellectual property law. The only bachelor degree in Victoria with this distinct specialisation, explore trademarks, patents and designs, copyright, the prohibition of misleading or deceptive conduct, and competition law. Learn how to protect the rights of those who innovate or create.
You’ll undertake three professional placements of 20 days each to experience different types of professional legal settings before you graduate.
Professional accreditation from the Victorian Legal Admissions Board. This course satisfies the academic requirements for admission to practise as a lawyer in the Victorian and Australian federal legal systems. Non-academic requirements must also be satisfied for admission to practice.
**Career opportunities:** Solicitor, lawyer, legal adviser.

**DOUBLE DEGREE OPTIONS**

BACHELOR OF LAWS/BACHELOR OF ARTS | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF AVIATION MANAGEMENT [M] | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF BUSINESS | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF BUSINESS INFORMATION SYSTEMS | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF COMPUTER SCIENCE [M] | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF ENGINEERING (HONOURS) [AM] | 6.5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF INNOVATION AND DESIGN | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF MEDIA AND COMMUNICATION | 5 years | Hawthorn | Mar, Aug
BACHELOR OF LAWS/BACHELOR OF SCIENCE [M] | 5 years | Hawthorn | Mar, Aug
BACHELOR OF PSYCHOLOGICAL SCIENCES / BACHELOR OF CRIMINAL JUSTICE AND CRIMINOLOGY | 4 years | Hawthorn | Mar, Aug

**PREREQUISITE SUBJECTS**  
M Mathematics (any)
One minute I could be writing a story on a student and the next I’ll be out shooting photos for an event. A lot of my friends doing placement or grad roles honestly get jealous about the amount of different things I get to do. You begin to understand how your work is actually being used to represent a brand or organisation, as opposed to just handing work in to get a grade.

JAMIE
MAJORED IN ADVERTISING
WORKING IN SWINBURNE’S MARKETING INTEGRATION TEAM
The digital age has rapidly transformed the way we communicate, making it an exciting time to begin a media career.

Our media and communication courses will take you on an exploration of social media, news, advertising, and the evolution of media, examining the power of words and images and how they shape the way we think.

Combining theory with hands-on experience, you’ll open doors to a career in advertising, journalism, art direction, digital media, production and more.

PROFESSIONAL RECOGNITION

Our media and communication courses provide many opportunities to connect through leading industry organisations. Our advertising major is professionally accredited by the Media Federation of Australia.

Our public relations major is professionally accredited by the Public Relations Institute of Australia and graduates may be eligible for membership.

Graduates of the digital advertising technology major may be eligible for membership of the Australian Interactive Media Industry Association.

Graduates of the journalism major may be eligible to apply for membership of the Media, Entertainment and Arts Alliance.

Double degrees may provide additional opportunities for membership.

**PREREQUISITE SUBJECTS** ADM Any art, design or media subject
The demands on nurses are changing. In our innovative nursing courses, including our Bachelor of Nursing, you'll learn how to approach problems, have patient-centred focus, be resilient and develop the skills to adapt to new technologies.

Learn in our cutting-edge facilities that mimic hospital settings, then put your skills into practice working alongside a registered nurse during your required placements.

**Modern Teaching**
Learn through a mix of online and face-to-face lectures and tutorials, clinical lab work, small class sizes and elective projects.

**Hands-on**
In our Bachelor of Nursing you'll complete 800 hours of clinical placement.

**Cutting-edge Facilities**
Our new state-of-the-art nursing facilities will ensure you're getting practical training and working with the latest technology and equipment right from the start of your study.

Gain hands-on experience in our purpose-built nursing labs, and put what you've learnt to the test in our Simulation Ward.

Here, you'll work with high-tech mannequins that simulate various physiological symptoms in a hospital-style environment, and watch others in action from the Observation Deck. It's all designed to prepare you to feel confident in administering patient care in a range of health settings on placement and beyond.

---

**Course:** Nursing

**Bachelor of Nursing**
Undertake hands-on laboratory work and training in our new and redeveloped state-of-the-art clinical laboratories. Complete clinical work placements in a range of health settings, including acute hospital, aged-care, day surgery or mental health environments in metropolitan or regional areas.

This degree has been accredited by the Australian Nursing and Midwifery Accreditation Council and is listed as an approved program of study on the Australian Health Practitioner Regulation Agency (APHRA) website.

Students are required to have a valid police check and working with children check.

**Career opportunities:** Registered nurse.

**M** Mathematics (any)
STUDENT CARDIAC PHYSIOLOGIST AT THE ROYAL MELBOURNE HOSPITAL

As part of her course, Julie spent 12 months as a cardiac physiologist at the Royal Melbourne Hospital, where she performed ECGs and clinical tests on patients and practised the communication skills so important for medical practitioners.

She was also a mentor to high school students as part of the In2Science program, on top of being a Swinburne Student Ambassador.

JULIE

BACHELOR OF SCIENCE
Let your curiosity lead you to new discoveries. In our science courses you’ll focus on practical learning as well as research thanks to our state-of-the-art laboratories and extensive connections with national and international industries and researchers. The scientific mindset can be applied to many fields, equipping you with the problem-solving skills required to make real change in a range of professions.

**PROFESSIONAL RECOGNITION**

Our science courses are recognised by leading industry organisations. The Australian Institute of Physics (AIP) has accredited the below courses and its related major and minor combinations:

- Bachelor of Science with a major in Physics and a Mathematics minor
- Any double degree with a major in Physics and a Mathematics minor

Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including:

- AusBiotech
- Australian and New Zealand Industrial and Applied Mathematics
- Australian Mathematical Society
- Australian Society for Biochemistry and Molecular Biology (ASBMB)
- Australian Society for Microbiology (ASM)
- Australian Sustainable Built Environment Council (ASBEC)
- Environmental Health Australia
- Environmental Institute of Australia
- Genetics Society of AustralAsia (GSA)
- National Business Leaders Forum for Sustainable Development
- Professionals Australia
- Royal Australian Chemical Institute (RACI)
- Sustainability Practitioners Association (SPA)

Double degrees may provide additional opportunities for membership of leading industry organisations.

FOUNDATION YEAR

Swinburne Foundation Year is a pre-university program for international students. It is designed to help you make a smooth transition into university by developing your study and learning skills. At Swinburne, you can be confident of receiving the highest quality teaching in a nurturing and student-focused environment.

PATHWAY OPTIONS
Upon successfully completing Swinburne Foundation Year, you are guaranteed a place in your preferred degree at Swinburne as long as you meet the bachelor degree entry requirements and prerequisites.

If you don’t wish to transfer directly into a bachelor program, you can keep studying in a supportive environment through one of our UniLink Diploma programs, before entering the first or second year of a Swinburne bachelor degree.

Swinburne Foundation Year is available in:

- **Melbourne**
  - Arts and Social Sciences
  - Business
  - Design
  - Science/Engineering
  - Intakes: February, June, August, October
  - Duration: 8 or 12 months

- **Malaysia**
  - Business
  - Design
  - Science/Engineering
  - IT/Multimedia
  - Intakes: January, April, August, October
  - Duration: 12 months

- **Sri Lanka**
  - Business
  - Science/Engineering
  - Intakes: February, June, October
  - Duration: 8 months

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program. The four streams will offer you a wide range of pathways to bachelor degrees and UniLink Diplomas.

DID YOU KNOW?
If you have completed Australian Year 12 with good academic grades and English, you may be able to achieve advanced standing which may shorten the duration of the program.

PROGRESSION REQUIREMENT
Students completing Foundation Year must achieve a 65% average overall and a 70% average in Academic and Communication Skills A and B for entry to a bachelor degree.

On successful completion of all units of study in Foundation Year, students may progress to the UniLink Diploma program.

UNILINK DIPLOMA

UniLink Diplomas are accredited, award-level higher education qualifications that provide an alternative pathway to the first or second year of a range of bachelor degrees offered at Swinburne.

The course content is similar to the first year of a bachelor degree but the classroom environment is different. Classes are smaller and you will have more individual attention from your teachers to help you adjust to university. Your class will include local and international students, providing an enriching study experience.

PATHWAY OPTIONS

By successfully completing all units of study of a UniLink Diploma, you are guaranteed a place in the first or second year of a related Swinburne bachelor degree.

The stream that you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program.

UniLink Diplomas are available in:

- Melbourne
  - Arts and Communication
  - Business
  - Design
  - Engineering
  - Health Science
  - Information Technology
  - Science
- Sri Lanka
  - Business
  - Engineering
  - Health Science
  - Information Technology

Intakes
- February, June, October

NOTE
Students must achieve a 75% average in Teaching Period 1 of UniLink (8 months) for entry. Students exiting after one teaching period will not receive the UniLink Diploma qualification. Students must pass all units for entry.

</table>

DID YOU KNOW?

If you have completed a recognised Year 12 plus at least part of a recognised tertiary qualification, you may be able to achieve advanced standing which may shorten the duration of the program.

PROGRESSION REQUIREMENT

Students completing UniLink Diploma must pass all units of study for entry into a bachelor degree.

UNILINK DIPLOMA STRUCTURE

<table>
<thead>
<tr>
<th>UNILINK DIPLOMA (8 MONTHS)</th>
</tr>
</thead>
<tbody>
<tr>
<td>TEACHING PERIOD 1</td>
</tr>
<tr>
<td>TEACHING PERIOD 2</td>
</tr>
</tbody>
</table>

NOTE
Students must achieve a 75% average in Teaching Period 1 of UniLink (8 months) for entry. Students exiting after one teaching period will not receive the UniLink Diploma qualification. Students must pass all units for entry.
Diplomas and certificates focus on learning for work and aim to build the skills and technical expertise that make you employable. They offer independent learning with an emphasis on workplace and practical skills. There are more contact hours, smaller classes and more personal communication with your teachers.

Visit swinburne.edu.au/study/international/pathways

ACCOUNTING

Diploma of Accounting FNS50217
Certificate IV in Accounting and Bookkeeping FNS40217

Learn about accounting principles and applications. Gain practical accounting skills for work in financial services and other industries requiring accounting support.

CHILDHOOD EDUCATION

Diploma of Early Childhood Education and Care CHC50113
Certificate III in Early Childhood Education and Care CHC30113

Designed for those who are interested in working in the children's services sector or who are already working in the field and are responsible for planning, implementing and managing programs in early childhood services. In most states, this is the highest qualification required at director or service manager level for children’s service centre-based care.

ENGINEERING

Advanced Diploma of Electronics and Communications Engineering UEE60211

Learn about digital technology, gate array technologies and the application of microprocessor-controlled circuitry, communications and analogue electronics. Learn how to design, commission, test, evaluate and diagnose faults in advanced electronic systems and associated apparatus.

Advanced Diploma of Engineering Technology – Electrical UEE62111

Gain the necessary skills and knowledge to evaluate, design, update and implement industrial automation systems to a technical and pre-degree level.

SCIENCE

Diploma of Laboratory Technology MSL50118
Certificate IV in Laboratory Techniques MSL40118

Gain a scientific education with a strong emphasis on the development of practical skills for the biotechnology sector or forensic science and pathology testing industry.

ENGLISH LANGUAGE COURSES

Swinburne’s English language programs are so much more than classroom study. You’ll immerse yourself in the energy of our campus, meet people of all backgrounds and, naturally, practise speaking English.

WHY STUDY ENGLISH AT SWINBURNE?
As an English language student at Swinburne, you’ll enjoy the following benefits:

- learning at one of the top 75 universities in the Asia Pacific for student satisfaction¹
- excellent teachers – Swinburne is ranked the second highest in Melbourne for teaching quality²
- the ability to progress directly into other Swinburne programs
- personalised study experience and extensive student support
- free English testing
- a maximum of 18 students per class
- studying in one of the world’s most liveable cities

¹ Times Higher Education University World Rankings 2019
² GUG Ratings and Rankings 2019

WHEN CAN I START?
Don’t wait to start improving your English. We run classes every five weeks:

- 6 January 2020
- 17 February 2020
- 23 March 2020
- 4 May 2020
- 9 June 2020
- 20 July 2020
- 31 August 2020
- 12 October 2020
- 16 November 2020

GENERAL ENGLISH (LEVELS G1 TO G3)
Think of these as your English essentials. These fun and interactive classes are designed to maximise your independence and personal development. They’ll help you improve your overall English so you can speak with confidence and take on our higher level English programs.

ENGLISH FOR ACADEMIC PURPOSES (LEVELS EAP 3 TO EAP 5)
These courses are a step up from General English and will give you direct pathways into Swinburne’s certificate, diploma, bachelor, master and even PhD courses. You’ll delve into the finer details of effective and persuasive communication to help prepare you for success in your studies and career.

These classes use scientifically-supported learning strategies and real-world case studies. You’ll learn how to critically analyse and respond to a range of current media, including TED talks. If you want to pursue further studies at Swinburne, you’ll need to complete EAP with a minimum IELTS score of 5.5.

ENTRY REQUIREMENTS
You need to have an entry level IELTS score of 4.5 to commence EAP studies.

HOW TO APPLY

Follow these steps carefully to ensure your application is processed properly.

1. CHECK YOUR START DATE
   Visit swinburne.edu.au/study/options/find/start-dates to check start dates for intakes. If you are an offshore international student, you should apply at least 3 months before your intake’s start date.

2. GATHER YOUR DOCUMENTS
   • Certified academic transcripts with grading system
   • English translations where applicable
   • Certified English proficiency test results
   • Referee reports (if applicable)
   • Portfolio (for design courses, if applicable)
   • Course or unit syllabus if you are applying for credit transfer or Recognition of Prior Learning
   • Copy of passport (photo page and relevant visa page).

3. COMPLETE YOUR APPLICATION
   Visit https://student-swinburne.studylink.com if you need help, please speak to your registered Swinburne representative in your home country

4. WAIT FOR YOUR OFFER
   We will assess your application. If you are successful, you will receive a letter of offer via email. The letter will indicate the:
   • course you’ve been offered
   • annual tuition fee
   • course commencement date
   • course duration
   • deposit you need to pay
   • fee for your visa-length overseas student health cover
   • conditions to the offer.
   Visit swinburne.edu.au/study/international/offer/ to find out how to accept your offer. Note: If you receive a conditional offer, you need to meet the condition(s) outlined in your offer letter.

Visit swinburne.edu.au/study/international/apply for detailed application instructions.
If you need help with your application, email our application adviser at international@swinburne.edu.au
You can also speak with a registered Swinburne representative in your home country.
Visit swinburne.edu.au/study/international/connect/representatives to search for a list of Swinburne representatives in your country.
APPLYING FOR CREDIT TRANSFER

What is credit transfer?
Credit transfer is exemption from certain course requirements in recognition for previous study. The term ‘credit’ is used interchangeably with ‘Recognition of Prior Learning’, ‘advanced standing’ and/or ‘status’ in Australian universities.

How to apply for credit transfer
You can apply for credit transfer by submitting a course or unit (subject) syllabus or other evidence of your skills with your application. You must also indicate on your application form that you are applying for credit transfer.

If you are applying for credit transfer for a design course you may need to submit a portfolio.

If your application for credit transfer is successful, your letter of offer will state the updated course duration and the amount of credit for which you have been assessed. If you do not apply for credit transfer when you submit your application, you can do so within the first week of commencing your course. Applications for credit transfer made after this time may not be approved.

APPLYING FOR YOUR STUDENT VISA
You will need to obtain an Overseas Student Confirmation of Enrolment (CoE) from Swinburne to complete your student visa application. Your CoE must accompany your application.
Visit homeaffairs.gov.au for more information.

OVERSEAS STUDENT HEALTH COVER
All student visa holders must have overseas student health cover (OSHC) for the duration of their study.
Swinburne will arrange your visa-length OSHC membership with our preferred provider, Medibank Private. The OSHC fee will be included with your deposit indicated in your letter of offer.

Visa-length OSHC membership is a once-only payment that provides rate protection for the duration of the visa. This means that even if OSHC fees increase during the duration of your visa, you do not have to pay any increase.

If you need to extend your OSHC (for example, if you fail some units and need to extend your stay in Australia to complete your course), it is your responsibility to do this directly with the OSHC provider. Additional fees will be charged at time of renewal.

Exceptions apply to Norwegian students insured under the Norwegian National Insurance Scheme (NIS), Swedish students with health insurance provided by Kammarkollegiet, and Belgium students covered under the Reciprocal Health Care Agreement within Australia. Please include evidence with your application if you are covered under one of these programs.
Visit swinburne.edu.au/international/arrival/health-cover

STUDENTS UNDER 18
If you are under 18 years of age, your parents must nominate a guardian who lives in Australia before you can be considered for a student visa. Your guardian must be over 21 years old, related to you and of good character.

If you do not have an appropriate guardian with whom you may live in Australia, you will need to engage a Swinburne-approved care provider. This arrangement will include accommodation restrictions and places may be limited depending on the availability of suitable accommodation options.

STUDENTS WITH FAMILIES
If you plan to bring your family to Australia, check if any restrictions apply by contacting the Department of Home Affairs or the Australian diplomatic mission in your country. You will also need to hold OSHC membership for your family.
Visit swinburne.edu.au/study/international/plan-arrival/family

Children
If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools.

If you will be enrolled as a postgraduate research student at Swinburne, the Victorian Government may provide exemption from tuition fees in Victorian government primary and secondary schools for your children.
Visit education.vic.gov.au to find a complete list of Victorian primary and secondary schools. Information about fees, applications and enrolment for government, primary and secondary schools may be found online at study.vic.gov.au

Applications to non-government schools must be made directly to the school of your choice.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.

YOUR RIGHTS AND RESPONSIBILITIES
The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector’s involvement with overseas students studying in Australia on student visas.

Restrictions may apply if you wish to change your enrolment.
Visit swinburne.edu.au/current-students/manage-course/enrolment-timetable/time-off/international/ for more information about deferring, suspending or cancelling your enrolment.

Visit swinburne.edu.au/international/apply/after-you-apply/accept-offer to read Swinburne’s refund provisions, which are outlined in the offer acceptance form.
